for :	Information / Comments		
date :	26 - 05 - 2014		

**FOR THE ATTENTION OF THE TRADE POLICY COMMITTEE
(SERVICES & INVESTMENT)**

Subject: TTIP
1. Draft services/investment offer
2. US State level measures

Origin:

Objective: For comments by 13 June and 30 June 2014

1. Draft EU services/investment offer

In recent discussions between Commissioner De Gucht and US Trade Representative Froman it was agreed that the EU and US would exchange offers in services and investment between the the 5th and 6th TTIP negotiating rounds..

Member States will find attached the draft EU offer for comments. As far as services are concerned, the attached draft offer mirrors the offer submitted by the EU in TiSA negotiations in November 2013 both in terms of format and substance with two main exceptions:

- The draft TTIP offer does not contain any commitments on financial services. This reflects the view that there should be close parallelism in the negotiations on market access and regulatory aspects of financial services. Given the firm US opposition to include regulatory cooperation on financial services in TTIP, it is considered appropriate not to include any commitments on financial services in the EU's market access offer at this stage. This situation may change in the future if the US show willingness to engage solidly on regulatory cooperation in financial services in TTIP.
- For market access mode 1 and 2 the draft offer contains a mere reference to the EU's TiSA offer. This is along the lines of the usual US approach e.g. in the US-Korea FTA where a mere reference to US commitments in GATS is made.

There has also been an adaptation for the reservation on broadcasting transmission that better reflects the EU interests and current regulation in this area.

In a few cases, some minor technical corrections to individual Member States' reservations in the TiSA offer have been made following bilateral contacts with Member States since the tabling of the TiSA offer. Further technical corrections may follow from comments by Member States to the latest version of the draft EU schedule in CETA.

The offer covers establishment in non-services using the TiSA approach. In terms of substance, the offer is based on the EU-Korea FTA.

The explanatory note sets out a very careful approach that allows for the introduction of further changes. It should also be noted that both format and substance of future offers may change in light of the result of discussions with the US during the forthcoming negotiating rounds.

For ease of comparison, Member States will receive a version of the offer with tracked changes indicating the modifications made as compared to the EU's TiSA offer.

Member States are asked to provide their comments on the draft offer by **13 June 2014**.

2. US State level measures

In the context of forthcoming discussions with the US on the respective services and investment offers, the issue of transparency of State level measures on the US side will be further discussed. In a consultation of the TPC SI in May 2013, Member States were asked to provide examples of market access or national treatment restrictions in the US at state level (m.d. 77/13). As mentioned in the TPC SI of 6 May the Commission would like to reiterate its request to Member States to provide relevant examples of State level measures. This would be extremely important information for the forthcoming discussions with the US on the respective offers. The Commission would be grateful to receive such additional examples by **30 June 2014**.

EUROPEAN UNION

TRADE IN SERVICES AND INVESTMENT SCHEDULE OF SPECIFIC COMMITMENTS AND RESERVATIONS

Explanatory note

1. The present document contains the initial offer of the European Union in the context of TTIP negotiations. It includes a Schedule of specific commitments and reservations.
2. The EU offer lists reservations to both market access and national treatment at EU, national and – where appropriate – subnational level in Member States. This offer is made in the expectation that the US will offer a significant level of transparency at the sub-federal level.
3. The EU considers that the ambition of the EU offer is closely linked to the progress of discussions on regulatory cooperation. Therefore, commitments on financial services will be included at a later stage.
4. Given the unprecedented depth in market access and regulatory matters in TTIP, the EU has decided to undertake a thorough examination of the interface between measures relevant to the functioning of the internal market and the EU's present and future international obligations. This review may lead to some modifications or clarifications of the commitments included in the EU offer.
5. The EU maintains that the right to submit to a review (e.g. an authorisation and/or notification procedure) the direct or indirect acquisition and/or control of a company or firm or the establishment of a new company or firm in their respective territories on national security grounds, under existing or future legislation, will be preserved through exceptions in the TTIP text and consequently does not require specific reservations in the offer.

6. The European Union reserves the right to modify or withdraw this Schedule, in whole or in part at any time prior to the conclusion of the negotiations. The European Union further reserves the right to make technical changes to this Schedule and to correct any errors, omissions or inaccuracies.
7. With regard to the format, the enclosed Schedule is based on TISA. It has been set out according to the core provisions adopted by TISA participants at the occasion of the September 2013 round. References to the relevant articles of TISA are therefore included in this schedule for the purpose of clarification.
8. Subject to the outcome of discussions on Most Favoured Nation Treatment, Performance Requirements, and Senior Management and Board of Directors, relevant reservations can be listed subsequently.

EUROPEAN UNION
SCHEDULE OF SPECIFIC COMMITMENTS AND RESERVATIONS

1. The specific commitments in this schedule apply only to the territories in which the Treaties establishing the European Union (EU) are applied and under the conditions laid down in these Treaties. These commitments apply only to the relations between the EU and its Member States on the one hand, and non-EU countries on the other. They do not affect the rights and obligations of Member States arising from EU law.
2. The rights and obligations arising from this Agreement, including the schedule of commitments, shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.
3. In identifying individual sectors and sub-sectors, CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC *Prox*, 1991.
4. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures when they do not constitute a market access or a national treatment limitation. Those measures (e.g. need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, and non-discriminatory requirement that certain activities may not be carried out in environmental protected zones or areas of particular historic and artistic interest), even if not listed, apply in any case to services and services suppliers of other Parties.
5. Specific commitments for Market Access in Mode 1 (Cross-border supply) and Mode 2 (Consumption abroad) as specified in the EU's TISA offer of November 2013 (and subsequent revisions thereof) are included by reference into this schedule.
6. The EU takes commitments with respect to market access commitments as set out in Articles [] differentiated by its Member States, where applicable. The EU reserves the right to maintain or adopt any measure with respect to national treatment commitments as set out in Articles [], differentiated by its Member States, where applicable. The following abbreviations are used in the list below:

AT	Austria	HU	Hungary
BE	Belgium	IE	Ireland

		<p>must be domiciled in Austria.</p> <p>3) In BG, the establishment of foreign service suppliers, joint ventures included, may only take the form of limited liability company or joint stock company with at least two shareholders. Establishment of branches is subject to authorization. Representative offices are to be registered with Bulgarian Chamber of Commerce and Industry and may not engage in economic activity.</p> <p>3) In FI, at least half of the ordinary and deputy members of the Board of Directors have to be resident in the EEA. The Managing Director of a limited company has to be resident in the EEA. Company exemptions may, however, be granted. These limitations do not apply to telecommunications services. At least one of the partners in a general partnership or of general partners in a limited partnership needs to have residency in the EEA or, if the partner is a juridical person, be domiciled (no branches allowed) in the EEA. Exemptions may be granted by the registration authority. A permission to act as a founder of a limited company is required for a foreign organization or a natural person who is not a citizen of the EU. If a foreign organization from a country outside the EEA intends to carry on a business or trade by establishing a branch in Finland, a trade permit is required.</p> <p>3) In PL, the scope of operations of a representative office may only encompass advertising and promotion of the foreign parent company represented by the office. For all sectors except legal services and services provided by healthcare units, non-EU investors may undertake and conduct economic activity only in the form of a limited partnership, limited joint-stock partnership, limited liability company, and joint-stock company, while domestic companies have access also to the forms of non-commercial partnership companies (general partnership</p>

ALL SECTORS INCLUDED IN PART II OF THIS SCHEDULE	<p>3) EU: Services considered as public utilities at a national or local level may be subject to public monopolies or to exclusive rights granted to private operators.^{13 14}</p> <p>3) In IT, exclusive rights may be granted or maintained to newly privatized companies. Voting rights in newly privatized companies may be restricted in some cases. For a period of five years, the acquisition of large equity stakes of companies operating in the fields of defence, transport services, telecommunications and energy may be subject to the approval of the Ministry of Treasury.</p> <p>3) In SE, a foreign company, which has not established a legal entity in Sweden or is conducting its business through a commercial agent, shall conduct its commercial operations through a branch, registered in Sweden, with independent management and separate accounts. The managing director, and the vice-managing director if appointed, of the branch must reside in the EEA. A natural person not resident</p>	<p>not grant the right to practise in another Member State¹²</p>	

¹² In order for non-EU country nationals to obtain EU-wide recognition of their qualifications or to benefit from a specific recognition regime when practising in another EU Member State, a mutual recognition agreement, negotiated within the framework defined in Article (), is necessary.

¹³ Public utilities exist in sectors such as related scientific and technical consulting services, R&D services on social sciences and humanities, technical testing and analysis services, environmental services, health services, transport services and services auxiliary to all modes of transport. Exclusive rights on such services are often granted to private operators, for instance operators with concessions from public authorities, subject to specific service obligations. Given that public utilities often also exist at the sub-central level, detailed and exhaustive sector-specific listing is not practical.

¹⁴ This limitation does not apply to telecommunications services and to computer and related services.

For legal mediation services, permanent residence is required.</p>	

29

It includes legal advisory services, legal representational services, legal arbitration and conciliation/mediation services, and legal documentation and certification services. Provision of legal services is only authorised in respect of public international law, EU law and the law of any jurisdiction where the service supplier or its personnel is qualified to practice as a lawyer, and, like the provision of other services, is subject to licensing requirements and procedures applicable in the Member States of the European Union. For lawyers providing legal services in respect of public international law and foreign law, these licensing requirements and procedures may take, *inter alia*, the form of compliance with local codes of ethics, use of home title (unless recognition with the host title has been obtained), insurance requirements, simple registration with the host country Bar or a simplified admission to the host country Bar through an aptitude test and a legal or professional domicile in the host country. Legal services in respect of EU law shall in principle be carried out by or through a fully qualified lawyer admitted to the Bar in a Member State of the European Union acting personally, and legal services in respect of the law of a Member State of the European Union shall in principle be carried out by or through a fully qualified lawyer admitted to the Bar in that Member State acting personally. Full admission to the Bar in the relevant Member State of the European Union might therefore be necessary for representation before courts and other competent authorities in the EU Party since it involves practice of EU and national procedural law. However, in some Member States, foreign lawyers not fully admitted to the Bar are allowed to represent in civil proceedings a party being a national of or belonging to the State in which the lawyer is entitled to practice.
