ECONOMIC PARTNERSHIP AGREEMENT
BETWEEN THE EUROPEAN UNION
AND ITS MEMBER STATES, OF THE ONE PART,
AND THE SADC EPA STATES, OF THE OTHER PART

#### **PREAMBLE**

THE KINGDOM OF BELGIUM,

THE REPUBLIC OF BULGARIA,

THE REPUBLIC OF CROATIA,

THE CZECH REPUBLIC,

THE KINGDOM OF DENMARK,

THE FEDERAL REPUBLIC OF GERMANY,

THE REPUBLIC OF ESTONIA,

IRELAND,

THE HELLENIC REPUBLIC,

THE KINGDOM OF SPAIN,

THE FRENCH REPUBLIC,

THE ITALIAN REPUBLIC,

THE REPUBLIC OF CYPRUS,

THE REPUBLIC OF LATVIA,

THE REPUBLIC OF LITHUANIA,

THE GRAND DUCHY OF LUXEMBOURG,

HUNGARY,

THE REPUBLIC OF MALTA,

THE KINGDOM OF THE NETHERLANDS,

THE REPUBLIC OF AUSTRIA,

THE REPUBLIC OF POLAND,

THE PORTUGUESE REPUBLIC,

ROMANIA,

THE REPUBLIC OF SLOVENIA,

THE SLOVAK REPUBLIC,

THE REPUBLIC OF FINLAND,

THE KINGDOM OF SWEDEN,

THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND,

Contracting Parties to the Treaty on European Union and the Treaty on the functioning of the European Union, hereinafter referred to as the "Member States of the European Union"

and

THE EUROPEAN UNION,

of the one part, and

THE REPUBLIC OF BOTSWANA,

THE KINGDOM OF LESOTHO,

THE REPUBLIC OF MOZAMBIQUE,

THE REPUBLIC OF NAMIBIA,

THE REPUBLIC OF SOUTH AFRICA, and

THE KINGDOM OF SWAZILAND

hereinafter referred to as the "Southern African Development Community Economic Partnership Agreement States ("the SADC EPA States"),

of the other part,

**CONSIDERING** the Parties' wish to further strengthen their trade links and establish close and lasting relations based on partnership and cooperation;

**CONVINCED** that this Agreement will further deepen and encourage economic and trade relations between the Parties;

**DESIRING** to create new employment opportunities, attract investment and improve living standards in the territories of the Parties while promoting sustainable development;

**RECOGNISING** the importance of development finance cooperation for the implementation of this Agreement;

**RECOGNISING** the efforts by the SADC EPA States to ensure economic and social development for their peoples in the context of deepening regional integration in the Southern African Development Community region ("SADC region");

**CONFIRMING** the Parties' commitment to promote regional cooperation and economic integration, and to encourage the liberalisation of trade in the SADC region;

**RECOGNISING** the special needs and interests of the SADC EPA States and the need to address their diverse levels of economic development, geographic and socioeconomic concerns;

**RECOGNISING** the special circumstances of Botswana, Lesotho, Namibia and Swaziland ("BLNS States") in this Agreement and the need to take into account the effects on them of trade liberalisation under the Trade, Development and Cooperation Agreement between South Africa and the European Community and its Member States, signed on 11 October 1999 ("TDCA");

**RECOGNISING** the special circumstances and needs of the Least Developed Countries ("LDCs") of the SADC EPA States through the use of special and differential treatment and asymmetry;

**RECOGNISING** the special circumstances of Lesotho as the only LDC in SACU and that the impact of the reduction of the tariff revenue as a result of the TDCA and this Agreement necessitates priority in aid for trade;

**RECOGNISING** the special circumstances of those SADC EPA States emerging from long-term armed conflict, necessitating special and differential treatment and asymmetry;

**TAKING ACCOUNT** of the Parties' rights and obligations in terms of their membership of the World Trade Organisation ("WTO"), and reaffirming the importance of the multilateral trading system;

**RECALLING** the importance attached by the Parties to the principles and rules governing the multilateral trading system and to the need to apply them in a transparent and non-discriminatory manner;

**BEARING IN MIND** the Partnership Agreement between the Members of the African, Caribbean and Pacific ("ACP") Group of States of the one part, and the European Community ("EC") and its Member States of the other part, signed on 23 June 2000 and revised on 25 June 2005 ("Cotonou Agreement");

**CONFIRMING** the Parties' commitment to and support for economic development in the SADC EPA States to attain the Millennium Development Goals ("MDGs");

#### **BEARING IN MIND** the TDCA;

**BEARING IN MIND** Parties' commitment to ensuring that their mutual arrangements support the process of regional integration under the Treaty of the Southern African Development Community, signed on 17 August 1992, as amended ("SADC Treaty");

**RECOGNISING** the particular case of the Southern African Customs Union ("SACU") established under the Southern African Customs Union Agreement, 2002, between the Governments of the Republic of Botswana, the Kingdom of Lesotho, the Republic of Namibia, the Republic of South Africa and the Kingdom of Swaziland, signed on 21 October 2002 ("SACU Agreement");

**CONFIRMING** the Parties' support and encouragement for the process of trade liberalisation;

**EMPHASISING** the importance of agriculture and sustainable development in poverty alleviation in the SADC EPA States;

**HAVE AGREED** to conclude this Agreement:

#### **PART I**

#### SUSTAINABLE DEVELOPMENT AND OTHER AREAS OF COOPERATION

## **CHAPTER I**GENERAL PROVISIONS

#### ARTICLE 1

Objectives

The objectives of this Agreement are:

- (a) contributing to the reduction and eradication of poverty through the establishment of a trade partnership consistent with the objective of sustainable development, the MDGs and the Cotonou Agreement;
- (b) promoting regional integration, economic cooperation and good governance to establish and implement an effective, predictable and transparent regional regulatory framework for trade and investment between the Parties and among the SADC EPA States;
- (c) promoting the gradual integration of the SADC EPA States into the world economy in conformity with their political choices and development priorities;
- (d) improving the SADC EPA States' capacity in trade policy and trade-related issues;
- (e) supporting the conditions for increasing investment and private sector initiatives and enhancing supply capacity, competitiveness and economic growth in the SADC EPA States; and
- (f) strengthening the existing relations between the Parties on the basis of solidarity and mutual interest. To this end, consistent with WTO obligations, this Agreement shall enhance commercial and economic relations, consolidate the implementation of the Protocol on Trade in the Southern African Development Community (SADC) Region, signed on 24 August 1996 ("SADC Protocol on Trade") and the SACU Agreement, support a new trading dynamic between the Parties by means of the progressive, asymmetrical liberalisation of trade between them and reinforce, broaden and deepen cooperation in all areas relevant to trade.

## **ARTICLE 2**

#### **Principles**

1. This Agreement is based on the Fundamental Principles, as well as the Essential and Fundamental Elements, as set out in Articles 2 and 9, respectively, of the Cotonou Agreement. This Agreement shall build on the achievements of the Cotonou Agreement, the TDCA and the previous ACP-EC agreements in regional cooperation and integration, as well as economic and trade cooperation.

- 2. This Agreement shall be implemented in a complementary and mutually reinforcing manner with respect to the Cotonou Agreement and the TDCA, subject to Articles 110 and 111.
- 3. The Parties agree to cooperate to implement this Agreement in a manner that is consistent with the development policies and regional integration programmes in which the SADC EPA States are or may be involved.
- 4. The Parties agree to cooperate to fulfil their commitments and obligations and to facilitate the capacity of the SADC EPA States to implement this Agreement.

## Regional integration

- 1. The Parties recognise that regional integration is an integral element of their partnership and a powerful instrument to achieve the objectives of this Agreement.
- 2. The Parties reaffirm the importance of regional and sub-regional integration among the SADC EPA States to achieve greater economic opportunities, enhanced political stability and to foster the effective integration of developing countries into the world economy.
- 3. The Parties support, in particular, the integration processes based on the SACU Agreement, the SADC Treaty, and the Constitutive Act of the African Union adopted on 11 July 2000, as well as the development policies and political objectives related to such processes. The Parties aim at implementing this Agreement in a mutually supportive manner with those instruments, taking into account the respective levels of development, needs, geographical realities and sustainable development strategies.

## **ARTICLE 4**

## Monitoring

- 1. The Parties undertake to continuously monitor the operation and impact of this Agreement through appropriate mechanisms and timing within their respective participative processes and institutions, as well as those set up under this Agreement, in order to ensure that the objectives of this Agreement are realised, that it is properly implemented and that the benefits for their people deriving from it, in particular the most vulnerable groups, are maximised.
- 2. The Parties undertake to consult each other promptly over any issue concerning the implementation of this Agreement.

## **ARTICLE 5**

## Cooperation in international fora

The Parties shall endeavour to cooperate in all international fora where issues relevant to this Agreement are discussed.

#### **CHAPTER II**

## TRADE AND SUSTAINABLE DEVELOPMENT

#### **ARTICLE 6**

## Context and objectives

- 1. The Parties recall the Agenda 21 on Environment and Development of 1992, the ILO Declaration on Fundamental Principles and Rights at Work of 1998, the Johannesburg Plan of Implementation on Sustainable Development of 2002, the Ministerial Declaration of the UN Economic and Social Council on Full Employment and Decent Work of 2006, the ILO Declaration on Social Justice for a Fair Globalisation of 2008 and the UN Conference on Sustainable Development of 2012 entitled "The Future We Want".
- 2. The Parties reaffirm their commitments to promote the development of international trade in such a way as to contribute to the objective of sustainable development, in its three pillars (economic development, social development, and environmental protection) for the welfare of present and future generations, and will strive to ensure that this objective is integrated and reflected at every level of their trade relationship.
- 3. The provisions of this Chapter shall not be subject to the provisions of PART III, with the exception of Article 7.

## **ARTICLE 7**

## Sustainable development

- 1. The Parties reaffirm that the objective of sustainable development is to be applied and integrated at every level of their economic partnership, in fulfilment of the overriding commitments set out in Articles 1, 2 and 9 of the Cotonou Agreement, and especially the general commitment to reducing and eventually eradicating poverty in a way that is consistent with the objectives of sustainable development.
- 2. The Parties understand this objective to apply in the case of this Agreement as a commitment that:
  - (a) the application of this Agreement shall fully take into account the human, cultural, economic, social, health and environmental best interests of their respective populations and of future generations; and
  - (b) the decision-making methods embrace the fundamental principles of ownership, participation and dialogue.
- 3. As a result, the Parties agree to work cooperatively towards the realisation of people-centred sustainable development.

## Multilateral environmental and labour standards and agreements

- 1. The Parties recognise the value of international environmental governance and agreements as a response of the international community to global or regional environmental problems as well as decent work for all as a key element of sustainable development for all countries and as a priority objective of international co-operation.
- 2. Taking into account the Cotonou Agreement, and in particular its Articles 49 and 50, the Parties, in the context of this Article, reaffirm their rights and their commitment to implement their obligations in respect of the Multilateral Environmental Agreements ("MEAs") and the International Labour Organisation ("ILO") conventions that they have ratified respectively.

#### **ARTICLE 9**

## Right to regulate and levels of protection

- 1. The Parties recognise the right of each Party to establish its own levels of domestic environmental and labour protection, and to adopt or modify accordingly its relevant laws and policies, consistently with internationally recognised standards and agreements to which they are a party.
- 2. The Parties reaffirm the importance of protection as afforded in domestic labour and environmental laws.
- 3. Recognising that it is inappropriate to encourage trade or investment by weakening or reducing domestic levels of labour and environmental protection, a Party shall not derogate from, or persistently fail to effectively enforce, its environmental and labour laws to this end.

#### **ARTICLE 10**

## Trade and investment favouring sustainable development

- 1. The Parties reconfirm their commitment to enhance the contribution of trade and investment to the goal of sustainable development in its economic, social and environmental dimensions.
- 2. A Party may request, through the Trade and Development Committee, consultations with the other Party regarding any matter arising under this Chapter.
- 3. Dialogue and cooperation on this Chapter by the Parties, through the Trade and Development Committee, may involve other relevant authorities and stakeholders.

#### **ARTICLE 11**

Working together on trade and sustainable development

- 1. The Parties recognise the importance of working together on trade related aspects of environmental and labour policies in order to achieve the objectives of this Agreement.
- 2. The Parties may exchange information and share experience on their actions to promote coherence and mutual supportiveness between trade, social and environmental objectives, and shall strengthen dialogue and cooperation on sustainable development issues that may arise in the context of trade relations.
- 3. In respect of paragraphs 1 and 2, the Parties may cooperate, *inter alia*, in the following areas:
  - (a) the trade aspects of labour or environmental policies in international fora, such as the ILO Decent Work Agenda and MEAs;
  - (b) the impact of this Agreement on sustainable development;
  - (c) corporate social responsibility and accountability;
  - (d) trade aspects of mutual interest to promote the conservation and sustainable use of biological diversity;
  - (e) trade aspects of sustainable forest management; and
  - (f) trade aspects of sustainable fishing practices.

#### **CHAPTER III**

#### AREAS OF COOPERATION

#### **ARTICLE 12**

## Development cooperation

- 1. The Parties commit to cooperating in order to implement this Agreement and to support the SADC EPA States' trade and development strategies within the overall SADC regional integration process. The cooperation may take financial and non-financial forms.
- The Parties recognise that development cooperation is a crucial element of their Partnership and an essential factor for the realization of the objectives of this Agreement as laid down in Article 1. Development finance cooperation for regional economic cooperation and integration, as provided for in the Cotonou Agreement, shall be carried out so as to support and promote the efforts of the SADC EPA States to achieve the objectives and to maximise the expected benefits of this Agreement. Areas of cooperation and technical assistance are set out in this Agreement, as appropriate. Cooperation shall be implemented according to the modalities provided for in this Article. Such modalities shall be kept under ongoing review and shall be revised as necessary according to the provisions of Article 116.
- 3. The EU financing pertaining to development co-operation between the SADC EPA States and the EU supporting the implementation of this Agreement shall be carried out within the framework of the rules and relevant procedures provided for by the Cotonou Agreement, in particular the programming procedures of the European Development Fund, and within the framework of the relevant instruments financed by the General Budget of the EU. In this context, supporting the implementation of this Agreement shall be a priority.
- 4. The Member States of the European Union collectively undertake to support, by means of their respective development policies and instruments, development cooperation activities for regional economic cooperation and integration and for the implementation of this Agreement in the SADC EPA States and at the regional level, in conformity with the principles of complementarity and aid effectiveness such as those contained in the Paris Declaration on Aid Effectiveness of 2005 and the Accra Agenda for Action of 2008.
- 5. The Parties recognise that adequate resources will be required for the implementation of this Agreement and the fullest realisation of its benefits. In this respect, the Parties shall cooperate to enable the SADC EPA States to access other financial instruments as well as facilitate other donors willing to further support the efforts of the SADC EPA States in achieving the objectives of this Agreement.
- 6. The Parties agree that a regional development financing mechanism such as an EPA fund would provide a useful instrument for efficiently channelling development financial resources and for implementing EPA accompanying measures. The EU agrees to support the efforts of the region to set up such a mechanism. The EU will contribute to the fund following a satisfactory audit.

## Cooperation priorities

- 1. For the purpose of implementing this Agreement and taking into account the development policies of the SADC EPA States, the Parties agree that the areas listed in this Article and in Article 14 are priority areas for trade and economic cooperation.
- 2. Cooperation in trade in goods shall aim at enhancing trade in goods and the SADC EPA States capacity to trade, including by phasing out tariffs and customs duties in line with liberalisation commitments in this Agreement, by properly implementing rules of origin, trade defence instruments, non-tariff measures, sanitary and phytosanitary ("SPS") standards, and technical barriers to trade ("TBT"), by addressing non-tariff measures and by promoting customs cooperation and trade facilitation.
- 3. Cooperation in supply-side competitiveness shall aim at increasing the competitiveness of the SADC EPA States and remove supply side constraints at national, institutional and, in particular, at company level. This cooperation includes, amongst others, fields such as production, technology development and innovation, marketing, financing, distribution, transport, diversification of economic base, as well as development of the private sector, improvement of the trade and business environment and support to small and medium enterprises in the fields of agriculture, fisheries, industry and services.
- 4. Cooperation in business enhancing infrastructure shall aim at developing a competitive business enhancing environment in areas such as information and communication technology, transport and energy.
- 5. The Parties agree to cooperate to develop and enhance trade in services as provided for in Article 73.
- 6. The Parties agree to cooperate to develop and enhance trade-related issues as provided for in Articles 8 to 11, 16 to 19, 73 and 74.
- 7. Cooperation in trade data shall aim at improving the capacity of the SADC EPA States in the area of trade data capture, analysis and dissemination.
- 8. Cooperation for EPA institutional capacity building shall aim at supporting institutional structures for EPA implementation management, capacity building for trade negotiations and for trade policy in cooperation with the relevant institutional mechanisms established under the SADC Treaty and SACU Agreement or in the respective SADC EPA States.

#### **ARTICLE 14**

## Cooperation on fiscal adjustment

1. The Parties recognise that the phasing out or reduction of customs duties laid down in this Agreement may affect the fiscal revenues of the SADC EPA States and agree to cooperate on this matter.

- 2. The Parties agree to cooperate in accordance with Article 12, in particular:
  - (a) on support to fiscal reforms; and
  - (b) on support measures complementary to fiscal reforms for the mitigation of the net fiscal impact of this Agreement to be determined in accordance with a jointly agreed mechanism.
- 3. The Parties recognise that the impact of tariff reduction will particularly affect Lesotho's fiscal revenues and agree to pay particular attention to Lesotho's situation in the application of Article 12.

## Types of interventions

Development cooperation under this Agreement may include, but is not limited to, the following interventions related to this Agreement:

- (a) policy development;
- (b) legislation and regulatory framework development;
- (c) institutional/organisational development;
- (d) capacity building and training<sup>1</sup>;
- (e) technical advisory services;
- (f) administrative services;
- (g) support in SPS and TBT areas; and
- (h) operational support including equipment, materials and related works.

## **ARTICLE 16**

Cooperation on protection of intellectual property rights

1. The Parties reaffirm their commitments under Article 46 of the Cotonou Agreement and their rights, obligations and flexibilities as set out in the Agreement on Trade-related Aspects of Intellectual Property, contained in Annex IC to the Agreement establishing the World Trade Organisation ("TRIPS Agreement").

For the purpose of this Article, "capacity building" may include in particular training, institutional development, organisational development (structures and procedures), operational support and inter-institutional communication and cooperation procedures.

- 2. The Parties agree to grant and ensure adequate, effective and non-discriminatory protection of intellectual property rights ("IPRs"), and provide for measures for the enforcement of such rights against infringement thereof, in accordance with the provisions of the international agreements to which they are parties.
- 3. The Parties may cooperate in matters related to Geographical Indications ("GIs") in line with the provisions of Section 3 (Articles 22 to 24) of the TRIPS Agreement. The Parties recognise the importance of GIs and origin-linked products for sustainable agriculture and rural development.
- 4. The Parties agree that it is important to respond to reasonable requests to provide information and clarification to each other on GI and other IPR related matters. Without prejudice to the generality of such cooperation, the Parties may, by mutual agreement, involve international and regional organisations with expertise in the areas of GIs.
- 5. The Parties consider traditional knowledge as an important area and may cooperate on it in future.
- 6. The Parties may consider entering into negotiations on the protection of IPRs in future, and the SADC EPA States has as their ambition, and will endeavour, to negotiate as a collective. Should negotiations be launched, the EU will consider including provisions on cooperation and special and differential treatment.
- 7. If a Party that is not a party to a future agreement on protection of IPRs negotiated in accordance with paragraph 6 wishes to join, it may negotiate the terms of its entry to that agreement.
- 8. If any agreement emanating from negotiations envisaged in paragraphs 6 and 7 were to result in outcomes that prove to be incompatible with the future development of a SADC regional IPRs framework, Parties shall jointly endeavour to adjust this Agreement to bring it in line with that regional framework while ensuring a balance of benefits.

## Cooperation on public procurement

- 1. The Parties recognise the importance of transparent public procurement to promote economic development and industrialisation. The Parties agree on the importance of cooperation to enhance the mutual understanding of their respective public procurement systems. The Parties reaffirm their commitment to transparent and predictable public procurement systems in accordance with national laws.
- 2. The Parties recognise the importance of continuing to publish their laws, or otherwise make publicly available their laws, regulations and administrative rulings of general application and any modifications thereof, in an officially designated electronic or paper medium that is widely disseminated and remains readily accessible to the public. The Parties agree that it is important to respond to reasonable requests to provide information and clarification to each other on above-mentioned matters.

- 3. The Parties may consider entering into negotiations on public procurement in future, and the SADC EPA States have as their ambition, and will endeavour, to negotiate as a collective. Should negotiations be launched, the EU agrees to include provisions on cooperation and special and differential treatment.
- 4. If a Party that is not a party of a future agreement on public procurement wishes to join, it may negotiate the terms of its entry to that agreement.
- 5. If any agreement emanating from negotiations envisaged in paragraphs 3 and 4 were to result in outcomes that prove to be incompatible with the future development of a SADC regional public procurement framework, the Parties shall jointly endeavour to adjust this Agreement to bring it in line with the regional framework while ensuring a balance of benefits.

## Cooperation on competition

- 1. The Parties recognise that certain business practices, such as anti-competitive agreements or concerted practices and abuses of dominant positions, may restrict trade between the Parties and thereby undermine the fulfilment of the objectives of this Agreement.
- 2. The Parties agree to cooperate on competition matters in accordance with Article 13(6).
- 3. The Parties may consider entering into negotiations on competition in future, and the SADC EPA States have as their ambition, and will endeavour, to negotiate as a collective. Should negotiations be launched, the EU agrees to include provisions on cooperation and special and differential treatment.
- 4. If a Party that is not a party of a future agreement on competition wishes to join, it may negotiate the terms of its entry to that agreement.
- 5. If any agreement emanating from negotiations envisaged in paragraphs 3 and 4 were to result in outcomes that prove to be incompatible with the future development of a SADC regional competition framework, the Parties shall jointly endeavour to adjust this Agreement to bring it in line with the regional framework while ensuring a balance of benefits.

## **ARTICLE 19**

#### Cooperation on tax governance

The Parties recognise the importance of cooperation on the principles of good governance in the area of taxation through the relevant authorities.

#### **PART II**

#### TRADE AND TRADE-RELATED MATTERS

## **CHAPTER I**

TRADE IN GOODS

#### **ARTICLE 20**

Free trade area

- 1. This Agreement establishes a free trade area between the Parties, in conformity with the General Agreement on Tariffs and Trade ("GATT 1994"), and in particular Article XXIV thereof.
- 2. This Agreement shall respect the principle of asymmetry, commensurate to the specific needs and capacity constraints of the SADC EPA States, in terms of levels and timing for commitments under this Agreement.

#### **ARTICLE 21**

Scope

The provisions of this Chapter shall apply to trade in goods between the Parties. 1

## **ARTICLE 22**

Rules of origin

The tariff preferences provided for in this Agreement shall be applied to goods qualifying under the rules of origin laid down in Protocol 1.

## **ARTICLE 23**

**Customs** duty

- 1. A customs duty shall include any duty or charge of any kind imposed on or in connection with the importation of goods, including any form of surtax or surcharge, but shall not include any:
  - (a) internal taxes or other internal charges imposed in accordance with Article 40; or
  - (b) duties imposed in accordance with Chapter II of PART II; or
  - (c) fees or other charges imposed in accordance with Article 27.
- 2. For all products subject to liberalisation, no new customs duties shall be introduced, nor shall those already applied be increased in trade between the Parties as from the entry

Except where expressly provided, the terms 'goods' and 'product' shall have the same meaning.

into force of this Agreement, with the exception of:

- (a) paragraph 7;
- (b) paragraph 9;
- (c) paragraph 7 of Section A of PART 1 of ANNEX I; and
- (d) paragraph 8 of Section A of PART 1 of ANNEX II.
- 3. Except as otherwise provided for in this Agreement, for each product the basic duty to which the tariff reduction commitments set out in this Agreement apply, shall be the Most-Favoured-Nation ("MFN") rate of duty applied at the date of entry into force of this Agreement.
- 4. In cases where the process of tariff reduction does not start at the entry into force of this Agreement, the basic duty to which the tariff reduction commitments set out in this Agreement apply shall be either the rate of duty referred to in paragraph 3, or the MFN rate of duty applied on the starting date of the relevant tariff reduction schedule, whichever is the lower.
- 5. At the date of entry into force of this Agreement, the EU shall notify its list of basic duties, to which the tariff reduction commitments set out in this Agreement apply, to the SACU Secretariat and the Ministry of Industry and Trade of Mozambique. At the date of entry into force of this Agreement, SACU and Mozambique shall notify their respective lists of basic duties, to which the tariff reduction commitments set out in this Agreement apply, to the European Commission. After notification, as provided for in this paragraph, each party shall make public each of these lists according to their own internal procedures and within one month after the exchange of the notifications. The Trade and Development Committee shall, at its first meeting after notification and publication, adopt the lists of basic duties communicated by the Parties or SACU, as the case may be. The duties listed in the Schedule of the EU included in PART II of ANNEX I and in the Schedule of Mozambique included in PART II of ANNEX III serve an indicative purpose and do not constitute basic duties within the meaning of paragraph 3.
- 6. The reduced duties calculated in accordance with the tariff reduction schedules contained in this Agreement shall be applied rounded to the first decimal place or, in case of specific duties, to the second decimal place.
- 7. For those tariff preferences that are expressed as a percentage of the applied MFN rate of duty, if at any moment after the date of entry into force of this Agreement, a Party increases or reduces its applied MFN rate of duty, the rate of duty applied in relation to the other Party shall simultaneously be increased or reduced as long as the margin of preference in accordance with the Party's Schedule is maintained.
- 8. For those tariff preferences that are wholly expressed as a fixed rate of duty in this Agreement, if at any moment after the date of entry into force of this Agreement, a Party reduces its applied MFN rate of duty, that reduced rate of duty shall apply in relation to the other Party if and for as long as it is lower than the customs duty fixed rate

calculated in accordance with that Party's Schedule.

9. The provisions of this Article shall not apply to those products excluded from tariff reduction commitments that are denoted by staging category "X" in each Party's Schedule listed in ANNEX I, II and III respectively.

#### **ARTICLE 24**

Customs duties of the EU on products originating in the SADC EPA States

- 1. Products originating in Botswana, Lesotho, Mozambique, Namibia and Swaziland shall be imported into the EU in accordance with the duty-free quota-free treatment set out for those countries in ANNEX I.
- 2. Products originating in South Africa shall be imported into the EU in accordance with the treatment set out for South Africa in ANNEX I.

#### **ARTICLE 25**

Customs duties of the SADC EPA States on products originating in the EU

- 1. Products originating in the EU shall be imported into SACU in accordance with the treatment set out in ANNEX II.
- 2. Products originating in the EU shall be imported into Mozambique in accordance with the treatment set out in ANNEX III.

#### **ARTICLE 26**

## Export duties or taxes

- 1. No new customs duties or taxes imposed on or in connection with the exportation of goods shall be introduced, nor shall those already applied be increased, in the trade between the Parties from the date of entry into force of this Agreement, except as otherwise provided for in this Article.
- 2. In exceptional circumstances, where justified for specific revenue needs, or where necessary for the protection of infant industries or the environment, or where essential for the prevention or relief of critical general or local shortages of foodstuffs or other products essential to ensure food security, Botswana, Lesotho, Namibia, Mozambique and Swaziland may introduce, after consultation with the EU, temporary customs duties or taxes imposed on or in connection with the exportation of goods, on a limited number of additional products.
- 3. In exceptional circumstances, where the SADC EPA States can justify industrial development needs, those SADC EPA States may introduce temporary customs duties or taxes imposed on or in connection with the exportation of a limited number of products to the EU. A SADC EPA State wishing to introduce such temporary custom duties or taxes shall notify the EU of such a duty, providing all relevant information and motivation and

shall consult with the EU if the EU so requests. Such temporary duties or taxes shall only be applied on a total number of eight (8) products, as defined at an HS6 tariff line level, or in case of 'ores and concentrates' at an HS4 tariff line level, per SADC EPA State at any given time and shall not be applied for a period exceeding twelve (12) years in total. This period can be extended or reinstated for the same product in agreement with the EU.

- 4. The following conditions shall apply to paragraph 3 but not to paragraph 2:
  - (a) the SADC EPA State shall for the first six (6) years from the date of introduction of an export tax or duty exempt from the application of that tax or duty exports to the EU of an annual amount equal to the average volume of exports to the EU of such product over the three (3) years preceding the date of introduction of the tax or duty. The SADC EPA State shall from the seventh year following the introduction of the said tax or duty until its expiry pursuant to paragraph 3, exempt from the application of the duty or tax, exports to the EU on an annual amount equal to 50 per cent of the average volume of exports to the EU of such product over the three (3) years preceding the date of introduction of the tax or duty; and
  - (b) export duties or taxes shall not exceed 10 per cent of the ad valorem export value of the product.
- 5. Any more favourable treatment consisting in or in relation to customs duties or taxes applied by the SADC EPA States to exports of any product destined for a major trading economy shall, from the entry into force of this Agreement, be accorded to the like product destined for the territory of the EU. For the purpose of this Article, 'major trading economy' is defined under Article 28(6).
- 6. Whenever a SADC EPA State has reasonable doubts as to whether a consignment of a product to which export duties shall not apply by virtue of paragraphs 1, 3 and 4 has been re-exported from, or re-routed without reaching, the EU to one or more third countries, that SADC EPA State may raise this matter at the Trade and Development Committee.
- 7. The Trade and Development Committee shall examine the matter within ninety (90) days. After the examination, if the Trade and Development Committee takes no decision, the customs authorities of the concerned SADC EPA State may request the Trade and Development Committee to decide that the importer of the concerned product into the EU make a declaration that the imported product will be processed in the EU and will not be re-exported to third countries.
- 8. If, after a system using such declarations has been in operation for at least ninety (90) days, a SADC EPA State continues to have reasonable doubts as to whether a consignment of a product to which export duties shall not apply by virtue of paragraphs 1, 3 and 4 is re-exported from, or re-routed without reaching, the EU to one or more third countries, that SADC EPA State may inform the Trade and Development Committee of the grounds of its concerns.
- 9. Having followed these steps, should no solution be found within thirty (30) days, the concerned SADC EPA State may impose effective measures to prevent such

circumvention provided that these measures are the least trade-restrictive and exclude operators who have proven not to be involved in the process of circumvention. The retroactive reinstatement of export duties on the consignment that has been re-exported from the EU to one or more third countries may offer an alternate option.

10. The Parties agree to review the provisions of this Article in the Joint SADC EPA States – EU Council ("Joint Council") no later than three (3) years after the entry into force of this Agreement, taking fully into account their impact on development and diversification of the SADC EPA States' economies.

#### **ARTICLE 27**

## Fees and charges

- 1. All fees and charges of whatever character, other than import and export duties and other than taxes within the purview of Article 40, imposed on or in connection with importation or exportation, shall not exceed the cost of services rendered and shall not represent an indirect protection to domestic products or a taxation of imports or exports for fiscal purposes.
- 2. Without prejudice to Article 30, no Party shall impose substantial penalties for minor breaches of customs regulations or procedural requirements. In particular, no penalty in respect of any omission or mistake in customs documentation which is easily rectifiable and obviously made without fraudulent intent or gross negligence shall be greater than necessary to serve merely as a warning.
- 3. The provisions of this Article shall extend to fees and charges, imposed by governmental authorities in connection with importation and exportation, including those relating to:
  - (a) consular transactions, such as consular invoices and certificates;
  - (b) quantitative restrictions;
  - (c) licensing;
  - (d) exchange control;
  - (e) statistical services;
  - (f) documents, documentation and certification;
  - (g) analysis and inspection; and
  - (h) quarantine, sanitation and fumigation.
- 4. Fees and charges shall not be imposed for consular services.

## **ARTICLE 28**

## More favourable treatment resulting from free trade agreements

- 1. With respect to customs duties defined in Articles 23(1) and 26(1) and fees and other charges defined in Article 27, the EU shall extend to the SADC EPA States any more favourable treatment applicable as a result of the EU becoming party to a preferential trade agreement with third parties after the signature of this Agreement.
- 2. With respect to customs duties defined in Articles 23(1) and 26(1) and fees and other charges defined in Article 27, the SADC EPA States shall, upon request of the EU, extend to the EU any more favourable treatment applicable as a result of the SADC EPA States, individually or collectively as the case may be, becoming party to a preferential trade agreement with any major trading economy after the signature of this Agreement.
- 3. By derogation from paragraph 2, the SADC EPA States shall not extend to the EU the treatment applicable as a result of the SADC EPA States, individually or collectively as the case may be, becoming party to a preferential trade agreement with countries of the African, Caribbean and Pacific group or other African countries or regions.
- 4. By derogation from paragraph 2, where a SADC EPA State demonstrates that as a result of a preferential trade agreement it has entered into with a major trading economy, it receives substantially more favourable treatment overall than that offered by the EU, the Parties shall consult and jointly decide how best to implement the provisions of paragraph 2.
- 5. The provisions of this Article shall not be construed so as to oblige the EU or any SADC EPA State to extend reciprocally any preferential treatment applicable as a result of the EU or any SADC EPA State being party to a preferential trade agreement with third parties on the date of signature of this Agreement.
- 6. For the purposes of this Article, 'major trading economy' means any developed country, or any country accounting for a share of world merchandise exports above 1 per cent in the year before the entry into force of the agreement referred to in paragraph 2, or any group of countries acting individually, collectively or through an economic integration agreement accounting collectively for a share of world merchandise exports above 1.5 per cent in the year before the entry into force of the agreement referred to in paragraph 2.
- 7. By derogation from paragraph 1, where the EU becomes party to a preferential trade agreement with a third party after the signature of this Agreement and such a preferential trade agreement provides for more favourable treatment to the third party than that granted by the EU to South Africa pursuant to this Agreement, the EU and South Africa shall enter into consultations with a view to deciding whether and how to extend the more favourable treatment contained in the preferential trade agreement to South Africa. The Joint Council may adopt proposals to amend the provisions of this Agreement in accordance with Article 117.
- 8. By derogation from paragraph 2, where SACU or a SADC EPA LDC becomes party to a preferential trade agreement with a major trading economy and such a preferential trade agreement provides for more favourable treatment granted by SACU or the

concerned SADC EPA LDC to the major trading economy than to the EU pursuant to this Agreement, SACU or the respective SADC EPA LDC and the EU shall enter into consultations with a view to deciding whether and how to extend the more favourable treatment contained in the preferential trade agreement to the EU. The Joint Council may adopt proposals to amend the provisions of this Agreement in accordance with Article 117.

#### **ARTICLE 29**

#### Free circulation

- 1. Customs duties shall be levied only once for goods originating in the EU or in the SADC EPA States when imported into the territory of the EU or the SADC EPA States as the case may be.
- 2. Any duty paid upon importation in a SADC EPA State which is also a SACU Member State shall be refunded fully when the goods are re-exported from the customs territory of that SADC EPA State of first importation to a SADC EPA State which is not also a SACU Member State. Such products shall then be subject to the duty in the country of consumption. Pending agreement by the SADC EPA States on the procedures for this paragraph, the operation of this paragraph shall be in accordance with applicable customs legislation and procedures.
- 3. The Parties agree to cooperate with a view to facilitating the circulation of goods and simplifying customs procedures, within the SADC EPA States, in particular as foreseen in Article 13(2).

#### **ARTICLE 30**

## Special provisions on administrative cooperation

- 1. The Parties agree that administrative co-operation is essential for the implementation and the control of the preferential treatment granted under this Chapter and underline their commitment to combat irregularities and fraud in customs and related matters.
- 2. The Parties also agree to cooperate in ensuring that the necessary institutional structures enable the responsible authorities to effectively respond to requests for assistance in a timely manner.
- 3. For the purpose of this Article and without prejudice to Article 9 of Protocol 2, a failure to provide administrative co-operation shall mean, *inter alia*:
  - (a) repeated failure to respect the obligations to verify the originating status of the product or products concerned as provided for in Article 38 of Protocol 1;
  - (b) repeated refusal or undue delay in carrying out and/or communicating the results of subsequent verification of the proof of origin as provided for in Article 38 of Protocol 1;

- (c) repeated refusal or undue delay in obtaining authorisation to conduct administrative co-operation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question as provided for in Article 7 of Protocol 2.
- 4. For the purpose of this Article, a finding of irregularities or fraud may be made, *inter alia*, where there is a rapid increase, without legitimate explanation, in imports of goods exceeding the usual level of production and export capacity of the other Party that is linked to objective information concerning irregularities or fraud.
- 5. Where a Party has made a finding, on the basis of objective information, of a failure to provide administrative co-operation and/or of irregularities or fraud, the Party concerned may, in exceptional circumstances, temporarily suspend the relevant preferential treatment of the product or the products concerned, and of the specific origin concerned in accordance with this Article.
- 6. For the purposes of this Article, exceptional circumstances mean those circumstances which have or might have a significant negative effect on a Party if a relevant preferential treatment of the product or the products concerned is to be continued.
- 7. The application of a temporary suspension pursuant to paragraph 5 shall be subject to the following conditions:
  - a) the Party which has made a finding, on the basis of objective information, of a failure to provide administrative co-operation and/or of irregularities or fraud shall without undue delay notify the Trade and Development Committee of its finding together with the objective information and enter into consultations within the Trade and Development Committee, on the basis of all relevant information and objective findings, including information related to capacity and/or structural constraints, with a view to reaching a solution acceptable to both Parties;
  - b) where the Trade and Development Committee has examined the matter and has failed to agree on an acceptable solution within four (4) months from the receipt of the notification, the Party concerned may temporarily suspend the relevant preferential treatment of the product or products concerned, and of the specific origin concerned. A temporary suspension shall be notified to the Trade and Development Committee without undue delay. At the request of either Party, the period to agree on an acceptable solution may, where duly justified, be extended to five (5) months;
  - c) temporary suspensions under this Article shall be limited to those necessary to protect the financial interests of the Party concerned. They shall not exceed a period of six (6) months, which may be renewed after the Trade and Development Committee has had the opportunity to re-examine the matter. Temporary suspensions shall be notified immediately after their adoption to the Trade and Development Committee. They shall be subject to periodic consultations within the Trade and Development Committee in particular with a view to their termination as soon as the conditions for their application are no longer given.

## Management of administrative errors

The Parties recognise each other's right to correct administrative errors during the implementation of this Agreement. Where errors are identified, either Party may request the Trade and Development Committee to examine the possibilities of adopting all appropriate measures with a view to resolving the situation.

#### **CHAPTER II**

#### TRADE DEFENCE INSTRUMENTS

#### ARTICLE 32

Anti-dumping and countervailing measures

The rights and obligations of either Party in respect of the application of antidumping or countervailing measures shall be governed by the relevant WTO Agreements. The provisions of this Article shall not be subject to the provisions of PART III.

#### **ARTICLE 33**

## Multilateral safeguards

- 1. Subject to the provisions of this Article, nothing in this Agreement shall prevent a Party from adopting measures in accordance with Article XIX of the GATT 1994, the WTO Agreement on Safeguards, Article 5 of the WTO Agreement on Agriculture annexed to the Marrakech Agreement Establishing the World Trade Organisation ("WTO Agreement") and any other relevant WTO Agreements.
- 2. Notwithstanding paragraph 1, the EU shall, in the light of the overall development objectives of this Agreement and the small size of the economies of the SADC EPA States, exclude imports from any SADC EPA State from any measures taken pursuant to Article XIX of the GATT 1994, the WTO Agreement on Safeguards and Article 5 of the WTO Agreement on Agriculture.
- 3. The provisions of paragraph 2 shall apply for a period of five (5) years, beginning from the date of entry into force of this Agreement. Not later than one hundred and twenty (120) days before the end of this period, the Joint Council shall review the operation of paragraph 2 in the light of the development needs of the SADC EPA States, with a view to determining their possible extension for a further period.
- 4. The provisions of paragraph 1 shall not be subject to the provisions of PART III.

#### **ARTICLE 34**

## General bilateral safeguards

- 1. Notwithstanding Article 33, after having examined alternative solutions, a Party or SACU, as the case may be, may apply safeguard measures of limited duration which derogate from the provisions of Articles 24 and 25, under the conditions and in accordance with the procedures laid down in this Article.
- 2. Safeguard measures referred to in paragraph 1 may be taken if, as a result of the obligations incurred by a Party under this Agreement, including tariff concessions, a product originating in one Party is being imported into the territory of the other Party or SACU, as the case may be, in such increased quantities and under such conditions as to cause or threaten to cause:

- (a) serious injury to the domestic industry producing like or directly competitive products in the territory of the importing Party or SACU, as the case may be; or
- (b) disturbances in a sector of the economy producing like or directly competitive products, particularly where these disturbances produce major social problems, or difficulties which could bring about serious deterioration in the economic situation of the importing Party or SACU, as the case may be; or
- (c) disturbances in the markets of like or directly competitive agricultural products in the territory of the importing Party or SACU, as the case may be.

These safeguard measures shall not exceed what is necessary to remedy or prevent the serious injury or disturbances.

- 3. Safeguard measures referred to in this Article shall take the form of one or more of the following:
  - (a) suspension of the further reduction of the rate of import duty for the product concerned, as provided for under this Agreement; or
  - (b) increase in the customs duty on the product concerned up to a level which does not exceed the MFN applied rate at the time of taking the measure; or
  - (c) introduction of tariff quotas on the product concerned.
- 4. Without prejudice to paragraphs 1 to 3, where any product originating in any SADC EPA State is being imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to in paragraphs 2(a) to (c) to a like or directly competitive production sector of one or several of the EU's outermost regions, the EU may take surveillance or safeguard measures limited to the region or regions concerned in accordance with the procedures laid down in paragraphs 6 to 8.
- 5. Without prejudice to paragraphs 1 to 3, where any product originating in the EU is being imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to in paragraph 2(a) to (c) to a SADC EPA State or SACU, as the case may be, the SADC EPA State concerned or SACU, as the case may be, may take surveillance or safeguard measures limited to its territory in accordance with the procedures laid down in paragraphs 6 to 8.
- 6. Safeguard measures referred to in this Article:
  - (a) shall only be maintained for such a time as may be necessary to prevent or remedy serious injury or disturbances as defined in paragraphs 2, 4 and 5;
  - (b) shall not be applied for a period exceeding two (2) years. Where the circumstances warranting imposition of safeguard measures continue to exist, such measures may be extended for a further period of no more than two (2) years. Where a SADC EPA State or SACU, as the case may be, apply a safeguard measure, or where the EU

apply a measure limited to the territory of one or more of its outermost regions, they may however apply that measure for a period not exceeding four (4) years and, where the circumstances warranting imposition of safeguard measures continue to exist, extend it for a further period of four (4) years;

- (c) that exceed one (1) year shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest; and
- (d) shall not be applied to the import of a product that has previously been subject to such a measure, within a period of at least one (1) year from the expiry of the measure.
- 7. For the implementation of paragraphs 1 to 6, the following provisions shall apply:
  - (a) where a Party or SACU, as the case may be, takes the view that one of the situations referred to in paragraphs 2(a) to (c), 4 and/or 5 exists, it shall immediately refer the matter to the Trade and Development Committee for examination;
  - (b) the Trade and Development Committee may make any recommendation needed to remedy the circumstances which have arisen. If no recommendation has been made by the Trade and Development Committee aimed at remedying the circumstances, or no other satisfactory solution has been reached within thirty (30) days of the matter being referred to the Trade and Development Committee, the importing party may adopt the appropriate measures to remedy the circumstances in accordance with this Article;
  - (c) before taking any measure provided for in this Article or, in the cases to which paragraph 8 applies, the Party or SACU, as the case may be, shall, as soon as possible, supply the Trade and Development Committee with all relevant information required for a thorough examination of the situation, with a view to seeking a solution acceptable to the parties concerned;
  - (d) in the selection of safeguard measures pursuant to this Article, priority must be given to those which least disturb the operation of this Agreement. If the MFN applied rate in effect the day immediately preceding the day of entry into force of this Agreement is lower than the MFN applied rate at the time of taking the measure, measures applied in accordance with the provisions of paragraph 3 (b) may exceed the MFN rate in effect the day immediately preceding the day of entry into force of this Agreement. In such a case, the Party or SACU, as the case may be, shall supply, in accordance with the provisions of paragraph (c), the Trade and Development Committee with the relevant information indicating that an increase of the duty up to the level of MFN applied at the time of entry into force is not sufficient and that a measure exceeding this duty is necessary to remedy or prevent the serious injury or disturbances pursuant to paragraph 2;
  - (e) any safeguard measure taken pursuant to this Article shall be notified immediately to the Trade and Development Committee and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.

- 8. Where delay would cause damage which it would be difficult to repair, the importing Party or SACU, as the case may be, may take the measures provided for in paragraph 3, 4, and/or 5 on a provisional basis without complying with the requirements of paragraph 7.
  - (a) Such action may be taken for a maximum period of one hundred and eighty (180) days where measures are taken by the EU and two hundred (200) days where measures are taken by a SADC EPA State or SACU, as the case may be, or where measures taken by the EU are limited to the territory of one or more of its outermost region(s).
  - (b) The duration of any such provisional measure shall be counted as a part of the initial period and any extension referred to in paragraph 6.
  - (c) In taking such provisional measures, the interest of all parties involved shall be taken into account.
  - (d) The importing Party or SACU, as the case may be, shall inform the other Party concerned and it shall immediately refer the matter to the Trade and Development Committee for examination.
- 9. If the importing Party or SACU, as the case may be, subjects imports of a product to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows liable to give rise to the problems referred to in this Article, it shall inform the Trade and Development Committee without delay.
- 10. Safeguard measures adopted under the provisions of this Article shall not be subject to WTO Dispute Settlement provisions.

#### Article 35

## Agricultural safeguards

- 1. Notwithstanding Article 34, a safeguard measure in the form of an import duty may be applied if, during any given twelve-month period, the volume of imports into SACU of an agricultural product listed in ANNEX IV originating in the EU exceeds the reference quantity for the product therein indicated.
- 2. A duty which shall not exceed 25 per cent of the current WTO bound tariff or 25 percentage points, whichever is higher, may be imposed to the agricultural products referred to in paragraph 1. Such duty shall not exceed the prevailing MFN applied rate.
- 3. Safeguard measures referred to in this Article shall be maintained for the remainder of the calendar year or five (5) months, whichever is the longer.
- 4. Safeguard measures referred to in this Article shall not be maintained or applied with respect to the same good at the same time as:

- (a) a general bilateral safeguard measure in accordance with Article 34;
- (b) a measure under Article XIX of the GATT 1994 and the WTO Agreement on Safeguards; or
- (c) a special safeguard measure under Article 5 of the WTO Agreement on Agriculture.
- 5. Safeguard measures referred to in this Article shall be implemented in a transparent manner. Within ten (10) days after applying such a measure, SACU shall notify the EU in writing and shall provide relevant data concerning the measure. On request, SACU shall consult the EU regarding the application of the measure. SACU shall also notify the Trade and Development Committee within thirty (30) days after such imposition.
- 6. The implementation and operation of this Article may be the subject of discussion and review in the Trade and Development Committee. On request of either Party, the Trade and Development Committee may review the reference quantities and agricultural products as provided for in this Article.
- 7. The provisions of this Article may only be applied during the period of twelve (12) years from the date of entry into force of this Agreement.

## Food security safeguards

- 1. The Parties acknowledge that the removal of barriers to trade between the Parties, as envisaged in this Agreement, may pose significant challenges to the SADC EPA States' producers in the agricultural and food sectors and agree to consult with each other on these issues.
- 2. Notwithstanding Article 34, where essential for the prevention or relief of critical general or local shortages of foodstuffs or other products in order to ensure food security of a SADC EPA State and where this situation gives rise or is likely to give rise to major difficulties for such a SADC EPA State, that SADC EPA State may adopt safeguard measures in accordance with the procedure set out in paragraphs 7(b) to (d), 8 and 9 of Article 34. The measure will be reviewed at least annually and shall be removed as soon as the circumstances leading to its adoption cease to exist.

#### **ARTICLE 37**

## BLNS transitional safeguards

- 1. The Parties acknowledge the sensitivity of the liberalised products listed in ANNEX V for the BLNS States.
- 2. Notwithstanding Article 34, in the event that one of the products listed in ANNEX V and originating in the EU are being imported into the territory of a BLNS State in such increased quantities as to cause or threaten to cause serious injury in any BLNS State, that BLNS State may apply a transitional safeguard measure.

- 3. Safeguard measure referred to in paragraph 2 shall take the form of a duty on the product concerned listed in ANNEX V up to a level which does not exceed the MFN applied rate at the time of taking the measure or introduce a zero duty tariff rate quota (TRQ), provided that the level of the duty outside the quota does not exceed the MFN applied rate at the time of taking the measure.
- 4. Thirty (30) days in advance of applying the safeguard measure, the concerned BLNS State shall notify the measure to the EU in writing. After notification, the concerned BLNS State shall have sixty (60) days to provide all relevant information concerning the measure.
- 5. Without prejudice to paragraph 2 above, the concerned BLNS State and the EU shall, upon request of either Party, enter into consultations on the safeguard measure.
- 6. Safeguard measures referred to in this Article shall be applied for a period not exceeding four (4) years. Where the circumstances warranting imposition of the measure continue to exist, such a measure may be extended for a further period of no more than four (4) years.
- 7. No safeguard measure referred to in this Article may be adopted after twelve (12) years from the entry into force of this Agreement.

## Infant industry protection safeguards

- 1. Notwithstanding Article 34, Botswana, Lesotho, Namibia, Mozambique and Swaziland may temporarily suspend further reductions of the rate of customs duty or increase the rate of customs duty up to a level which does not exceed the applied MFN duty, where a product originating in the EU, as a result of the reduction of duties, is being imported into its territory in such increased quantities and under such conditions as to threaten the establishment of an infant industry, or cause or threaten to cause disturbances to an infant industry producing like or directly competitive products.
- 2. Safeguard measures adopted in accordance with the conditions of paragraph 1 by a SADC EPA State which is also a SACU Member State shall take the form of the levying of additional duties exclusively by the SADC EPA State invoking this provision.
- 3. Safeguard measures referred to in paragraph 1 may be applied for a period of up to eight (8) years and may be further extended by a decision of the Joint Council
- 4. For the implementation of paragraphs 1 and 2, the following provisions shall apply:
  - (a) where a SADC EPA State takes the view that the circumstances set out in paragraph 1 exist, it shall immediately refer the matter to the Trade and Development Committee for examination. The SADC EPA State concerned shall supply the Trade and Development Committee with all relevant information required for a thorough examination of the situation;

- (b) the Trade and Development Committee may make any recommendation with a view to seeking an acceptable solution needed to remedy the circumstances which have arisen. If no recommendation has been made by the Trade and Development Committee, or no other satisfactory solution has been reached within thirty (30) days of the matter being referred to the Trade and Development Committee, the SADC EPA State concerned may adopt measures in accordance with this Article;
- (c) in the application of measures pursuant to paragraph 1, priority must be given to those which least disturb the operation of this Agreement; and
- (d) any measure taken pursuant to this Article shall be notified immediately to the Trade and Development Committee and shall be the subject of periodic consultations within that body.
- 5. In critical circumstances where delay would cause damage which would be difficult to repair, the SADC EPA State concerned may take measures provided for in paragraph 1 on a provisional basis without complying with the requirements of paragraph 4. Such measure may be taken for a maximum period of two hundred (200) days. The duration of any such provisional measure shall be counted as part of the period referred to in paragraph 3. In taking such provisional measures, the interest of all parties involved shall be taken into account. The importing SADC EPA State concerned shall inform the EU, and it shall immediately refer the matter to the Trade and Development Committee for examination of such provisional measure.
- 6. SACU Member States shall have the right to have recourse to Article 26 of the SACU Agreement.

#### **CHAPTER III**

#### **NON-TARIFF MEASURES**

#### **ARTICLE 39**

## Prohibition of quantitative restrictions

The Parties may apply quantitative restrictions provided such restrictions are applied in conformity with the WTO Agreement.

#### **ARTICLE 40**

National treatment on internal taxation and regulation

- 1. The Parties recognize that internal taxes and other internal charges, and laws, regulations and requirements affecting the internal sale, offering for sale, purchase, transportation, distribution or use of products, and internal quantitative regulations requiring the mixture, processing or use of products in specified amounts or proportions, should not be applied to imported or domestic products so as to afford protection to domestic production.
- 2. Imported products originating in the other Party shall not be subject, directly or indirectly, to internal taxes or other internal charges of any kind in excess of those applied, directly or indirectly, to like domestic products. Moreover, the Parties shall not otherwise apply internal taxes or other internal charges to imported or domestic products in a manner contrary to the principles set forth in paragraph 1.1
- 3. Imported products originating in the other Party shall be accorded treatment no less favourable than that accorded to like domestic products of national origin in respect of all laws, regulations and requirements affecting their internal sale, offering for sale, purchase, transportation, distribution or use. The provisions of this paragraph shall not prevent the application of differential internal transportation charges which are based exclusively on the economic operation of the means of transport and not on the nationality of the product.
- 4. The Parties shall not establish or maintain any internal quantitative regulation relating to the mixture, processing or use of products in specified amounts or proportions which requires, directly or indirectly, that any specified amount or proportion of any product which is the subject of the regulation must be supplied from domestic sources. Moreover, Parties shall not otherwise apply internal quantitative regulations in a manner contrary to the principles set forth in paragraph 1.
- 5. No internal quantitative regulation relating to the mixture, processing or use of products in specified amounts or proportions shall be applied in such a manner as to allocate any

A tax conforming to the requirements of the first sentence of this paragraph would be considered to be inconsistent with the provisions of its second sentence only in cases where competition was involved between, on the one hand, the taxed product and, on the other hand, a directly competitive or substitutable product which was not similarly taxed.

such amount or proportion among external sources of supply.

- 6. The provisions of this Article shall not apply to laws, regulations or requirements governing the procurement by governmental agencies of products purchased for governmental purposes and not with a view to commercial resale or with a view to use in the production of goods for commercial sale.
- 7. The provisions of this Article shall not prevent the payment of subsidies exclusively to domestic producers, including payments derived from the proceeds of internal taxes or charges applied consistently with the provisions of this Article and subsidies effected through governmental purchases of domestic products.
- 8. The Parties recognise that internal maximum price control measures, even though conforming to the other provisions of this Article, can have effects prejudicial to the interests of Parties supplying imported products. Accordingly, Parties applying such measures shall take account of the interests of exporting Parties with a view to avoiding to the fullest practicable extent such prejudicial effects.
- 9. The provisions of this Article shall not prevent any Party from establishing or maintaining internal quantitative regulations relating to exposed cinematograph films and meeting the requirements of Article IV of the GATT 1947.

#### **CHAPTER IV**

#### **CUSTOMS AND TRADE FACILITATION**

#### **ARTICLE 41**

Objectives

The objectives of this Chapter are to:

- (a) reinforce cooperation in the area of customs and trade facilitation with a view to ensuring that the relevant legislation and procedures, as well as the administrative capacity of the customs authorities, fulfil the objectives of effective control and the promotion of trade facilitation;
- (b) promote harmonisation of customs legislation and procedures;
- (c) ensure that legitimate public policy objectives, including those related to security and the prevention of fraud in the area of customs and trade facilitation, shall not be compromised in any way; and
- (d) provide the necessary support for the SADC EPA States' customs administrations to effectively implement this Agreement.

#### ARTICLE 42

## Customs and administrative cooperation

- 1. In order to ensure compliance with the provisions of this Chapter and effectively respond to the objectives laid down in Article 41, the Parties shall:
  - (a) exchange information on customs legislation and procedures;
  - (b) develop joint initiatives relating to customs and trade facilitation and the strengthening of administrative capacity;
  - (c) exchange experience and best practices on combating corruption and fraud in matters relating to this Chapter;
  - (d) exchange experience and best practices on issues relating to import, export and transit procedures and to improving the service to the business community;
  - (e) exchange experience and best practices on facilitating transit;
  - (f) facilitate the exchange of experts between customs administrations; and
  - (g) promote coordination between all related agencies, both internally and across borders.
- 2. The Parties shall prepare and develop an enhanced cooperation on the implementation

of the World Customs Organisation ("WCO") Framework of Standards to Secure and Facilitate Global Trade of 2005. This cooperation shall include initiatives in view of working towards the mutual recognition of the Authorised Economic Operator status and the exchange of advance information to allow an effective risk assessment and management for security purposes.

3. The Parties shall provide mutual administrative assistance in customs matters in accordance with the provisions of Protocol 2.

#### **ARTICLE 43**

## Customs legislation and procedures

- 1. The Parties agree that their respective trade and customs legislation and procedures shall to the extent possible be based on:
  - (a) the Revised Kyoto Convention on the Simplification and Harmonization of Customs Procedures of 1999, the substantive elements of the WCO Framework of Standards to Secure and Facilitate Global Trade, the International Convention on the Harmonised System and other international instruments and standards applicable in the field of customs and trade;
  - (b) the need to protect and facilitate legitimate trade;
  - (c) the need to avoid unnecessary and discriminatory burdens on economic operators, the need to safeguard against fraud and corruption and the need to provide further facilitation for operators that meet high level of compliance;
  - (d) the need for each Party to apply a single administrative document or electronic equivalent;
  - (e) the application of modern customs techniques, including risk assessment, simplified procedures for entry and release of goods, post release controls, and company audits;
  - (f) transparency, efficiency and proportionality, in order to reduce costs and increase predictability for economic operators;
  - (g) the need for non-discrimination in terms of requirements and procedures applicable to import, export and goods in transit, though it is accepted that consignments might be treated differently according to objective risk assessment criteria:
  - (h) the progressive development of systems, including those based upon information technology, for both export and import operations, to facilitate the exchange of information between economic operators, customs administrations and other agencies;
  - (i) the adoption of systems that facilitate the importation of goods through the use of

- simplified customs procedures and processes, including pre-arrival clearance;
- (j) the elimination of any requirements for the mandatory use of pre-shipment inspections as defined by the WTO Agreement on Preshipment Inspection, or their equivalent;
- (k) the application of rules that ensure that any penalties imposed for minor breaches of customs regulations or procedural requirements are proportionate and, in their application, do not give rise to undue delays in customs clearance;
- (l) a system of binding rulings on customs matters, notably on tariff classification and rules of origin, in accordance with rules laid down in their respective legislation;
- (m) the facilitation of transit movements;
- (n) the elimination of all requirements for the mandatory use of customs brokers; and
- (o) transparent, non-discriminatory and proportionate rules in respect of the licensing of customs brokers.
- 2. In order to improve working methods and to ensure transparency and efficiency of customs operations, the Parties shall:
  - (a) ensure that the highest standards of integrity be maintained, through the application of anti-corruption measures in this field;
  - (b) take further steps towards the reduction, simplification and standardization of data in the documentation required by customs and other related agencies;
  - (c) simplify requirements and formalities wherever possible, in respect of the rapid release and clearance of goods;
  - (d) provide effective, prompt and non-discriminatory procedures enabling the right of appeal, against customs and other agency administrative actions, rulings and decisions affecting imports, exports or goods in transit. Procedures for appeal shall be easily accessible, including to small or medium enterprises; and
  - (e) create the environment for the effective enforcement of legislative requirements.

# Facilitation of transit movements

- 1. The Parties shall ensure freedom of transit through their territory via the route most convenient for transit. Any controls or requirements must be non-discriminatory, proportionate and applied uniformly.
- 2. Without prejudice to legitimate customs control, the Parties shall accord to traffic in transit treatment no less favourable than that accorded to domestic goods, exports and

imports, and their movement.

## 3. The Parties shall:

- (a) operate bonded transport regimes that allow the transit of goods without payment of duties or other charges, subject to the provision of an appropriate guarantee;
- (b) promote and implement regional transit arrangements;
- (c) use international standards and instruments relevant to transit; and
- (d) promote coordination between all concerned agencies, both internally and across borders.

#### **ARTICLE 45**

# Relations with the business community

# The Parties agree to:

- (a) ensure that all customs legislation, procedures and fees and charges are made publicly available, as well as whenever possible the necessary explanations, and as far as possible through electronic means;
- (b) consult, as far as possible, timely and regularly with trade representatives on legislative proposals and procedures related to customs and customs related trade issues;
- (c) introduce, where appropriate, new or amended legislation and procedures and their entry into force in a way to allow traders to become well prepared for complying with them. The Parties shall make publicly available relevant notices of an administrative nature, including agency requirements and entry procedures, hours of operation and operating procedures for customs offices at ports and border crossing points, and points of contact for information enquiries; and
- (d) to foster cooperation between operators and relevant administrations through the use of instruments such as memoranda of understanding.

# **ARTICLE 46**

## **Customs** valuation

- 1. The Agreement on Implementation of Article VII of the GATT 1994 ("WTO Agreement on Customs Valuation") shall govern customs valuation rules applied to trade covered by this Agreement.
- 2. The Parties shall cooperate with a view to reaching a common approach to issues relating to customs valuation.

## Harmonisation of customs standards at regional level

- 1. The Parties shall promote harmonisation of customs legislation, procedures, standards and requirements.
- 2. Each Party shall determine the content and pace of this process.

## **ARTICLE 48**

Support to the SADC EPA States' customs administrations

- 1. The Parties recognise the importance of supporting the SADC EPA States' customs administrations for the implementation of this Chapter, in line with the provisions of, Chapter III of Part I.
- 2. The priority areas for such support are:
  - (a) the application of modern customs techniques, including:
    - (i) risk management;
    - (ii) post release controls; and
    - (iii) automation of customs procedures;
  - (b) control of customs valuation, classification and rules of origin, including in view of meeting the requirement of Article 43(1)(j);
  - (c) the facilitation of transit and the enhancement of the efficiency of regional transit arrangements;
  - (d) transparency issues relating to the publication and administration of all trade regulations, as well as relevant fees and formalities;
  - (e) the introduction and implementation of procedures and practices which reflect international instruments and standards applicable in the field of customs and trade, *inter alia* the revised Kyoto Convention on the Simplification and Harmonisation of Customs Procedures and the WCO Framework of Standards to Secure and Facilitate Global Trade.
- 3. The Parties recognise the need for specific needs assessment studies taking into account the situation in each country, using WTO and WCO needs assessment instruments or any other mutually agreed instrument.

## **ARTICLE 49**

Transitional arrangements

- 1. The Parties recognise the need for transitional arrangements to ensure the smooth implementation of the provisions of this Chapter.
- 2. In view of the need to enhance their capacity in the area of customs and trade facilitation and without prejudice to their WTO rights and obligations, the SADC EPA States shall benefit from a transitional period of eight (8) years to meet those requirements referred to in Articles 27, 43, 44, and 45 where the need for capacity building exists at the time of entry into force of this Agreement.
- 3. The Joint Council may decide to extend this transitional period by two (2) years in case the necessary capacity has not yet been attained.

# Special Committee on Customs and Trade Facilitation

- 1. The Parties hereby establish a Special Committee on Customs and Trade Facilitation, composed of representatives of the Parties.
- 2. The functions of the Special Committee on Customs and Trade Facilitation shall include:
  - (a) monitoring the implementation and administration of this Chapter and of Protocol I;
  - (b) providing a forum to consult and discuss all issues concerning customs, including rules of origin, general customs procedures, customs valuation, tariff classification, transit and mutual administrative assistance in customs matters;
  - (c) enhancing cooperation on the development, application and enforcement of rules of origin and related customs procedures, general customs procedures and mutual administrative assistance in customs matters;
  - (d) enhancing cooperation on capacity building and technical assistance;
  - (e) following up on the implementation of Article 47;
  - (f) determining its own rules of procedure; and
  - (g) addressing any other issues agreed by the Parties in respect of this Chapter.
- 3. The Special Committee on Customs and Trade Facilitation shall meet on a date and with an agenda agreed in advance by the Parties.
- 4. The Special Committee on Customs and Trade Facilitation shall be chaired alternatively by either Party.
- 5. The Special Committee on Customs and Trade Facilitation shall report to the Trade and Development Committee.

#### **CHAPTER V**

## TECHNICAL BARRIERS TO TRADE

## ARTICLE 51

# Multilateral obligations

- 1. The Parties affirm their commitment to the rights and obligations provided for in the Agreement on Technical Barriers to Trade ("WTO TBT Agreement").
- 2. These rights and obligations shall underlie the activities of the Parties under this Chapter.

# **ARTICLE 52**

# Objectives

# The Parties agree to:

- (a) cooperate in order to facilitate and increase trade in goods between them, by identifying, preventing and eliminating unnecessary barriers to trade within the terms of the WTO TBT Agreement;
- (b) cooperate in strengthening regional, and specifically the SADC EPA States' integration and cooperation on matters concerning TBT; and
- (c) establish and enhance the SADC EPA States' technical capacity on matters concerning TBT.

# **ARTICLE 53**

## Scope and definitions

- 1. The provisions of this Chapter shall apply to standards, technical regulations, and conformity assessment procedures as defined in the WTO TBT Agreement in so far as they affect trade covered by this Agreement.
- 2. For the purposes of this Chapter, the definitions used by the WTO TBT Agreement shall apply.

# **ARTICLE 54**

# Collaboration and regional integration

The Parties agree that collaboration between national and regional authorities dealing with matters concerning TBT, in both the public and private sector, is important to facilitate trade in the region and between the Parties, as well as for the overall process of regional integration and undertake to cooperate to this end.

# Transparency

- 1. The Parties reaffirm the principle of transparency in the application of technical regulations and standards in accordance with the WTO TBT Agreement.
- 2. The Parties recognise the importance of effective mechanisms for consultation, notification and exchange of information with respect to technical regulations and standards in accordance with the WTO TBT Agreement.
- 3. The Parties agree to establish an early warning mechanism to ensure that the SADC-EPA States are informed in advance of new measures of the EU that may affect SADC EPA exports to the EU. The Parties shall make optimal use of existing mechanisms and avoid unnecessary duplications to multilateral or unilateral mechanisms.

#### **ARTICLE 56**

#### Measures related to technical barriers to trade

The Parties agree to identify and implement mechanisms among those supported by the WTO TBT Agreement that are the most appropriate for particular priority issues or sectors. Such mechanisms may include:

- (a) intensifying their collaboration to facilitate access to their respective markets, by increasing the mutual knowledge and understanding of their respective systems in the field of technical regulations, standards, metrology, accreditation and conformity assessment;
- (b) exchanging information, identifying and implementing appropriate mechanisms for particular issues or sectors, i.e. alignment with international standards, reliance on the supplier's declaration of conformity, the use of internationally recognised accreditation to qualify conformity assessment bodies and the use of international product testing and certification schemes;
- (c) identifying and organising sector-specific interventions on standards, technical regulations and conformity assessment procedures to facilitate understanding of and access to their respective markets. These sectors will be chosen taking into account key areas of trade, including priority products;
- (d) developing cooperation activities and measures with a view to supporting the implementation of the rights and obligations under the WTO TBT Agreement;
- (e) developing common views and approaches on technical regulatory practices, including transparency, consultation, necessity and proportionality, the use of international standards, conformity assessment requirements, the use of impact and risk assessment, enforcement and market surveillance, where appropriate;
- (f) promoting harmonisation, whenever possible and in areas of mutual interest, towards

- international standards, and the use of such standards in the development of technical regulations and conformity assessment procedures;
- (g) undertaking to consider, in due course, negotiating mutual recognition agreements in sectors of mutual economic interest;
- (h) promoting collaboration between the Parties' organisations responsible for technical regulations, metrology, standardisation, testing, certification, inspection and accreditation; and
- (i) promoting the participation by the SADC EPA States in international standards-setting bodies.

Role of the Trade and Development Committee on TBT matters

The Parties agree that the Trade and Development Committee shall be competent to:

- (a) monitor and review the implementation of this Chapter;
- (b) provide coordination and consultation on TBT matters;
- (c) identify and review priority sectors and products and the resulting priority areas for cooperation;
- (d) make recommendations for modifications of this Chapter if necessary and appropriate; and
- (e) address any other issues agreed by the Parties in respect of this Chapter.

## ARTICLE 58

Capacity building and technical assistance

- 1. The Parties recognise the importance of cooperating in the areas of technical regulations, standards, metrology, accreditation and conformity assessment in order to achieve the objectives of this Chapter.
- 2. The Parties agree that the following are priority areas for cooperation:
  - (a) the establishment of appropriate arrangements for the sharing of expertise, including appropriate training to ensure adequate and enduring technical competence of the relevant standardisation and conformity assessment bodies of the SADC EPA States and mutual understanding between such bodies in the territories of the Parties;
  - (b) the development of capacities of the SADC EPA States in the fields of technical regulations, metrology, standards, accreditation and conformity assessment

- including through the upgrading or setting up of laboratories and other equipment. In this regard, the Parties acknowledge the importance of strengthening regional cooperation and the need to take into account priority products and sectors;
- (c) the development and adoption, within the SADC EPA States, of harmonised technical regulations, standards, metrology, accreditation and conformity assessment procedures based on relevant international standards;
- (d) the support for the participation of the SADC EPA States in international standardisation, accreditation and metrology activities; and
- (e) the development of TBT enquiry and notification points within the SADC EPA States.

#### **CHAPTER VI**

## SANITARY AND PHYTOSANITARY MEASURES

## ARTICLE 59

# Multilateral obligations

- 1. The Parties affirm their commitment to the rights and obligations provided for in the Agreement on the Application of Sanitary and Phytosanitary Measures ("WTO SPS Agreement"), the International Plant Protection Convention ("IPPC"), the Codex Alimentarius Commission and the World Organisation for Animal Health ("OIE").
- 2. These rights and obligations shall underlie the activities of the Parties under this Chapter.

### **ARTICLE 60**

# Objectives

# The Parties agree to:

- (a) facilitate trade and investment within the SADC EPA States and between the Parties while ensuring that measures adopted shall apply only to the extent necessary to protect human, animal or plant health or life in accordance with the provisions of the WTO SPS Agreement;
- (b) cooperate in strengthening regional integration and specifically SADC EPA States' cooperation on matters concerning sanitary and phytosanitary measures ("SPS measures") and to address problems arising from SPS measures on agreed priority products and sectors as listed in ANNEX VI, whilst giving due consideration to regional integration;
- (c) promote collaboration aiming at recognition of appropriate levels of protection in SPS measures: and
- (d) establish and enhance SADC EPA States' technical capacity to implement and monitor SPS measures, including promoting greater use of international standards and other matters concerning SPS.

# **ARTICLE 61**

# Scope and definitions

- 1. The provisions of this Chapter shall apply to SPS measures as defined in the WTO SPS Agreement.
- 2. For the purposes of this Chapter, definitions used in the WTO SPS Agreement and international standard-setting bodies, namely the Codex Alimentarius Commission, the IPPC and the OIE shall apply.

# Competent authorities

- 1. The respective SPS authorities shall be the competent authorities in the Parties for the implementation of the measures referred to in this Chapter.
- 2. The Parties shall, in accordance with this Agreement, inform each other of their respective competent SPS authorities and any changes thereto.

#### **ARTICLE 63**

# Transparency

- 1. The Parties reaffirm the principle of transparency in the application of SPS measures, in accordance with the WTO SPS Agreement.
- 2. The Parties recognise the importance of effective mechanisms for consultation, notification and exchange of information with respect to SPS measures in accordance with the WTO SPS Agreement.
- 3. The importing Party shall inform the exporting Party of any changes in its sanitary and phytosanitary import requirements that may affect trade falling under the scope of this Chapter. The Parties undertake to establish mechanisms for the exchange of such information where appropriate.
- 4. The Parties will apply the principle of zoning or compartmentalisation when defining import conditions, taking into account international standards. Zones or compartments of defined sanitary or phytosanitary status may also be identified and proposed jointly by the Parties, on a case by case basis, wherever possible, in order to avoid disruption to trade.

# ARTICLE 64

# Exchange of information

- 1. The Parties agree to establish an early-warning system to ensure that the SADC EPA States are informed in advance of new SPS measures of the EU that may affect SADC EPA exports to the EU. This system shall be based on existing mechanisms where appropriate.
- 2. The Parties, agree to collaborate in the further development of the epidemiological surveillance network on animal diseases and in the domain of plant health. The Parties will exchange information on the occurrence of pests and diseases of known and immediate danger to the other Party.

# **ARTICLE 65**

# Role of the Trade and Development Committee on SPS matters

The Trade and Development Committee shall be competent to:

- (a) monitor and review the implementation of this Chapter;
- (b) advise and make recommendations to achieve the objectives of this Chapter through its implementation;
- (c) provide a forum for discussion and exchange of information and issues of cooperation;
- (d) make recommendations for modifications of this Chapter if necessary and appropriate;
- (e) review the list of priority products and sectors included in ANNEX VI as well as the resulting priority areas for cooperation;
- (f) enhance cooperation on the development, application and enforcement of SPS measures; and
- (g) discuss any other relevant matters relating thereto.

#### **ARTICLE 66**

Consultations

If either Party considers that the other Party has taken measures which may affect or have affected access to its market, appropriate consultations shall be held to avoid undue delays and to find an appropriate solution in conformity with the WTO SPS Agreement. In this regard, the Parties shall exchange names and addresses of contact points with sanitary and phytosanitary expertise in order to facilitate communication and the exchange of information.

#### **ARTICLE 67**

Cooperation, capacity building and technical assistance

The Parties agree to:

- (a) promote cooperation between the Parties' equivalent institutions;
- (b) cooperate in facilitating regional harmonisation of measures and the development of appropriate regulatory frameworks and policies within and between the SADC EPA States, thereby enhancing intra-regional trade and investment; and
- (c) cooperate on the following priority areas:
  - (i) the building of technical capacity in the public and private sectors of the SADC EPA States to enable sanitary and phytosanitary control, including training and information events for inspection, certification, supervision and control;

- (ii) the building of capacity in the SADC EPA States to maintain and expand their market access opportunities;
- (iii) the building of capacity to ensure that measures adopted do not become unnecessary barriers to trade, while recognising the Parties' rights to set their own appropriate levels of protection;
- (iv) the enhancement of technical capacity for the implementation and monitoring of SPS measures, including promoting greater use of international standards;
- (v) the promotion of cooperation on the implementation of the WTO SPS Agreement, particularly strengthening SADC EPA States' notification procedures and enquiry points as well as other matters concerning relevant international standards setting bodies;
- (vi) the development of capacities for risk analysis, harmonisation, compliance, testing, certification, residue monitoring, traceability and accreditation including through the upgrading or setting up of laboratories and other equipment to help the SADC EPA States comply with international standards. In this regard, the Parties acknowledge the importance of strengthening regional cooperation and the need to take into account the priority products and sectors identified in accordance with this Chapter; and
- (vii) the support for the participation of the SADC EPA States in relevant international standards setting bodies.

# **CHAPTER VII**AGRICULTURE

#### **ARTICLE 68**

# Cooperation on agriculture

- 1. The Parties underline the importance of the agricultural sector to the SADC EPA States for food security, generating rural employment, increasing incomes of farm households, creating an inclusive rural economy, and as a basis for wider industrialisation and sustainable development, as well as to contribute to the objectives of this Agreement.
- 2. The use of export subsidies on agricultural goods in the trade between the Parties shall not be allowed from the date of entry into force of this Agreement.
- 3. An agricultural partnership is established between the EU and the SADC EPA States to facilitate an exchange of views between the Parties on agriculture, inter alia, food security, development, regional value chains and integration. The coverage of issues and operational rules for the agricultural partnership shall be established by common agreement of the Parties acting within the Committee referred to in Article 103.

#### **CHAPTER VIII**

## **CURRENT PAYMENTS AND CAPITAL MOVEMENTS**

#### ARTICLE 69

# Current payments

- Subject to the provisions of Articles 70 and 71, the Parties undertake to impose no restrictions on and to allow all payments for current transactions between their residents to be made in freely convertible currency.
- 2. The Parties may take the necessary measures to ensure that the provisions of paragraph 1 are not used to make transfers that are not compliant with a Party's laws and regulations.

## **ARTICLE 70**

# Safeguard measures

- 1. Where, in exceptional circumstances, payments and capital movements between the Parties cause or threaten to cause serious difficulties for the operation of monetary policy or exchange rate policy in one or more SADC EPA States or one or more Member States of the European Union, safeguard measures with regard to payments and capital movements that are strictly necessary may be taken by the EU or the concerned SADC EPA State for a period not exceeding six (6) months.
- 2. The Joint Council shall be informed forthwith of the adoption of any safeguard measure and, as soon as possible, of a time schedule for its removal.

# **Article 71**

# Balance of payment difficulties

Where one or more Member States of the European Union or a SADC EPA State is in serious balance of payments difficulties or external financial difficulties, or under threat thereof, it may adopt restrictive measures in accordance with the conditions established under the WTO Agreement and the Articles of Agreement of the International Monetary Fund, which shall be of limited duration and may not go beyond what is necessary to remedy the balance of payments situation. The Party having adopted or maintained such measures shall inform the other Party forthwith and shall submit to it as soon as possible a timetable for the elimination of the measures concerned.

#### **CHAPTER IX**

## TRADE IN SERVICES AND INVESTMENT

## ARTICLE 72

Objectives

The Parties recognise the growing importance of trade in services and investment for the development of their economies and reaffirm their commitment regarding services in Articles 41 to 43 of the Cotonou Agreement and their respective rights and obligations under the General Agreement on Trade in Services ("GATS").

#### ARTICLE 73

#### Trade in services

- 1. The Parties may negotiate trade in services to extend the scope of this Agreement. In this regard, Botswana, Lesotho, Mozambique and Swaziland ("Participating SADC EPA States") on the one hand, and the EU on the other hand, have started and will continue to negotiate trade in services.
- 2. The negotiations between the EU and the Participating SADC EPA States shall be guided by the following principles:
  - (a) negotiations shall cover definitions and principles for the liberalisation of trade in services;
  - (b) negotiations shall cover lists of commitments, setting out the conditions applicable to the liberalisation of trade in services. Such conditions shall be listed per sector liberalised and include, where necessary, limitations on market access and national treatment as well as transition periods for liberalisation;
  - (c) negotiations shall also address regulatory provisions supporting the liberalisation of trade in services;
  - (d) liberalisation of trade in services shall meet the requirements of Article V of the GATS:
  - (e) liberalisation of trade in services shall be reciprocal and asymmetric, taking into account the development needs of the Participating SADC EPA States. This may also result in the inclusion of provisions on cooperation and on special and differential treatment:
  - (f) negotiations shall build on the relevant provisions in existing applicable legal frameworks.
- 3. The EU and the Participating SADC EPA States agree to cooperate on strengthening the regulatory frameworks of the Participating SADC EPA States as well as to support the implementation of the commitments resulting from the negotiations in accordance with

- Article 13(5). The Parties recognise that in accordance with Article 13(8) trade capacity building can support the development of economic activities.
- 4. If a Party that is not party to an agreement on trade in services negotiated in accordance with paragraphs 1 and 2 wishes to join, it may negotiate the terms of its entry to that agreement.
- 5. If any agreement emanating from negotiations envisaged in paragraphs 1 and 4 were to result in outcomes that prove to be incompatible with the future development of a SADC regional services framework, the Parties shall negotiate to bring this Agreement in line with such regional framework while ensuring a balance of benefits.

## Trade and investment

- 1. The EU and the Participating SADC EPA States agree to cooperate on investment in accordance with Article 13(6) and may in future consider negotiating an agreement on investment in economic sectors other than services.
- 2. If a Party that is not party to an agreement on investment negotiated in accordance with paragraph 1 wishes to join, it may negotiate the terms of its entry to that agreement.
- 3. If any agreement emanating from negotiations envisaged in paragraphs 1 and 2 were to result in outcomes that prove to be incompatible with the future development of a SADC regional investment framework, the Parties shall jointly endeavour to bring this Agreement in line with such regional framework while ensuring a balance of benefits.

# **PART III**DISPUTE AVOIDANCE AND SETTLEMENT

# **CHAPTER I**OBJECTIVE AND SCOPE

#### ARTICLE 75

Objective

- 1. The objective of this Part is to avoid or settle any dispute between the Parties concerning the interpretation and application of this Agreement with a view to arrive at, where possible, a mutually agreed solution.
- 2. For disputes that relate to the collective action of SACU, SACU will act as a collective for the purposes of this PART, and the EU shall act against SACU as such.
- 3. For disputes that relate to an individual action of a SADC EPA State, the SADC EPA State concerned shall act individually for purposes of this PART, and the EU shall act only against the specific State that it considers has infringed a provision of this Agreement.

## **ARTICLE 76**

Scope

- 1. This Part shall apply to any dispute concerning the interpretation and application of this Agreement, except as otherwise expressly provided.
- 2. Notwithstanding paragraph 1, the procedure set out in Article 98 of the Cotonou Agreement shall be applicable in the event of a dispute concerning the financing pertaining to development cooperation between the Parties.

#### **CHAPTER II**

## **CONSULTATIONS AND MEDIATION**

## **ARTICLE 77**

#### Consultations

- 1. The Parties shall endeavour to resolve any dispute referred to in Article 76 by entering into consultations in good faith with the aim of reaching an amicable solution.
- 2. A Party shall seek consultations by means of a written request to the other Party, copied to the Trade and Development Committee, identifying the measure at issue and the provisions of this Agreement with which it considers the measure not to be in conformity.
- 3. Consultations shall be held within forty (40) days of the date of the receipt of the request. The consultations shall be deemed concluded within sixty (60) days of the date of the receipt of the request, unless both Parties agree to continue consultations. All information disclosed during the consultations shall remain confidential.
- 4. Consultations on matters of urgency, including those regarding perishable or seasonal goods, shall be held within fifteen (15) days of the date of the receipt of the request, and shall be deemed concluded within thirty (30) days of the date of the receipt of the request.
- 5. If consultations are not held within the timeframes laid down in paragraph 3 or in paragraph 4 respectively, or if consultations have been concluded and no mutually agreed solution has been reached, the complaining Party may request the establishment of an arbitration panel in accordance with Article 79.

### ARTICLE 78

#### Mediation

- 1. If consultations fail to produce a mutually agreed solution, the Parties may, by agreement, seek recourse to a mediator. Unless the Parties agree otherwise, the terms of reference for the mediation shall be the matter referred to in the request for consultations.
- 2. Unless the Parties agree on a mediator within fifteen (15) days of the date of the agreement to request mediation, the Chairperson of the Trade and Development Committee, or his or her delegate, shall select by lot a mediator from the pool of individuals who are on the list referred to in Article 94 and are not nationals of either Party. The selection shall be made within twenty five (25) days of the date of the submission of agreement to request mediation and in the presence of a representative of each Party. The mediator will convene a meeting with the Parties no later than thirty (30) days after being selected. The mediator shall receive the submissions of each Party no later than fifteen (15) days before the meeting and notify an opinion no later than forty five (45) days after having been selected.

- 3. The mediator's opinion may include a recommendation on how to resolve the dispute consistent with the provisions of this Agreement. The mediator's opinion is non-binding.
- 4. The Parties may agree to amend the time limits referred to in paragraph 2. The mediator may also decide to amend these time limits upon request of any of the Parties or on his own initiative, given the particular difficulties experienced by the Party concerned or the complexities of the case.
- 5. The proceedings involving mediation, in particular all information disclosed and positions taken by the Parties during these proceedings, shall remain confidential.

#### **CHAPTER III**

## DISPUTE SETTLEMENT PROCEDURES

## ARTICLE 79

# Initiation of the arbitration procedure

- 1. Where the Parties have failed to resolve the dispute by recourse to consultations as provided for in Article 77, or by recourse to mediation as provided for in Article 78, the complaining Party may request the establishment of an arbitration panel.
- 2. The request for the establishment of an arbitration panel shall be made in writing to the Party complained against and the Trade and Development Committee. The complaining Party shall identify in its request the specific measures at issue, and it shall explain how such measures constitute a breach of the provisions of this Agreement.

#### ARTICLE 80

# Establishment of the arbitration panel

- 1. An arbitration panel shall be composed of three (3) arbitrators.
- 2. Each Party shall appoint one arbitrator within ten (10) days of the date of the receipt of the request for the establishment of an arbitration panel. The two (2) arbitrators shall appoint a third arbitrator, who shall be the chairperson of the arbitration panel, within twenty (20) days of the receipt of the request for the establishment of a panel. The chairperson of the arbitration panel shall not be a national of the Parties nor permanently reside in the territory of the Parties.
- 3. If all three (3) arbitrators are not appointed within twenty (20) days, or if, within ten (10) days of the appointment of the third arbitrator, either Party submits a reasoned written objection to the appointed arbitrators to the Trade and Development Committee, either Party may request the Chairperson of the Trade and Development Committee, or her or his delegate, to select all three (3) members by lot from the list established under Article 94, one among the individuals proposed by the complaining Party, one among the individuals proposed by the Party complained against, and one among the individuals selected by the Parties to act as chairperson. Where the Parties agree on one or more of the members of the arbitration panel, any remaining members shall be selected by the procedure laid down in this paragraph.
- 4. The Chairperson of the Trade and Development Committee, or her or his delegate, shall select the arbitrators within five (5) days of receipt of the request made by either Party referred to in paragraph 3 and in the presence of a representative of each Party.
- 5. The date of establishment of the arbitration panel shall be the date on which the three (3) arbitrators are finally selected.

# **ARTICLE 81**

# Interim panel report

The arbitration panel shall notify to the Parties an interim report containing both the descriptive section and its findings and conclusions, as a general rule not later than one hundred and twenty (120) days from the date of establishment of the arbitration panel. In cases of urgency, the time limit shall be reduced to sixty (60) days. Any Party may submit written comments to the arbitration panel on precise aspects of its interim report within fifteen (15) days of the notification of the report.

#### ARTICLE 82

# Arbitral ruling

- 1. The arbitration panel shall notify its ruling to the Parties and to the Trade and Development Committee within one hundred and fifty (150) days from the date of the establishment of the arbitration panel. Where it considers that this deadline cannot be met, the chairperson of the arbitration panel must notify the Parties and the Trade and Development Committee in writing, stating the reasons for the delay and the date on which the panel plans to conclude its work. Under no circumstances should the ruling be notified later than one hundred and eighty (180) days from the date of the establishment of the arbitration panel.
- 2. In cases of urgency, including those involving perishable and seasonal goods, the arbitration panel shall make every effort to notify its ruling within ninety (90) days from the date of its establishment. The arbitration panel may give a preliminary ruling within ten (10) days of its establishment on whether it deems the case to be urgent.
- 3. Either Party may request the arbitration panel to provide a recommendation as to how the Party complained against could bring itself into compliance.

### **ARTICLE 83**

Compliance with the arbitral ruling

The Party complained against shall take any steps necessary to comply with the arbitral ruling and the Parties shall seek to agree on the period of time to comply with that ruling.

# **ARTICLE 84**

The reasonable period of time for compliance

- 1. No later than thirty (30) days after the receipt of notification of the arbitral ruling to the Parties, the Party complained against shall notify the complaining Party and the Trade and Development Committee of the reasonable period of time it will require to bring itself into compliance with the arbitral ruling.
- 2. Upon notification by the Party complained against, the Parties shall seek to agree on such a reasonable period of time. If there is disagreement between the Parties on the reasonable period of time to comply with the arbitral ruling, the complaining Party shall,

within thirty (30) days of the notification made under paragraph 1, request in writing the original arbitration panel to determine the length of the reasonable period of time. Such request shall be notified simultaneously to the Party complained against and to the Trade and Development Committee. The arbitration panel shall notify its ruling to the Parties and to the Trade and Development Committee within thirty (30) days from the date of the receipt of the request.

- 3. The arbitration panel shall, in determining the length of the reasonable period of time, take into consideration the length of time that it will normally take the Party complained against to adopt comparable legislative or administrative measures to those identified by such Party as being necessary to ensure compliance. The arbitration panel shall also take into consideration capacity constraints and the different level of development which may affect the adoption of the necessary measures by the Party complained against.
- 4. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures set out in Article 80 shall apply. The time limit for notifying the ruling shall be forty-five (45) days from the date of the receipt of the request referred to in paragraph 2.
- 5. The reasonable period of time may be extended by agreement of the Parties.

# **ARTICLE 85**

Review of any measure taken to comply with the arbitral ruling

- 1. The Party complained against shall notify the complaining Party and the Trade and Development Committee, before the end of the reasonable period of time, of any measure that it has taken to comply with the arbitral ruling.
- 2. In the event that there is disagreement between the Parties concerning the compatibility of any measure notified under paragraph 1 with the provisions of this Agreement, the complaining Party may request in writing the original arbitration panel to rule on the matter. Such request shall identify the specific measure at issue and it shall explain how such measure is incompatible with the provisions of this Agreement. The arbitration panel shall notify its ruling within ninety (90) days of the date of the request. In cases of urgency, including those involving perishable and seasonal goods, the arbitration panel shall notify its ruling within forty-five (45) days of the date of the receipt of the request.
- 3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures set out in Article 80 shall apply. The time limit for notifying the ruling shall be one hundred and five (105) days from the date of the receipt of the request referred to in paragraph 2.

# Temporary remedies in case of non-compliance

- 1. If the Party complained against fails to notify any measure taken to comply with the arbitral ruling before the expiry of the reasonable period of time, or if the arbitration panel rules that the measure notified under Article 85(1) is not compatible with the provisions of this Agreement, the Party complained against shall, if so requested by the complaining Party, present an offer for compensation. Such compensation may include or consist of financial compensation, although nothing in this Agreement shall oblige the Party complained against to offer such financial compensation.
- 2. If no agreement on compensation is reached within thirty (30) days of the end of the reasonable period of time or of the arbitral ruling under Article 85 that a measure taken to comply is not compatible with this Agreement, the complaining Party shall be entitled, upon notification to the Party complained against, to adopt appropriate measures.
- 3. In adopting such measures the complaining Party shall seek to select measures proportionate to the violation which least affect the attainment of the objectives of this Agreement and shall take into consideration their impact on the economy of the Party complained against and on the individual SADC EPA States.
- 4. If the EU fails to notify any measure taken to comply with the arbitral ruling by the expiry of the reasonable period of time at the latest, or if the arbitration panel rules that the measure notified under Article 85(1) is not compatible with that Party's obligations under this Agreement, and the complaining Party asserts that the adoption of appropriate measures would result in significant damage to its economy, the EU shall consider providing financial compensation.
- 5. The EU shall exercise due restraint in asking for compensation or adopting appropriate measures pursuant to paragraphs 1 or 2.
- 6. Compensation or appropriate measures shall be temporary and shall be applied only until any measure found to violate the provisions of this Agreement has been withdrawn or amended so as to bring it into conformity with those provisions or until the Parties have agreed to settle the dispute.
- 7. For the purposes of Articles 86 and 87, appropriate measures refer to measures similar to those available under Understanding on Rules and Procedures Governing the Settlement of Disputes contained in Annex 2 of the WTO Agreement ("DSU").

# **ARTICLE 87**

Review of any measure taken to comply after the adoption of appropriate measures

1. The Party complained against shall notify the complaining Party and the Trade and Development Committee of any measure it has taken to comply with the arbitral ruling and of its request to end the application of appropriate measures by the complaining Party.

- 2. If the Parties do not reach an agreement on the compatibility of the notified measure with the provisions of this Agreement within thirty (30) days of the date of notification, the complaining Party shall request in writing the original arbitration panel to rule on the matter. Such request shall be notified to the Party complained against and to the Trade and Development Committee. The arbitral ruling shall be notified to the Parties and to the Trade and Development Committee within forty-five (45) days of the date of the receipt of the request. If the arbitration panel rules that any measure taken to comply is not in conformity with the provisions of this Agreement, the arbitration panel shall determine whether the complaining Party may continue to apply appropriate measures. If the arbitration panel rules that any measure taken to comply is in conformity with the provisions of this Agreement, the appropriate measures shall be terminated.
- 3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures laid down in Article 80 shall apply. The period for notifying the ruling shall be sixty (60) days from the date of the receipt of the request referred to in paragraph 2.

# **CHAPTER IV**COMMON PROVISIONS

#### **ARTICLE 88**

Mutually agreed solution

The Parties may reach a mutually agreed solution to a dispute under this Chapter at any time. They shall notify the Trade and Development Committee and the arbitration panel, if any, of such solution. Upon adoption of the mutually agreed solution, the dispute settlement procedure shall be terminated.

### **ARTICLE 89**

Rules of Procedure and Code of Conduct

- 1. The Parties shall agree on Rules of Procedure and a Code of Conduct within twelve (12) months of the entry into force of this Agreement which shall be adopted by the Joint Council.
- 2. Any meeting of the arbitration panel shall be open to the public in accordance with the Rules of Procedure, unless the arbitration panel decides otherwise on its own motion or at the request of the Parties. The arbitration panel shall meet in closed session when the submissions or arguments of a Party contain confidential information.

# **ARTICLE 90**

Information and technical advice

At the request of a Party, or upon its own initiative, the arbitration panel may obtain information from any source, including the Parties involved in the dispute, it deems appropriate for the arbitration proceeding. The arbitration panel shall also have the right to seek the opinion of relevant experts as it deems appropriate. Interested entities are authorised to submit *amicus curiae* briefs to the arbitration panel in accordance with the Rules of Procedure. Any information obtained in this manner must be disclosed to the Parties and submitted for their comments.

# **ARTICLE 91**

Languages of the submissions

- 1. The written and oral submissions of the Parties shall be made in any official language of the Parties.
- 2. The Parties shall endeavour to agree on a common working language for any specific proceedings under this Part. If the Parties are unable to agree on a common working language, each Party shall arrange for and bear the costs of the translation of its written submissions and interpretation at the hearings into the language chosen by the Party complained against, unless such language is an official language of that Party. The EU

shall, when seeking to agree on a common working language, take into account the potential impact of such costs on the SADC EPA States.

#### **ARTICLE 92**

# Rules of interpretation

The arbitration panel shall interpret the provisions of this Agreement in accordance with the customary rules of interpretation of public international law, including those codified in the Vienna Convention on the Law of Treaties. The rulings of the arbitration panel cannot add to or diminish the rights and obligations provided for in this Agreement.

#### **ARTICLE 93**

# Arbitral rulings

- 1. The arbitration panel shall make every effort to take any decision by consensus. Where, nevertheless, a decision cannot be arrived at by consensus, the matter at issue shall be decided by majority vote.
- 2. The ruling shall set out the findings of fact, the applicability of the relevant provisions of this Agreement and the reasoning behind any findings and conclusions that it makes. The Trade and Development Committee shall make the arbitral ruling publicly available unless it decides not to do so.

## **ARTICLE 94**

#### List of arbitrators

- 1. The Trade and Development Committee shall, no later than three (3) months after the entry into force of this Agreement, establish a list of twenty-one (21) individuals who are willing and able to serve as arbitrators. Each of the Parties shall select eight (8) individuals to serve as arbitrators. The Parties shall also agree on five (5) individuals who are not nationals of either Party and who shall act as chairperson of the arbitration panel. The Trade and Development Committee will ensure that the list is always maintained in accordance with this Article.
- 2. Arbitrators shall have specialised knowledge on matters covered by this Agreement or experience in law and international trade. They shall be independent, serve in their individual capacities and not take instructions from any organisation or government, or be affiliated with the governments of any of the Parties, and shall comply with the Code of Conduct annexed to the Rules of Procedures.
- 3. The Trade and Development Committee may establish an additional list of fifteen (15) individuals having a sectoral expertise in specific matters covered by this Agreement. When recourse is made to the selection procedure of Article 80, the Chairperson of the Trade and Development Committee may use such a sectoral list upon agreement of both Parties.

# Relation with WTO obligations

- 1. Arbitration bodies set up under this Agreement shall not arbitrate disputes on a Party's rights and obligations under the WTO Agreement.
- 2. Recourse to the dispute settlement provisions of this Agreement shall be without prejudice to any action in the WTO framework, including dispute settlement action. However, where a Party has, with regard to a particular measure, initiated a dispute settlement proceeding under this Agreement or under the WTO Agreement, it may not initiate a dispute settlement proceeding regarding the same measure in the other forum until the first proceeding has ended. For the purposes of this paragraph, dispute settlement proceedings under the WTO Agreement are deemed to be initiated by a Party's request for the establishment of a panel under Article 6 of the DSU.
- 3. Nothing in this Agreement shall preclude a Party from implementing the suspension of obligations authorised by the Dispute Settlement Body of the WTO.

## **ARTICLE 96**

## Time limits

- 1. Any time limits referred to in this Part, including the limits for the arbitration panels to notify their rulings, shall be counted in calendar days from the day following the act or fact to which they refer.
- 2. Any time limits referred to in this Part may be extended by mutual agreement of the Parties.

### **PART IV**

## **GENERAL EXCEPTIONS**

#### ARTICLE 97

# General exception clause

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between the Parties where like conditions prevail, or a disguised restriction on international trade, nothing in this Agreement shall be construed to prevent the adoption or enforcement by either Party of measures:

- (a) necessary to protect public morals;
- (b) necessary to protect human, animal or plant life or health;
- (c) relating to the importation or exportation of gold or silver;
- (d) necessary to secure compliance with laws or regulations which are not inconsistent with the provisions of this Agreement, including those relating to customs enforcement, the enforcement of monopolies operated under paragraph 4 of Article II and Article XVII of the GATT, the protection of patents, trade marks and copyrights, and the prevention of deceptive practices;
- (e) relating to the products of prison labour;
- (f) imposed for the protection of national treasures of artistic, historic or archaeological value;
- (g) relating to the conservation of exhaustible natural resources if such measures are made effective in conjunction with restrictions on domestic production or consumption;
- (h) undertaken in pursuance of obligations under any intergovernmental commodity agreement which conforms to criteria submitted to the GATT Contracting Parties and not disapproved by them or which is itself so submitted and not so disapproved;<sup>1</sup>
- (i) involving restrictions on exports of domestic materials necessary to ensure essential quantities of such materials to a domestic processing industry during periods when the domestic price of such materials is held below the world price as part of a governmental stabilisation plan; Provided that such restrictions shall not operate to increase the exports of or the protection afforded to such domestic industry, and shall not depart from the provisions of this Agreement relating to non-discrimination; or
- (j) essential to the acquisition or distribution of products in general or local short supply; Provided that any such measures shall be consistent with the principle that the Parties and the SADC EPA States are entitled to an equitable share of the international supply of

<sup>&</sup>lt;sup>1</sup> The exception provided for in this sub-paragraph extends to any commodity agreement which conforms to the principles approved by the Economic and Social Council in its resolution 30 (IV) of 28 March 1947.

such products, and that any such measures, which are inconsistent with the other provisions of this Agreement shall be discontinued as soon as the conditions giving rise to them have ceased to exist.

#### **ARTICLE 98**

# Security exceptions

- 1. Nothing in this Agreement shall be construed to:
  - (a) require either Party to furnish any information the disclosure of which it considers contrary to its essential security interests; or
  - (b) prevent either Party from taking any action which it considers necessary for the protection of its essential security interests:
    - (i) relating to fissionable materials or the materials from which they are derived;
    - (ii) relating to the traffic in arms, ammunition and implements of war and to such traffic in other goods and materials as is carried on directly or indirectly for the purpose of supplying a military establishment; or
    - (iii) taken in time of war or other emergency in international relations; or
  - (c) prevent either Party from taking any action in pursuance of its obligations under the United Nations Charter for the maintenance of international peace and security.
- 2. The Trade and Development Committee shall be informed of measures taken under paragraphs 1 (b) and (c) and of their termination.

## **ARTICLE 99**

## Taxation

- 1. Nothing in this Agreement, or in any arrangement adopted under this Agreement, shall be construed to prevent either Party from distinguishing, in the application of the relevant provisions of their fiscal legislation, between taxpayers who are not in the same situation, in particular with regard to their place of residence or with regard to the place where their capital is invested.
- 2. Nothing in this Agreement, or in any arrangement adopted under this Agreement, shall be construed to prevent the adoption or enforcement of any measure aimed at preventing the avoidance or evasion of taxes pursuant to the tax provisions of agreements to avoid double taxation or other tax arrangements or domestic fiscal legislation.
- 3. Nothing in this Agreement shall affect the rights and obligations of either Party under any tax convention. In the event of any inconsistency between this Agreement and any

such convention, that convention shall prevail to the extent of the inconsistency.

# PART V INSTITUTIONAL PROVISIONS

#### **ARTICLE 100**

The Joint Council

A Joint SADC EPA States – EU Council ("Joint Council") is hereby established, which shall oversee and administer the implementation of this Agreement.

#### **ARTICLE 101**

# Composition and functions

- 1. The Joint Council shall be composed, on the one hand, of the relevant members of the Council of the EU and relevant members of the European Commission or their representatives, and, on the other hand, of the relevant Ministers of the SADC EPA States or their representatives. The first meeting of the Joint Council shall be co-chaired by the Parties.
- 2. In relation to matters where SACU acts collectively for purposes of this Agreement, SACU shall act collectively in such matters under this provision and the EU shall treat SACU as such. In relation to matters where Member States of SACU act individually in such matters under this provision, the specific SACU Member State shall act in that capacity and the EU shall treat that Member State as such.
- 3. Without prejudice to the functions of the Council of Ministers as defined in Article 15 of the Cotonou Agreement, the functions of the Joint Council shall be to:
  - (a) be responsible for the operation and implementation of this Agreement and monitor the fulfilment of its objectives;
  - (b) examine any major issues arising under this Agreement that are of common interest and affect trade between the Parties:
  - (c) examine proposals and recommendations from the Parties for the review of this Agreement;
  - (d) make appropriate recommendations;
  - (e) monitor the development of economic and trade relations between the Parties;
  - (f) monitor and assess the impact of the cooperation provisions of this Agreement on sustainable development;
  - (g) monitor and review progress on all matters covered by this Agreement;
  - (h) establish its own rules of procedure;

- (i) establish the rules of procedures of the Trade and Development Committee;
- (j) monitor the work of the Trade and Development Committee; and
- (k) perform any other duties under this Agreement.
- 4. The Joint Council may provide periodic reports on the operation of this Agreement to the Council of Ministers established in accordance with Article 15 of the Cotonou Agreement.

# Decision-making powers and procedures

- 1. In order to attain the objectives of this Agreement, the Joint Council shall have the power to take decisions in respect of all matters covered by this Agreement.
- 2. The decisions of the Joint Council shall be taken by consensus and shall be binding on the Parties. The Parties shall take all the measures necessary to implement such decisions in accordance with their respective internal rules.
- 3. For procedural matters and dispute settlement procedures, the Joint Council shall adopt decisions and recommendations by mutual agreement between the Parties.
- 4. The Joint Council shall meet at regular intervals, not exceeding a period of two (2) years, and extraordinarily whenever circumstances so require, if the Parties so agree.

#### **ARTICLE 103**

# Trade and Development Committee

- 1. The Joint Council shall be assisted in the performance of its duties by a Trade and Development Committee composed of representatives of the Parties, normally at senior officials' level.
- 2. The Trade and Development Committee shall be chaired alternately by a representative of each of the Parties for a period of one year. The first meeting of the Trade and Development Committee shall be co-chaired by the Parties.
- 3. This Committee may establish any special technical groups to deal with specific matters falling within their competence.
- 4. This Committee shall establish the rules of procedure of the special technical groups established under paragraph 3.
- 5. This Committee shall report and be responsible to the Joint Council.
- 6. This Committee shall take decisions or make recommendations in the cases provided for in this Agreement or where such power has been delegated to it by the Joint Council. In

this event the Committee shall take its decisions by consensus.

- 7. This Committee shall have, in particular, the following functions:
  - (a) In the area of trade, to:
    - (i) monitor and evaluate the implementation of the decisions of the Joint Council;
    - (ii) facilitate and supervise the implementation of the provisions of this Agreement;
    - (iii) consider and recommend cooperation priorities to the Joint Council;
    - (iv) make recommendations to the Joint Council to avoid potential conflicts in areas covered by this Agreement;
    - (v) carry out any other function assigned to it by the Joint Council;
    - (vi) supervise the work of the special technical groups as referred to in paragraph 3:
    - (vii) monitor the development of regional integration and of economic and trade relations between the Parties;
    - (viii) discuss and undertake actions that may facilitate trade, investment and business opportunities between the Parties; and
    - (ix) discuss any matters under this Agreement and any issue that may affect the attainment of its objectives.
  - (b) In the area of development cooperation, to:
    - (i) monitor the implementation of the cooperation provisions laid down in this Agreement and coordinate such action with third party donors;
    - (ii) make recommendations on trade-related cooperation between the Parties;
    - (iii) keep under periodic review the cooperation priorities set out in this Agreement, and make recommendations on the inclusion of new priorities, as appropriate;
    - (iv) review and discuss cooperation issues pertaining to regional integration and implementation of this Agreement; and
    - (v) monitor and assess the impact of the implementation of this Agreement on the sustainable development of the Parties.

### **PART VI**

## **GENERAL AND FINAL PROVISIONS**

## **ARTICLE 104**

# Definition of the Parties and fulfilment of obligations

- 1. The Parties of this Agreement shall be Botswana, Lesotho, Namibia, South Africa, Swaziland and Mozambique ("the SADC EPA States"), on the one part, and the EU or its Member States or the EU and its Member States, within their respective areas of competence as derived from the Treaty on European Union and the Treaty on the functioning of the European Union ("EU"), of the other part.
- 2. The term "Party" shall refer to the SADC EPA States individually on the one part or the EU on the other part as the case may be.
- 3. Where reference is made to SACU in this Agreement, as in Articles 25(1), 34, 35 and 101 and in PART III, Botswana, Lesotho, Namibia, South Africa and Swaziland, shall act collectively as provided for in the SACU Agreement.
- 4. The Joint Council may decide to modify the application of paragraph 3.
- 5. The Parties shall adopt any general or specific measures required to fulfil their obligations under this Agreement and shall ensure that they comply with the objectives laid down in this Agreement.

#### **ARTICLE 105**

# Exchange of information

- 1. In order to facilitate communication relating to the effective implementation of this Agreement, the Parties shall designate a coordinator for the exchange of information upon entry into force of this Agreement. The designation of a coordinator for the exchange of information is without prejudice to the specific designation of competent authorities under specific provisions of this Agreement.
- 2. On the request of either Party, the coordinator of the other Party shall indicate the office or official responsible for any matter pertaining to the implementation of this Agreement and provide the required support to facilitate communication with the requesting Party.
- 3. On request of either Party, the other Party shall, to the extent legally possible, provide information and reply promptly to any question relating to an actual or proposed measure that might affect trade between the Parties.

# **ARTICLE 106**

Transparency

- 1. A Party shall publish or make publicly available its laws, regulations, procedures and administrative rulings of general application as well as any other commitments under an international agreement relating to any trade matter covered by this Agreement. Any such measures adopted after the entry into force of this Agreement shall be brought to the attention of the other Party.
- 2. Without prejudice to specific transparency provisions in this Agreement, the information referred to under this Article shall be considered to have been brought to the attention of the other Party when the information has been made available:
  - (a) by appropriate notification to the WTO; or
  - (b) on the official, fee-free and publicly accessible website; or
  - (c) to the coordinator of the other Party.

However, where the EU has provided such information and it has not been notified to the WTO through an official, fee-free and publicly accessible website, the SADC EPA States, which, because of capacity constraints, have difficulties accessing such a website, may request the EU to provide such information to the relevant coordinator.

3. Nothing in this Agreement shall require any Party to provide confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice legitimate commercial interests of particular enterprises, public or private, except to the extent that it may be necessary to be disclosed in the context of a dispute settlement proceeding under this Agreement. Where such disclosure is considered necessary by a panel established under PART III, the panel shall ensure that confidentiality is fully protected.

### **ARTICLE 107**

Temporary difficulties in implementation

A Party encountering difficulties in meeting its obligations under this Agreement as a result of factors beyond its control shall immediately bring the matter to the attention of the Joint Council.

## **ARTICLE 108**

# Regional preferences

- 1. Nothing in this Agreement shall oblige a Party to extend to the other Party any more favourable treatment which is applied by a Party as part of its respective regional integration process.
- 2. Any more favourable treatment and advantage that may be granted under this Agreement by a SADC EPA State to the EU shall be enjoyed by the other SADC EPA States.

# Outermost regions of the EU

- 1. Taking account of the geographical proximity of the outermost regions of the EU and the SADC EPA States and in order to reinforce economic and social links between those regions and the SADC EPA States, the Parties shall endeavour to facilitate cooperation in all areas covered by this Agreement between the outermost regions of the EU and the SADC EPA States.
- 2. The objectives of paragraph 1 shall also be pursued, wherever possible, through fostering the joint participation of the SADC EPA States and the outermost regions of the EU in the framework and specific programmes of the EU in areas covered by this Agreement.
- 3. The EU shall endeavour to ensure coordination between the different financial instruments of the EU's cohesion and development policies in order to foster cooperation between the SADC EPA States and the outermost regions of the EU in the areas covered by this Agreement.
- 4. Nothing in this Agreement shall prevent the EU from applying existing measures aimed at addressing the structural social and economic situation of its outermost regions pursuant to Article 349 of the Treaty on the Functioning of the European Union. This provision shall not permit the maintenance of tariffs on trade between the Parties other than those permitted pursuant to paragraph 5 of PART III of ANNEX I.

#### **ARTICLE 110**

# Relations with the Cotonou Agreement

- 1. With the exception of development cooperation provisions provided for in Title II of Part 3 of the Cotonou Agreement, in case of any inconsistency between the provisions of this Agreement and the provisions of Title II of Part 3 of the Cotonou Agreement, the provisions of this Agreement shall prevail to the extent of such inconsistency.
- 2. Nothing in this Agreement shall be construed so as to prevent the adoption by either Party of appropriate measures pursuant to the Cotonou Agreement.

#### **ARTICLE 111**

# Relations with the TDCA

The relationship between this Agreement and the TDCA shall be governed by the provisions of Protocol 4.

# **ARTICLE 112**

# Relations with the WTO Agreement

The Parties agree that nothing in this Agreement requires them to act in a manner

#### **ARTICLE 113**

#### Entry into force<sup>1</sup>

- 1. This Agreement shall be signed, ratified or approved in accordance with the applicable constitutional or internal rules and procedures of each Party.
- 2. This Agreement shall enter into force thirty (30) days following the deposit of the last instrument of ratification, acceptance or approval.
- 3. Pending entry into force of this Agreement, the EU and the SADC EPA States agree to apply the provisions of this Agreement which fall within their respective competences ("provisional application"). This may be effected either by provisional application, where possible, or by ratification of this Agreement.
- 4. This Agreement shall be applied provisionally between the EU and a SADC EPA state ten (10) days after either the receipt of notification of provisional application from the EU or of ratification or provisional application from that SADC EPA state, whichever is the later.
- 5. Provisional application of this Agreement between the EU and a Member of SACU shall exclude the agricultural market access concessions and the fisheries market access concessions referred to in Article 24(2) and Article 25(1), that are denoted by an asterisk (\*) in the tariff schedules as set out in ANNEXES I and II, until such time as all members of SACU have ratified or provisionally applied this Agreement.
- 6. Provisional application or entry into force of this Agreement between the EU and a Member of SACU shall exclude the agricultural market access concessions referred to in Article 24(2) and Article 25(1), that are denoted by an asterisk (\*) in the tariff schedules as set out in ANNEXES I and II, until such time as the conditions set out in Article 16 of Protocol 3 are met.
- 7. Notifications regarding the provisional application or ratification shall be sent to the Secretary-General of the Council of the European Union, who shall be the depository of this Agreement. Certified copies of the notifications shall be lodged with the Executive Secretary of the SADC Secretariat
- 8. If pending the entry into force of this Agreement, the Parties decide to apply it provisionally, all references in this Agreement to the date of entry into force shall be deemed to refer to the date such provisional application takes effect.

#### **ARTICLE 114**

Duration

<sup>-</sup>

<sup>&</sup>lt;sup>1</sup> The Parties to the attached Protocol on Geographical indications and on trade in wines and spirits shall implement the undertakings therein.

- 1. This Agreement shall be valid indefinitely.
- 2. Either Party may give written notice of its intention to denounce this Agreement.
- 3. Denunciation shall take effect six (6) months after the notification referred to in paragraph 2.

#### **ARTICLE 115**

#### Territorial application

- 1. This Agreement shall apply, on the one hand, to the territories in which the Treaty on European Union and Treaty on the functioning of the European Union are applied and under the conditions laid down in those Treaties, and, on the other hand, to the territories of the SADC EPA States.
- 2. References in this Agreement to "territory" shall be understood in this sense.

#### **ARTICLE 116**

#### Revision clause

- 1. The Parties agree to review this Agreement in its entirety no later than five (5) years after its entry into force. Such review is without prejudice to instances of adjustments, reviews or revisions otherwise provided for in this Agreement, such as those contemplated under Articles 12(2), 16(8), 17(5), 18(5), 26(10), 33(3), 35(6) and 65(e).
- 2. As regards the implementation of this Agreement, either Party may make suggestions oriented towards adjusting trade-related cooperation, taking into account the experience acquired during the implementation thereof.
- 3. The Parties agree that this Agreement may need to be reviewed in light of further developments in international economic relations and in the light of the expiration of the Cotonou Agreement.

#### **ARTICLE 117**

#### Amendments

- 1. Any Party may submit proposals for amendments to this Agreement to the Joint Council for consideration and adoption.
- 2. Amendments to this Agreement shall, after adoption by the Joint Council, be submitted to the Parties for ratification, acceptance or approval in accordance with their respective constitutional or internal legal requirements.

#### **ARTICLE 118**

#### Accession of new EU Member States

- 1. The Joint Council shall be advised of any request made by a third State to become a member of the EU. During the negotiations between the EU and the applicant State, the EU shall provide the SADC EPA States with any relevant information. The SADC EPA states shall convey their concerns, and may request consultations, to the EU so that the EU can take them fully into account. The SADC EPA States shall be notified by the EU of any accession to the EU.
- 2. Any new Member State of the European Union shall accede to this Agreement from the date of its accession to the EU by means of a clause to that effect in the act of accession. If the act of accession to the Union does not provide for such automatic accession of the EU Member State to this Agreement, the EU Member State concerned shall accede by depositing an act of accession with the General Secretariat of the Council of the European Union, which shall send certified copies to the SADC EPA States.
- 3. The Parties shall review the effects of the accession of new EU Member States on this Agreement. The Joint Council may decide on any transitional or amending measures that might be necessary.

#### **ARTICLE 119**

#### Accession

- 1. A third state or organisation having competence for the matters covered by this Agreement may request to accede to this Agreement. If the Joint Council agrees to consider such a request, the Parties and the state or organisation requesting to accede shall conduct negotiations on the terms of accession. The Protocol of Accession shall be adopted by the Joint Council and submitted for ratification, acceptance or approval in accordance with the Parties' respective constitutional or internal legal requirements.
- 2. The Parties shall review the effects of such accession on this Agreement. The Joint Council may decide on any transitional or amending measures that might be necessary.
- 3. Notwithstanding paragraph 1, the Parties agree that in the case of a request from Angola to the Joint Council to accede to this Agreement, negotiations concerning the terms of accession should be conducted on the basis of this Agreement, taking into account the specific situation of Angola.

#### **ARTICLE 120**

#### Languages and authentic texts

This Agreement is drawn up in duplicate in the Bulgarian, Croatian, Czech, Danish, Dutch, English, Estonian, Finnish, French, German, Greek, Hungarian, Italian, Latvian, Lithuanian, Maltese, Polish, Portuguese, Romanian, Slovak, Slovenian, Spanish and Swedish languages, each of these texts being equally authentic. In the event of a contradiction, reference shall be made to the language in which this Agreement was negotiated.

#### **ARTICLE 121**

#### Annexes

The Annexes, Protocols and footnotes to this Agreement shall form an integral part thereof.

#### **ARTICLE 122**

Rights and obligations under this Agreement

Nothing in this Agreement shall be construed as conferring rights or imposing obligations on persons, other than those created between the Parties under public international law.

In witness whereof, the undersigned Plenipotentiaries have affixed their signatures below this Agreement.

## [ANNEXES I – III to be inserted here]

## ANNEX V

## **BLNS TRANSITIONAL SAFEGUARDS**

The liberalised products referred to in Article 37 are listed in the following table.

	HS code	Description
1	0207.12.10	Frozen mechanically deboned meat of fowls of
		species Gallus domesticus not cut in pieces
2	0207.12.20	Frozen carcasses (excluding necks and offal) with
		all cuts removed of fowls of species Gallus
		domesticus not cut in pieces
3	0207.12.90	Frozen fowls of species Gallus domesticus, not cut
		in pieces (excl. frozen mechanically deboned meat
		and frozen carcasses (excluding necks and offal)
		with all cuts removed).
4	0207.14.20	Frozen edible offal of fowls of the species Gallus
		domesticus
5	0207.14.90	Frozen cuts of fowls of the species Gallus
		domesticus (excl. bonless)
6	0401.10.07	Milk and cream, not concentrated nor containing
		added sugar or other sweetening matter: Of a fat
		content, by mass, not exceeding 1 per cent: UHT
		milk
7	0409.00	Natural honey

8	0708.10	Fresh or chilled peas "Pisum sativum", shelled or
		unshelled
9	0710.29	Leguminous vegetables, shelled or unshelled,
		uncooked or cooked by steaming or by boiling in
		water, frozen (excl. peas and beans)
10	0710.30	Spinach, New Zealand spinach and orache spinach
		(garden spinach), frozen
11	0710.40	Sweetcorn, uncooked or cooked by steaming or by
		boiling in water, frozen
12	0710.90	Mixtures of vegetables, uncooked or cooked by
		steaming or by boiling in water, frozen
13	0711.20	Olives provisionally preserved, e.g. by sulphur
		dioxide gas, in brine, in sulphur water or in other
		preservative solutions, but unsuitable in that state
		for immediate consumption
14	0711.40	Cucumbers and gherkins provisionally preserved,
		e.g. by sulphur dioxide gas, in brine, in sulphur
		water or in other preservative solutions, but
		unsuitable in that state for immediate consumption
15	0711.51	Mushrooms of the genus "Agaricus", provisionally
		preserved, e.g., by sulphur dioxide gas, in brine, in
		sulphur water or in other preservative solutions,
		but unsuitable in that state for immediate
		consumption

16	0712.20	Dried onions, whole, cut, sliced, broken or in
		powder, but not further prepared
17	1102.90.90	Cereal flours (excl. wheat, meslin, rye, maize, rice,
		sorghum and oat)
18	1105.10	Flours, meals and powder of potatoes
19	1517.10.10	Margarine containing > 10% but <= 15% by mass
		of milk fats (excl. liquid margarine)
20	1517.10.90	Margarine (excl. liquid), other
21	1517.90.10	Edible mixtures or preparations of animal or
		vegetable fats or oils or of fractions of different fats
		or oils, with a milk fat content, by weight, of > 10%
		and <= 15% (excl. edible fats or oils or their
		fractions, partly or wholly hydrogenated, inter-
		esterified, re-esterified or elaidinised, whether or
		not refined, but not further prepared.
22	1517.90.20	Edible mixture of preparations of kind used as
		mould release preparations
23	1602.32.10	Pastes of fowls of the species "Gallus domesticus",
		prepared or preserved
24	1602.32.90	Meat or offal or blood of fowls of the species
		"Gallus domesticus", prepared or preserved, other
		than pastes (excl. sausages and similar products,
		homogenised preparations, and preparations of
		liver)
L		

25	1602.39.10	Pastes of poultry of heading 01.05, other than of
		fowls of the species "Gallus domesticus" or of
		turkeys, prepared or preserved
26	1603.00.10	Extracts of meat (excluding that of whales meat)
27	1806.10	Cocoa powder, containing added sugar or other
		sweetening matter
28	1806.20.10	Chocolate and other food preparations containing
		cocoa, in blocks, slabs or bars weighing > 2 kg or in
		liquid, paste, powder, granular or other bulk form,
		in containers or immediate packings of a content >
		2 kg, Chocolate and sugar confectionery containing
		cocoa
29	1806.20.90	Chocolate and other food preparations containing
		cocoa, in blocks, slabs or bars weighing > 2 kg or in
		liquid, paste, powder, granular or other bulk form,
		in containers or immediate packings of a content >
		2 kg, other
30	1806.31	Chocolate and other preparations containing cocoa,
		in blocks, slabs or bars of <= 2 kg, filled
31	1806.32	Chocolate and other preparations containing cocoa,
		in blocks, slabs or bars of <= 2 kg, not filled)
32	1902.11	Uncooked pasta, not stuffed or otherwise prepared,
		containing eggs
33	1902.19	Uncooked pasta, not stuffed or otherwise prepared,

		not containing eggs
34	1905.20	Gingerbread and the like, whether or not
		containing cocoa
35	1905.32	Waffles and wafers
36	1905.40	Rusks, toasted bread and similar toasted products
37	2003.10.10	Mushrooms of the genus "Agaricus", prepared or
		preserved otherwise than by vinegar or acetic acid,
		frozen (excluding prepared meals)
38	2003.90.90	Mushrooms, prepared or preserved otherwise than
		by vinegar or acetic acid (excl. mushrooms of the
		genus "Agaricus" and frozen (excluding prepared
		meals))
39	2004.90.30	Olives , prepared or preserved otherwise than by
		vinegar or acetic acid, frozen
40	2004.90.40	Sweetcorn "Zea Mays var. Zaccharata", prepared or
		preserved otherwise than by vinegar or acetic acid,
		frozen
41	2005.51	Shelled beans "Vigna spp., Phaseolus spp.",
		prepared or preserved otherwise than by vinegar
		or acetic acid (excl. frozen)
42	2005.59	Unshelled beans "Vigna spp., Phaseolus spp.",
		prepared or preserved otherwise than by vinegar
		or acetic acid (excl. frozen)
43	2005.60	Asparagus, prepared or preserved otherwise than

		by vinegar or acetic acid (excl. frozen)
44	2005.80	Sweet corn "Zea Mays var. Saccharata", prepared
		or preserved otherwise than by vinegar or acetic
		acid (excl. frozen)
45	2007.10	Homogenised preparations of jams, fruit jellies,
		marmalades, fruit or nut purée or fruit or nut
		pastes, obtained by cooking, whether or not
		containing added sugar or sweetening matter
46	2007.91	Citrus fruit jams, jellies, marmalades, purées or
		pastes, obtained by cooking, whether or not
		containing added sugar or other sweetening matter
		(excl. homogenised preparations of subheading
		2007.10)
47	2009.69	Grape juice (including grape must), of a Brix value
		exceeding 30
48	2009.79	Apple juice, of a Brix value exceeding 20
49	2009.89.50	Juice of fruit, unfermented, whether or not
		containing added sugar or other sweetening matter
		(excl. containing spirit, mixtures, and juice of citrus
		fruit, pineapples, tomatoes, grapes, incl. grape
		must, apples, cranberries, kiwifruit, pomegranate,
		cherry and passionfruit)
50	2009.90.10	Mixtures of fruit juices, incl. grape must,
		unfermented, whether or not containing added

		sugar or other sweetening matter (excl. containing
		spirit)
51	2203.00.90	Beer made from malt, other than traditional
		African beer as defined in Additional Note 1 to
		Chapter 22
52	3401.20	Soap in forms other than bars, cakes, moulded
		pieces or shapes.
53	3406.00	Candles, tapers and the like
54	4818.10	Toilet paper in rolls of a width of <= 36 cm
55	4818.20	Handkerchiefs, cleansing or facial tissues and
		towels, of paper pulp, paper, cellulose wadding or
		webs of cellulose fibres
56	4818.30	Tablecloths and serviettes of paper pulp, paper,
		cellulose wadding or webs of cellulose fibres
57	4818.90	Paper, cellulose wadding or webs of cellulose
		fibres, of a kind used for household or sanitary
		purposes, in rolls of a width <= 36 cm, or cut to size
		or shape; articles of paper pulp, paper, cellulose
		wadding or webs of cellulose fibres for household,
		sanitary or hospital use (excl. toilet paper,
		handkerchiefs, cleansing or facial tissues and
		towels, tablecloths, serviettes, sanitary towels and
		tampons, napkins and napkin liners for babies and
		similar sanitary articles)

58	6601.99	Umbrellas and sun umbrellas, incl. walking-stick
		umbrellas (excl. umbrellas having a telescopic
		shaft, garden umbrellas and the like, and toy
		umbrellas)
59	9607.11	Slide fasteners fitted with chain scoops of base
		metal
60	9607.19	Slide fasteners (excl. fitted with chain scoops of
		base metal)

#### **ANNEX VI**

#### SPS PRIORITY PRODUCTS AND SECTORS

The priority products and sectors referred to in Articles 60(b) and 65(e) are listed below.

## A: For the SADC EPA States' harmonisation: Fish, fishery products, aquaculture products, fresh or processed Cattle, sheep and poultry Fresh meat Processed meat products Cereals Vegetables and spices Oilseeds Coconut Copra Cotton seeds Groundnut Cassava Beer, juices Dried and canned fruits B: For export from the SADC EPA States to the EU: Fish, fishery products and aquaculture products, fresh or processed Beef and beef products Other meat products

Fruit and nuts

Vegetables

Cut flowers

Coffee

Sugar

# PROTOCOL 1 CONCERNING THE DEFINITION OF THE CONCEPT OF "ORIGINATING PRODUCTS" AND METHODS OF ADMINISTRATIVE COOPERATION

#### Index

#### **TITLE I: General Provisions**

#### ARTICLE

#### 1. Definitions

TITLE II: Definition of the concept of "originating products"

#### **ARTICLES**

- 2. General requirements
- 3. Bilateral cumulation
- 4. Diagonal cumulation
- 5. Cumulation with respect to materials which are subject to MFN duty free treatment in the EU
- 6. Cumulation with respect to materials originating in other countries benefiting from preferential duty-free quota–free access to the EU
- 7. Wholly obtained products
- 8. Sufficiently worked or processed products
- 9. Insufficient working or processing operations
- 10. Unit of qualification
- 11. Accessories, spare parts and tools
- 12. Sets
- 13. Neutral elements

#### ARTICLES

- 14. Principle of territoriality
- 15. Non alteration
- 16. Accounting segregation
- 17. Shipment of sugar

#### 18. Exhibitions

#### TITLE IV: Proof of origin

#### **ARTICLES**

- 19. General requirements
- 20. Procedure for the issue of a movement certificate EUR.1
- 21. Movement certificates EUR.1 issued retrospectively
- 22. Issue of a duplicate movement certificate EUR.1
- 23. Issue of movement certificates EUR.1 on the basis of a proof of origin issued or made out previously
- 24. Conditions for making out an origin declaration
- 25. Approved exporter
- 26. Validity of proof of origin
- 27. Submission of proof of origin
- 28. Importation by instalments
- 29. Exemptions from proof of origin
- 30. Information procedure for cumulation purposes
- 31. Supporting documents
- 32. Preservation of proof of origin and supporting documents
- 33. Discrepancies and formal errors
- 34. Amounts expressed in Euro

#### TITLE V: Arrangements for administrative cooperation

#### **ARTICLES**

- 35. Administrative conditions for products to benefit from this Agreement
- 36. Notification of customs authorities
- 37. Mutual assistance
- 38. Verification of proof of origin
- 39. Verification of suppliers' declarations
- 40. Dispute settlement

- 41. Penalties
- 42. Free zones
- 43. Derogations

TITLE VI: Ceuta and Melilla

#### ARTICLE

44. Special conditions

TITLE VII: Final Provisions

#### **ARTICLES**

- 45. Revision and application of rules of origin
- 46. Annexes
- 47. Implementation of the Protocol

ANNEX I TO PROTOCOL 1: Introductory notes to the list in Annex II

ANNEX II TO PROTOCOL 1: List of working or processing required to be carried out on

non-originating materials in order that the product

manufactured can obtain originating status

ANNEX II(a) TO PROTOCOL 1: Derogations from the list of working or processing

required to be carried out on non-originating materials in

order that the product manufactured can obtain originating

status, according to Article 8(2) of this Protocol

ANNEX III TO PROTOCOL 1: Form for movement certificate

ANNEX IV TO PROTOCOL 1: Origin declaration

ANNEX V A TO PROTOCOL 1: Supplier declaration for products having preferential origin status

ANNEX V B TO PROTOCOL 1: Supplier declaration for products not having preferential origin status

ANNEX VI TO PROTOCOL 1: Information Certificate

ANNEX VII TO PROTOCOL 1: Form for application for a derogation

ANNEX VIII TO PROTOCOL 1: Overseas countries and territories

ANNEX IX TO PROTOCOL 1: Products for which the cumulation provisions referred to in Article 4 of this Protocol apply after 1 October 2015

ANNEX X TO PROTOCOL 1: JOINT DECLARATION ON CAPACITY BUILDING FOR IMPLEMENTATION OF THE RULES OF ORIGIN OF THIS AGREEMENT

#### ANNEX XI TO PROTOCOL 1:

JOINT DECLARATION concerning the Principality of Andorra

JOINT DECLARATION concerning the Republic of San Marino

#### TITLE I

#### **GENERAL PROVISIONS**

#### ARTICLE 1

#### **Definitions**

#### For the purposes of this Protocol:

- (a) any reference to the male gender simultaneously means a reference to the female gender and vice versa:
- (b) "manufacture" means any kind of working or processing including assembly or specific operations;
- (c) "material" means any ingredient, raw material, component or part used in the manufacture of the product;
- (d) "product" means the product being manufactured, even if it is intended for later use in another manufacturing operation;
- (e) "goods" means both materials and products;
- (f) "customs value" means the value as determined in accordance with the 1994 Agreement on implementation of the WTO Agreement on Customs Valuation;
- (g) "ex-works price" means the price paid for the product ex works to the manufacturer in the EU or in a SADC EPA State in whose undertaking the last working or processing is carried out, provided the price includes the value of all the materials used, minus any internal taxes paid which are, or may be, repaid when the product obtained is exported;
- (h) "value of materials" means the customs value at the time of importation of the non-originating materials used, or, if this is not known and cannot be ascertained, the first ascertainable price paid for the materials in the EU or in the SADC EPA States;
- (i) "value of originating materials" means the value of such materials as defined in subparagraph (h) applied mutatis mutandis;
- (j) "value added" for the purpose of Article 4 of this Protocol, shall be taken to be the ex-works price minus the customs value of each of the materials incorporated which originate in the other countries or territories, referred to in Articles 4, 5 and 6 of this Protocol with which cumulation is applicable, or where the customs value is not known or cannot be ascertained,

- the first ascertainable price paid for the materials in the EU or in a SADC EPA State;
- (k) "value added" for the purpose of Article 43 of this Protocol shall be taken to be the ex-works price minus the customs value of each of the materials incorporated which are imported into the SADC EPA State applying for derogation or where the customs value is not known or cannot be ascertained, the first ascertainable price paid for the materials in the EU or in a SADC EPA State;
- (l) "chapters", "headings" and "sub-headings" mean the chapters, the four-digit headings and the six-digit sub-headings used in the nomenclature which makes up the Harmonized Commodity Description and Coding System, referred to in this Protocol as "the Harmonized System" or "HS":
- (m) "classified" refers to the classification of a product or material under a particular chapter, heading or sub-heading;
- (n) "consignment" means products which are either sent simultaneously from one exporter to one consignee or covered by a single transport document covering their shipment from the exporter to the consignee or, in the absence of such a document, by a single invoice;
- (o) "territories" includes territorial waters;
- (p) "OCTs" means the Overseas Countries and Territories as defined in Annex VIII;
- (q) "other ACP EPA States" means all the African, Caribbean and Pacific States, with the exception of the SADC EPA States, which have at least provisionally applied an EPA with the EU.
- (r) "supplier's declaration" means a declaration made by a supplier concerning the status of products with regard to the rules of origin. It may be used by exporters as evidence, in particular in support of applications for the issue of movement certificates EUR.1 or as a basis for making out origin declarations.
- (s) "This Agreement" means Economic Partnership Agreement between the European Union and its Member States, of the one part, and the SADC EPA States, of the other part.

#### TITLE II

# DEFINITION OF THE CONCEPT OF "ORIGINATING PRODUCTS"

#### **ARTICLE 2**

#### General requirements

- 1. For the purpose of this Agreement, the following products shall be considered as originating in the EU:
- (a) products wholly obtained in the EU within the meaning of Article 7 of this Protocol;
- (b) products obtained in the EU incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in the EU within the meaning of Article 8 of this Protocol.
- 2. For the purpose of this Agreement, the following products shall be considered as originating in a SADC EPA State:
- (a) products wholly obtained in a SADC EPA State within the meaning of Article 7 of this Protocol;
- (b) products obtained in a SADC EPA State incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in that SADC EPA State within the meaning of Article 8 of this Protocol.

#### **ARTICLE 3**

#### Bilateral cumulation

- 1. This Article shall apply only in the case of cumulation between a SADC EPA State and the EU.
- 2. Without prejudice to the provisions of Article 2(2) of this Protocol, materials originating in the EU within the meaning of this Protocol shall be considered as materials originating in a SADC EPA State when incorporated into a product obtained in that SADC EPA State, provided that

the working or processing carried out there goes beyond the operations referred to in Article 9(1) of this Protocol.

- 3. Without prejudice to the provisions of Article 2(1) of this Protocol, materials originating in a SADC EPA State within the meaning of this Protocol shall be considered as materials originating in the EU when incorporated into a product obtained in the EU, provided that the working or processing carried out there goes beyond the operations referred to in Article 9(1) of this Protocol and the product is exported to the same SADC EPA State.
- 4. Without prejudice to the provisions of Article 2(2) of this Protocol, working and processing carried out in the EU shall be considered as having been carried out in a SADC EPA State, when the materials undergo in the latter subsequent working or processing going beyond the operations referred to in Article 9(1) of this Protocol.
- 5. Without prejudice to the provisions of Article 2(1) of this Protocol, working and processing carried out in a SADC EPA State shall be considered as having been carried out in the EU, when the materials undergo there subsequent working or processing going beyond the operations referred to in Article 9(1) of this Protocol and the product is exported to the same SADC EPA State.

#### ARTICLE 4

#### Diagonal cumulation

- 1. This Article shall not apply to cumulation laid down in Article 3 of this Protocol.
- 2. Without prejudice to the provisions of Article 2(2) of this Protocol, materials originating in a SADC EPA State, the EU, other ACP EPA States or in OCTs shall be considered as materials originating in the SADC EPA State where the materials are incorporated into a product obtained there, provided that the working or processing carried out there goes beyond the operations referred to in Article 9(1) of this Protocol.
- 3. Without prejudice to the provisions of Article 2(1) of this Protocol, materials originating in a SADC EPA State, other ACP EPA States or in OCTs shall be considered as materials originating in the EU when incorporated into a product obtained there, provided that the

working or processing carried out in the EU goes beyond the operations referred to in Article 9(1) of this Protocol.

- 4. For the purposes of paragraphs 2 and 3, the origin of the materials originating in the EU or a SADC EPA State shall be determined according to the rules of origin of this Protocol and in accordance with Article 30 of this Protocol. The origin of materials originating in other ACP EPA States or in the OCTs shall be determined according to the rules of origin applicable in the framework of the EU's preferential arrangements with these countries and territories and in accordance with Article 30 of this Protocol.
- 5. For cumulation provided in paragraphs 2 and 3, where the working or processing carried out in a SADC EPA State or in the EU does not go beyond the operations referred to in Article 9(1) of this Protocol, the product obtained shall be considered as originating in a SADC EPA State or in the EU only where the value added there is greater than the value of the materials used originating in any one of the other countries or territories.
- 6. Without prejudice to the provisions of Article 2(2) of this Protocol, working and processing carried out in a SADC EPA State, the EU, other ACP EPA States or in OCTs shall be considered as having been carried out in the SADC EPA State where the materials undergo subsequent working or processing going beyond the operations referred to in Article 9(1) of this Protocol.
- 7. Without prejudice to the provisions of Article 2(1) of this Protocol, working and processing carried out in a SADC EPA State, other ACP EPA States or in OCTs shall be considered as having been carried out in the EU, when the materials undergo in the EU subsequent working or processing going beyond the operations referred to in Article 9(1) of this Protocol.
- 8. For cumulation provided in paragraphs 6 and 7, where the working or processing carried out in a SADC EPA State or in the EU does not go beyond the operations referred to in Article 9(1) of this Protocol, the product obtained shall be considered as originating in a SADC EPA State or in the EU only where the value added there is greater than the value added in any one of the other countries or territories. The origin of the final product shall be determined according to the rules of origin of this Protocol and in accordance with Article 30 of this Protocol.

- 9. The cumulation provided for in paragraphs 2 and 6 may only be applied provided that:
  - (a) the SADC EPA States, other ACP EPA States and OCTs have entered into an arrangement or agreement on administrative cooperation with each other, which ensures compliance with and a correct implementation of this Article and includes a reference to the use of appropriate proofs of origin;
  - b) the SACU Secretariat and the Ministry of Industry and Trade of Mozambique have provided the European Commission with the details of the arrangements or agreements on administrative cooperation entered into with the other countries or territories referred to in this Article.
- 10. The cumulation provided for in paragraph 3 and 7 may only be applied provided that:
  - a) the EU<sup>1</sup>, the other ACP EPA States and OCTs have entered into an arrangement or agreement on administrative cooperation with each other, which ensures compliance with and a correct implementation of this Article and includes a reference to the use of appropriate proofs of origin;
  - b) the European Commission has provided the SADC EPA States, through the SACU Secretariat and the Ministry of Industry and Trade of Mozambique, with details of agreements on administrative cooperation with the other countries or territories referred to in this Article.
- 11. Once the requirements of paragraphs 9 and 10 have been fulfilled and the date for the simultaneous entry into force of cumulation provided for under this Article has been agreed upon between the EU and the SADC EPA States, each Party shall fulfil its own publication and information requirements provided for in paragraph 14.
- 12. Notwithstanding paragraph 11, the date of the implementation of cumulation provided for under this Article with materials from a particular country or territory shall not be beyond a period of five (5) years starting from the date of the signature by a SADC EPA State or the EU of an agreement/arrangement on administrative cooperation with that particular country or territory provided for in paragraphs 9 and 10.
- 13. After the period specified in paragraph 12, the SADC EPA States may start applying the

<sup>&</sup>lt;sup>1</sup>The commitments to provide administrative cooperation between the EU and ACP EPA States are provided within their respective protocols on rules of origin and administrative cooperation

cumulation foreseen in paragraphs 2 and 6 provided that the requirements of paragraph 9 have been fulfilled, while the EU may start applying the cumulation foreseen in paragraphs 3 and 7 provided that the requirements of paragraph 10 have been fulfilled.

- 14. Each party shall make public the date of entry into force of cumulation with a particular country or territory according to its own internal procedures.
- 15. The cumulation provided in paragraph 2 shall not apply to materials:
  - (a) Of Harmonized System Headings 1604 and 1605 originating in the EPA Pacific States according to Article 6.6 of Protocol II of the Interim Partnership Agreement between the European Community, on the one part, and the Pacific States, on the other part<sup>1</sup>.
  - (b) Of Harmonized System Headings 1604 and 1605 originating in the Pacific States according to any future provision of a comprehensive Economic Partnership Agreement between the EU and Pacific ACP States.
  - (c) Originating in South Africa and which cannot be imported directly into the EU duty-free quota-free.
- 16. The cumulation provided in paragraph 3 shall:
  - (a) Where the final product is exported to SACU, not apply to materials:
    - i. Originating in non-SACU SADC states, which do not enjoy duty-free quota-free access into SACU under the SADC Protocol on Trade; and
    - ii. Originating in OCTs or ACP EPA states, other than the non-SACU SADC states, which cannot be imported directly into SACU duty-free quota-free.
  - (b) Where the final product is exported to Mozambique, not apply to materials originating in OCTs or other ACP EPA states, which cannot be imported directly into Mozambique duty-free quota-free.
- 17. In respect of paragraphs 15(c), 16(a) and 16(b), the EU, SACU and Mozambique respectively shall establish the list of materials concerned and shall ensure the lists are revised as necessary to ensure compliance with the said paragraphs. SACU and Mozambique shall notify their

\_

<sup>&</sup>lt;sup>1</sup>Council Decision of 13 July 2009 (EC) 729/2009

respective lists and any subsequent versions thereof in track changes to the European Commission. The EU shall notify its respective list and any subsequent versions thereof in track changes to the SACU Secretariat and the Ministry of Industry and Trade of Mozambique. After notification, as provided for in this paragraph, each party shall make public each of these lists according to their own internal procedures. The Parties shall publish the lists and any subsequent amendments thereof within one month of receipt of the notification. In cases where lists, or their subsequent versions, are notified after the date of entry into force of cumulation, exclusion from cumulation with the materials will become effective six (6) months after the receipt of the notification.

- 18. By way of derogation from paragraphs 15(c), 16(a), and 16(b), the EU, SACU and Mozambique may remove any material from their respective lists. Cumulation with the materials that were removed from the respective list will become effective upon notification and publication of the revised lists. The Parties shall publish the lists and any subsequent amendments thereof within one (1) month of receipt of the notification.
- 19. The cumulation provided for in this Article shall only become applicable to the products listed in Annex IX after 1 October 2015.

#### ARTICLE 5

# Cumulation with respect to materials which are subject to MFN duty free treatment in the EU

- 1. Without prejudice to the provisions of Article 2(2) of this Protocol, non-originating materials which at importation into the EU are free of customs duties by means of application of conventional rates of the most-favoured nation tariff in accordance with its Common Customs Tariff<sup>1</sup> shall be considered as materials originating in a SADC EPA State when incorporated into a product obtained there. It shall not be necessary that such materials have undergone sufficient working or processing, provided they have undergone working or processing going beyond that referred to in Article 9(1) of this Protocol.
- 2. Movement certificates EUR.1 (in Box 7) or origin declarations issued by application of

<sup>&</sup>lt;sup>1</sup>According to Annex I to Council Regulation (EEC) N°2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff and subsequent amending and corresponding legal acts.

paragraph 1 shall bear the following entry:

'Application of Article 5(1) of Protocol 1 of the EU-SADC EPA'

- 3. The EU shall notify yearly to the Special Committee on Customs and Trade Facilitation referred to in Article 50 of this Agreement ("The Committee") the list of materials to which the provisions of this Article shall apply.
- 4. The cumulation provided for in this Article shall not apply to materials:
  - (a) which at importation into the EU are subject to antidumping or countervailing duties when originating from the country which is subject to these antidumping or countervailing duties<sup>1</sup>;
  - (b) classified in subheadings of the Harmonized system which include, in the EU Common Customs Tariff, 8-digit tariff lines which are not free of customs duties by means of application of conventional rates of the EU's most-favoured nation tariff.

#### ARTICLE 6

Cumulation with respect to materials originating in other countries benefiting from preferential duty-free quota-free access to the EU

- 1. Without prejudice to the provisions of Article 2(2) of this Protocol, materials originating in countries and territories:
  - (a) benefiting from the "Special arrangement for least developed countries" of the generalized system of preferences [<sup>2</sup>];
  - (b) benefiting from duty-free quota-free access to the market of the EU under the general provisions of the generalized system of preferences [<sup>3</sup>];

<sup>1</sup>For the purpose of the implementation of this specific exclusion, EU non preferential rules of origin shall apply.

<sup>&</sup>lt;sup>2</sup>According to Articles 17 and 18 of Regulation (EU) N°978/2012of the European Parliament and of the Council of 25 October 2012 applying a scheme of generalized tariff preferences.

<sup>&</sup>lt;sup>3</sup>According to Article 6 of Regulation (EU) N°978/2012 of the European Parliament and of the Council of 25 October 2012 applying a scheme of generalized tariff preferences; materials that benefit from duty free treatment by virtue of the special incentive arrangement for sustainable development and good governance of Article 9 to 16 of the same Regulation, but not under the general arrangement of Article 6 of the same Regulation, are not covered by this provision.

shall be considered as materials originating in a SADC EPA State when incorporated into a product obtained there, provided they have undergone working or processing going beyond that referred to in Article 9(1) of this Protocol.

- 1.1 The origin of the materials of the countries or territories concerned shall be determined according to the rules of origin applicable in the framework of the EU's preferential arrangements with those countries and territories and in accordance with Article 30 of this Protocol.
- 1.2 The cumulation provided for in this paragraph shall not apply to:
- (a) materials which at importation to the EU are subject to antidumping or countervailing duties when originating in a country which is subject to these antidumping or countervailing duties<sup>1</sup>:
- (b) materials classified in subheadings of the Harmonized system which include, in the EU Common Customs Tariff, 8-digit tariff lines which are not free of customs duties by means of application of the arrangements of paragraph 1;
- (c) tuna products classified under Harmonized System Chapters 3 and 16, which are covered by Article 7 and 12 of Regulation (EU) N°978/2012 of the European Parliament and of the Council of 25 October 2012 applying a scheme of generalized tariff preferences, and subsequent amending and corresponding legal acts;
- (d) materials which are covered by Articles 8, 22 and 29 of Regulation (EU) N°978/2012 of the European Parliament and of the Council of 25 October 2012 applying a scheme of generalized tariff preferences, and subsequent amending and corresponding legal acts.
- 2. At the request of a SADC EPA State, materials originating in countries or territories which benefit from agreements or arrangements that provide for duty-free quota-free access to the market of the EU can be considered as materials originating in a SADC EPA State. The request shall be submitted by the SADC EPA State to the EU through the European Commission, which shall take a decision on the request in accordance with its internal procedures.

104

<sup>&</sup>lt;sup>1</sup>For the purpose of the implementation of this specific exclusion, EU non preferential rules of origin shall apply.

It shall not be necessary that such materials have undergone sufficient working or processing, provided they have undergone working or processing going beyond that referred to in Article 9(1) of this Protocol.

2.1 The origin of the materials of the countries or territories concerned shall be determined according to the rules of origin applicable in the framework of the EU's preferential agreements or arrangements with those countries and territories and in accordance with Article 30 of this Protocol.

#### 2.2. The cumulation provided for in this paragraph shall not apply to materials:

- (a) falling within Harmonized System Chapters 1 to 24 and the products listed in the Annex 1 paragraph 1.(ii) of the Agreement on Agriculture belonging to the GATT 1994 unless these materials benefit from duty-free, quota-free access to the market of the EU under an agreement, other than an EPA, between an ACP State and the EU;
- (b) which at importation to the EU are subject to antidumping or countervailing duties when originating from the country which is subject to these antidumping or countervailing duties<sup>1</sup>;
- (c) classified in subheadings of the Harmonized system which include, in the EU Common Customs Tariff, 8-digit tariff lines which are not free of customs duties by means of application of agreements or arrangements referred to in this paragraph.
- 3. Notwithstanding paragraph 2.2(a), the Parties, in support of African integration, will consider the possibility whether a material, referred to in paragraph 2.2(a) and originating in a non-ACP party of the African continent, can be used for the purpose of cumulation provided for in paragraph 2.
- 4. Paragraph 3 can only be effected upon agreement by the Parties, including on the applicable conditions. It shall apply to materials benefitting from duty-free quota-free access to the market of the EU and provided each Party applies a free trade agreement in line with the GATT 1994 with that non-ACP party.

<sup>&</sup>lt;sup>1</sup>For the purpose of the implementation of this specific exclusion, EU non preferential rules of origin shall apply

- 5. The EU shall notify yearly to the SACU Secretariat and the Ministry of Industry and Trade of Mozambique the list of materials and countries to which paragraph 1 shall apply. The SADC EPA States shall notify the European Commission, on a yearly basis, the countries to which cumulation under paragraph 1 has been applied.
- 6. Movement certificates EUR.1 (in Box 7) or origin declarations issued by application of:
  - (a) paragraph 1 shall bear the following entry: "Application of Article 6(1) of Protocol 1 to EU-SADC EPA"
  - (b) paragraph 2 shall bear the following entry: "Application of Article 6(2) of Protocol 1 to EU-SADC EPA"
- 7. The cumulation provided for in paragraphs 1, 2 and 3 may only be applied provided that:
  - (a) all the countries involved in the acquisition of the originating status have entered into an arrangement or agreement on administrative cooperation with each other which ensures a correct implementation of this Article and includes a reference to the use of appropriate proofs of origin;
  - (b) the SADC EPA State or States will provide the EU, through the European Commission, with details of agreements on administrative cooperation with the other countries or territories referred to in this Article. The Commission shall publish in the *Official Journal of the European Union* (C series) the date on which the cumulation provided for in this Article may be applied with those countries or territories listed in this Article, which have fulfilled the necessary requirements.

#### **ARTICLE 7**

#### Wholly obtained products

- 1. The following shall be considered as wholly obtained in the territory of a SADC EPA State or in the territory of the EU:
- (a) mineral products extracted from their soil or from their seabed;

- (b) fruit and vegetable products harvested there;
- (c) live animals born and raised there;
- (d) products from live animals raised there;
- (e) products from slaughtered animals born and raised there;
- (f) (i) products obtained by hunting or fishing conducted there;
  - (ii) Products of aquaculture, where the fish, crustaceans, molluscs and other aquatic invertebrates are born or raised there from eggs, larvae or fry;
- (g) products of sea fishing and other products taken from the sea outside the territorial waters of the EU or of the SADC EPA States by their vessels;
- (h) products made aboard their factory ships exclusively from products referred to in (g);
- (i) used articles collected there, fit only for the recovery of raw materials, including used tyres fit only for retreading or for use as waste;
- (j) waste and scrap resulting from manufacturing operations conducted there;
- (k) products extracted from marine soil or subsoil outside their territorial waters provided that they have sole rights to work that soil or subsoil;
- (l) goods produced there exclusively from the products specified in (a) to (k).
- 2. The terms "their vessels" and "their factory ships" in paragraph 1(g) and (h) shall apply only to vessels and factory ships:
- (a) which are registered in an EU Member State or in a SADC EPA State;
- (b) which sail under the flag of an EU Member State or of a SADC EPA State;
- (c) which meet one of the following conditions:
  - (i.) they are at least 50 per cent owned by nationals of an EU Member State or of a SADC EPA State; or
  - (ii.) they are owned by companies which have their head office and their main place of business in an EU Member State or in a SADC EPA State; and which are at least 50 percent owned by an EU Member State or by a SADC EPA State, public entities or nationals of that State.
- 3. (a) Notwithstanding the provisions of paragraph 2 the EU shall recognize, upon notification by Namibia, that vessels, bareboat chartered or leased by nationals of Namibia, other SADC EPA States or the EU, be treated as "their vessels" to undertake fisheries activities in its Exclusive

Economic Zone and the fish therein deemed to be originating provided that, for the purpose of this paragraph:

- The bareboat chartered or leased vessel sails under the flag of Namibia, EU Member State or SADC EPA State for the duration of the charter or lease;
- ii. Quotas are based on the best scientific evidence available and advice by the Marine Resources Advisory Council;
- iii. Fishing right holders are Namibian Nationals or Namibia registered entities under Namibian beneficial control or Namibian registered joint ventures under Namibian beneficial control;
- iv. A working system is in place of notifying the European Commission of all fishing vessels and reporting all catches under paragraph 3.(a);
- v. Reporting commitments to the relevant regional fisheries management organizations are implemented, in so far as it is required under the relevant instruments of these organizations;
- vi. All commercial fisheries are monitored by on-board fisheries observers;
- vii. Catches are landed in Namibian ports or put under customs authorities' supervision for enumeration and certification;
- viii. Catches are processed in on-land premises in Namibia or on-board of Namibian factory vessels as defined under paragraph 2 or on-board of a factory vessel referred to in paragraph 3.(a) as far as the leased or chartered factory vessel concerned is the one that performs the related fishing activities and of which at least 50 per cent of the crew are nationals of Namibia:
  - ix. Namibian waters remain under continuous surveillance against unauthorized fishing activities;
  - x. Movements of all fishing vessels are monitored through satellite technology (Vessel Monitoring System), and the geographical location of all catches is known;
  - xi. Namibia's exports to the EU are in compliance with the EU legislation on illegal, unregulated and unreported fisheries.
    - (b) In order to benefit from the provisions of paragraph 3(a), two (2) months before the start of the fishing season Namibia shall submit a report on the application of paragraph 3(a) and notify to the European Commission the vessels operating under paragraph 3 in that particular fishing season. If, two (2) months before the start of the fishing season, Namibia submits the complete report on the application of paragraph 3(a) and notifies the above mentioned vessels, the European Commission shall, before the start of the fishing season, make the details of the notified vessels and the date from which paragraph 3(a) shall be applicable to those vessels publically available.

- (c) The Committee shall be informed by Namibia of any change in its legislation concerning fishing activities and on whether the conditions for the application of paragraph 3(a) are met after the legislative changes.
- (d) Paragraph 3(a) shall not apply if the European Commission is not notified according to paragraph 3(b) above or if the Committee is not informed according to paragraph 3(c).
- (e) In case the number of vessels operating under paragraph 3(a) is considered to be unusually high as compared to previous years' operations, the European Commission could raise this matter with the Committee to adopt appropriate measures to remedy the situation.
- (f) Any of the parties can refer matters concerning the application of paragraphs 3(a) to 3(e) to the Joint Council if no satisfactory decision concerning the application of these provisions is adopted by the Committee. Once a matter concerning the application of paragraphs 3(a) to 3(e) is referred to the Joint Council, the Joint Council shall come to a decision within one hundred and eighty (180) days. If the Joint Council is unable to reach a decision within one hundred and eighty (180) days, the derogation provided for in paragraph 3 shall be suspended until an agreement is reached. A party may also decide to refer the matter to the dispute settlement mechanism of this Agreement, as provided for in PART III of this Agreement, if no satisfactory solution is found within the Joint Council.

## **ARTICLE 8**

# Sufficiently worked or processed products

- 1. For the purposes of Article 2 of this Protocol, products which are not wholly obtained are considered to be sufficiently worked or processed when the conditions set out in Annex II are fulfilled.
- 2. Notwithstanding paragraph 1, the products which are listed in Annex II(a) can be considered to be sufficiently worked or processed, for the purposes of Article 2 of this Protocol, when the conditions set out in that Annex are fulfilled.
- 3. The conditions referred to in paragraphs 1 and 2 above indicate, for all products covered by this Agreement, the working or processing which must be carried out on non-originating materials used in manufacturing and apply only in relation to such materials. Accordingly, it

follows that if a product, which has acquired originating status by fulfilling the conditions set out in either Annex II or Annex II(a), is used in the manufacture of another product, the conditions applicable to the product in which it is incorporated do not apply to it, and no account shall be taken of the non-originating materials which may have been used in its manufacture.

- 4. Notwithstanding paragraphs 1 and 2, non-originating materials which, according to the conditions set out in Annex II and Annex II(a) should not be used in the manufacture of a given product may nevertheless be used, provided that:
- (a) their total value does not exceed 15 per cent of the ex-works price of the product;
- (b) any of the percentages given in Annex II and Annex II(a) for the maximum value of non-originating materials are not exceeded through the application of this paragraph.
- 5. The provisions of paragraph 4 shall not apply to products of Chapters 50 to 63 of the Harmonized System.
- 6. Paragraphs 1 to 5 shall apply subject to the provisions of Article 9 of this Protocol.

## **ARTICLE 9**

# Insufficient working or processing

- 1. Without prejudice to paragraph 2, the following operations shall be considered as insufficient working or processing to confer the status of originating products, whether or not the requirements of Article 8 of this Protocol are satisfied:
- (a) preserving operations to ensure that the products remain in good condition during transport and storage;
- (b) breaking-up and assembly of packages;
- (c) washing, cleaning; removal of dust, oxide, oil, paint or other coverings;
- (d) ironing or pressing of textiles;
- (e) simple painting and polishing operations;

- (f) husking, partial or total bleaching, polishing, and glazing of cereals and rice;
- (g) operations to colour sugar or form sugar lumps; partial or total milling of crystal sugar;
- (h) peeling, stoning and shelling, of fruits, nuts and vegetables;
- (i) sharpening, simple grinding or simple cutting;
- (j) sifting, screening, sorting, classifying, grading, matching; (including the making-up of sets of articles);
- (k) simple placing in bottles, cans, flasks, bags, cases, boxes, fixing on cards or boards and all other simple packaging operations;
- (l) affixing or printing marks, labels, logos and other like distinguishing signs on products or their packaging;
- (m) simple mixing of products, whether or not of different kinds, including simple addition of water or dilution:
- (n) mixing of sugar with any material;
- (o) simple assembly of parts of articles to constitute a complete article or disassembly of products into parts;
- (p) dehydration or denaturation of products;
- (q) a combination of two or more operations specified in (a) to (p);
- (r) slaughter of animals.
- 2. All operations carried out either in the EU or in the SADC EPA States on a given product shall be considered together when determining whether the working or processing undergone by that product is to be regarded as insufficient within the meaning of paragraph 1.

## **ARTICLE 10**

## Unit of qualification

1. The unit of qualification for the application of the provisions of this Protocol shall be the particular product which is considered as the basic unit when determining classification using the nomenclature of the Harmonized System.

Accordingly, it follows that:

(a) when a product composed of a group or assembly of articles is classified under the terms of the Harmonized System in a single heading, the whole constitutes the unit of qualification;

- (b) when a consignment consists of a number of identical products classified under the same heading of the Harmonized System, each product must be taken individually when applying the provisions of this Protocol.
- 2. Where, under General Rule 5 for the interpretation of the Harmonized System, packaging is included with the product for classification purposes, it shall be included for the purposes of determining origin.

## **ARTICLE 11**

## Accessories, spare parts and tools

Accessories, spare parts and tools dispatched with a piece of equipment, machine, apparatus or vehicle, which are part of the normal equipment and included in the price thereof or which are not separately invoiced, shall be regarded as one with the piece of equipment, machine, apparatus or vehicle in question.

## **ARTICLE 12**

#### Sets

Sets, as defined in General Rule 3 for the interpretation of the Harmonized System, shall be regarded as originating when all component products are originating. Nevertheless, when a set is composed of originating and non-originating products, the set as a whole shall be regarded as originating, provided that the value of the non-originating products does not exceed 15 per cent of the ex-works price of the set.

## **ARTICLE 13**

#### Neutral elements

In order to determine whether a product is originating, it shall not be necessary to determine the origin of the following which might be used in its manufacture:

(a) energy and fuel;

- (b) plant and equipment;
- (c) machines and tools;
- (d) goods which do not enter and which are not intended to enter into the final composition of the product.

## TITLE III

## TERRITORIAL REQUIREMENTS

#### **ARTICLE 14**

## Principle of territoriality

- 1. Except as provided for in Articles 3, 4, 5 and 6 of this Protocol and paragraph 3, the conditions for acquiring originating status set out in Title II must be fulfilled without interruption in a SADC EPA State or in the EU.
- 2. Except as provided for in Articles 3, 4, 5 and 6 of this Protocol, where originating goods exported from a SADC EPA State or from the EU to another country return, they must be considered as non-originating, unless it can be demonstrated to the satisfaction of the customs authorities that:
- (a) the returning goods are the same goods as those exported; and
- (b) they have not undergone any operation beyond that necessary to preserve them in good condition while in that country or while being exported.
- 3. The acquisition of originating status in accordance with the conditions set out in Title II shall not be affected by working or processing done outside the EU or a SADC EPA State on materials exported from the EU or from a SADC EPA State and subsequently re-imported there, provided that:
- (a) the said materials are wholly obtained in the EU or in a SADC EPA State or have undergone working or processing beyond the operations referred to in Article 9 of this Protocol prior to being exported; and

(b)it can be demonstrated to the satisfaction of the customs authorities that:

- (i.) the re-imported goods have been obtained by working or processing the exported materials; and
- (ii.) the total added value acquired outside the EU or a SADC EPA State by applying the

provisions of this Article does not exceed 10 % of the ex-works price of the end product for which originating status is claimed.

- 4. For the purposes of paragraph 3, the conditions for acquiring originating status set out in Title II shall not apply to working or processing done outside the EU or a SADC EPA State. But where, in the list in Annex II or Annex II(a), a rule setting a maximum value for all the non-originating materials incorporated is applied in determining the originating status of the end product, the total value of the non-originating materials incorporated in the territory of the party concerned, taken together with the total added value acquired outside the EU or a SADC EPA State by applying the provisions of this Article, shall not exceed the stated percentage.
- 5. For the purposes of applying the provisions of paragraphs 3 and 4, 'total added value' shall be taken to mean all costs arising outside the EU or a SADC EPA State, including the value of the materials incorporated there.
- 6. The provisions of paragraphs 3 and 4 shall not apply to products which do not fulfil the conditions set out in the list in Annex II or Annex II(a) or which can be considered sufficiently worked or processed only if the general tolerance laid down in Article 8(4) of this Protocol is applied.
- 7. The provisions of paragraphs 3 and 4 shall not apply to products of Chapters 50 to 63 of the Harmonized System.
- 8. Any working or processing of the kind covered by the provisions of this Article and done outside the EU or a SADC EPA State shall be done under the outward processing arrangements, or similar arrangements.

#### ARTICLE 15

## Non alteration

1. The products declared for home use in a Party shall be the same products as exported from the other Party in which they are considered to originate. They shall not have been altered, transformed in any way or subjected to operations other than to preserve them in good

condition or than adding or affixing marks, labels, seals or any documentation to ensure compliance with specific domestic requirements of the importing Party, prior to being declared for home use.

- 2. Storage of products or consignments may take place provided they remain under customs supervision in the country(ies) of transit.
- 3. Without prejudice to the provisions of Title V, the splitting of consignments may take place where carried out by the exporter or under his responsibility, provided they remain under customs supervision in the country(ies) of splitting.
- 4. Compliance with paragraphs 1 to 3 shall be considered as satisfied unless the customs authorities have reason to believe the contrary; in such cases, the customs authorities may request the declarant to provide evidence of compliance, which may be given by any means, including contractual transport documents such as bills of lading or factual or concrete evidence based on marking or numbering of packages or any evidence related to the goods themselves.

## Article 16

# Accounting segregation

- 1. Where considerable cost or material difficulties arise in keeping separate stocks of originating and non-originating fungible materials, the customs authorities may, at the written request of those concerned, authorise the so-called 'accounting segregation' method (hereinafter referred to as the 'method') to be used for managing such stocks.
- 2. The method shall ensure that, at any time, the number of products obtained which could be considered as originating in a SADC EPA State or in the EU is the same as that which would have been obtained had there been physical segregation of the stocks.
- 3. The customs authorities may grant the authorisation referred to in paragraph 1 subject to any conditions deemed appropriate.

- 4. The method shall be applied and the application thereof shall be recorded on the basis of the general accounting principles applicable in the country where the product was manufactured.
- 5. The beneficiary of the method may make out or apply for proofs of origin, as the case may be, for the quantity of products which may be considered as originating. At the request of the customs authorities, the beneficiary shall provide a statement of how the quantities have been managed.
- 6. The customs authorities shall monitor the use made of the authorisation and may withdraw it whenever the beneficiary makes improper use of the authorisation in any manner whatsoever or fails to fulfil any of the other conditions laid down in this Protocol.
- 7. For the purposes of paragraph 1, fungible materials means materials that are of the same kind and commercial quality, with the same technical and physical characteristics, and which cannot be distinguished from one another for origin purposes.

#### Article 17

# Shipment of sugar

Shipment by sea between the territories of the Parties of raw sugar not containing added flavouring or colouring matter and destined for further refining, of subheadings 1701.12, 1701.13 and 1701.14 of the Harmonized System, of different origins, shall be allowed without keeping the sugar in separate stores. It shall be ensured that the amounts of such sugar which could be considered as originating is the same as the amounts that would have been declared for import by keeping the sugar in separate stores. The last port of loading should belong to the territory of an ACP EPA State.

#### **ARTICLE 18**

## **Exhibitions**

1. Originating products, sent for exhibition in a country or territory other than those referred to in Articles 4 and 6 of this Protocol with which cumulation is applicable and sold after the exhibition for importation in the EU or in a SADC EPA State shall benefit on importation

from the provisions of this Agreement provided it is shown to the satisfaction of the customs authorities that:

- (a) an exporter has consigned these products from a SADC EPA State or from the EU to the country in which the exhibition is held and has exhibited them there;
- (b) the products have been sold or otherwise disposed of by that exporter to a person in a SADC EPA State or in the EU;
- (c) the products have been consigned during the exhibition or immediately thereafter in the state in which they were sent for exhibition; and
- (d) the products have not, since they were consigned for exhibition, been used for any purpose other than demonstration at the exhibition.
- 2. A proof of origin must be issued or made out in accordance with the provisions of Title IV and submitted to the customs authorities of the importing country in the normal manner. The name and address of the exhibition must be indicated thereon. Where necessary, additional documentary evidence of the conditions under which the products have been exhibited may be required.
- 3. Paragraph 1 shall apply to any trade, industrial, agricultural or crafts exhibition, fair or similar public show or display which is not organized for private purposes in shops or business premises with a view to the sale of foreign products, and during which the products remain under customs control.

#### TITLE IV

## PROOF OF ORIGIN

## ARTICLE 19

# General requirements

- 1. Products originating in a SADC EPA State shall, on importation into the EU and products originating in the EU shall, on importation into a (SADC EPA State, benefit from the provisions of this Agreement upon submission of either:
- (a) in the cases specified in Article 24 (1) of this Protocol, a declaration, subsequently referred to as the "origin declaration", given by the exporter on an invoice, a delivery note or any other commercial document which describes the products concerned in sufficient detail to enable them to be identified. The text of the origin declaration appears in Annex IV; or
- (b) a movement certificate EUR 1, a specimen of which appears in Annex III.
- 2. Notwithstanding paragraph 1, originating products within the meaning of this Protocol shall, in the cases specified in Article 29 of this Protocol, benefit from this Agreement without it being necessary to submit any of the documents referred to above.
- 3. For the purpose of applying the provisions of this Title, the exporters shall endeavour to use a language common to both the SADC EPA States and the EU.

## **ARTICLE 20**

## Procedure for the issue of a movement certificate EUR.1

- 1. A movement certificate EUR.1 shall be issued by the customs authorities of the exporting country on application having been made in writing by the exporter or, under the exporter's responsibility, by his authorized representative.
- 2. For this purpose, the exporter or his authorized representative shall fill out both the movement certificate EUR.1 and the application form, specimens of which appear in Annex III. These forms

shall be completed in accordance with the provisions of this Protocol. If they are handwritten, they shall be completed in ink in printed characters. The description of the products must be given in the box reserved for this purpose without leaving any blank lines. Where the box is not completely filled, a horizontal line must be drawn below the last line of the description, the empty space being crossed through.

- 3. The exporter applying for the issue of a movement certificate EUR.1 shall be prepared to submit at any time, at the request of the customs authorities of the exporting country where the movement certificate EUR.1 is issued, all appropriate documents proving the originating status of the products concerned as well as the fulfilment of the other requirements of this Protocol.
- 4. A movement certificate EUR.1 shall be issued by the customs authorities of a Member State of the EU or of a SADC EPA State if the products concerned can be considered as products originating in the EU or in the SADC EPA States or in one of the other countries or territories referred to in Article 4 of this Protocol and fulfil the other requirements of this Protocol.
- 5. The issuing customs authorities shall take any steps necessary to verify the originating status of the products and the fulfilment of the other requirements of this Protocol. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate. The issuing customs authorities shall also ensure that the forms referred to in paragraph 2 are duly completed. In particular, they shall check whether the space reserved for the description of the products has been completed in such a manner as to exclude all possibility of fraudulent additions.
- 6. The date of issue of the movement certificate EUR.1 shall be indicated in Box 11 of the certificate.
- 7. A movement certificate EUR.1 shall be issued by the customs authorities and made available to the exporter as soon as actual exportation has been effected or ensured.

#### **ARTICLE 21**

Movement certificates EUR.1 issued retrospectively

1. Notwithstanding Article 20(7) of this Protocol, a movement certificate EUR.1 may

exceptionally be issued after exportation of the products to which it relates if:

(a) it was not issued at the time of exportation because of errors or involuntary omissions or

special circumstances; or

(b) it is demonstrated to the satisfaction of the customs authorities that a movement certificate

EUR.1 was issued but was not accepted at importation for technical reasons.

2. For the implementation of paragraph 1, the exporter must indicate in his application the place

and date of exportation of the products to which the movement certificate EUR.1 relates, and state

the reasons for his request.

3. The customs authorities may issue a movement certificate EUR.1 retrospectively only after

verifying that the information supplied in the exporter's application agrees with that in the

corresponding file.

4. Movement certificates EUR.1 issued retrospectively must be endorsed with the following

phrase in English:

"ISSUED RETROSPECTIVELY"

or in Portuguese:

"EMITIDO A POSTERIORI"

5. The endorsement referred to in paragraph 4 shall be inserted in Box 7 of the movement

certificate EUR.1.

ARTICLE 22

Issue of a duplicate movement certificate EUR.1

1. In the event of theft, loss or destruction of a movement certificate EUR.1, the exporter may

apply to the customs authorities which issued it for a duplicate made out on the basis of the export

documents in their possession.

121

2. The duplicate issued in this way must be endorsed with the following word in English:

"DUPLICATE"

or in Portuguese:

"SEGUNDA VIA"

- 3. The endorsement referred to in paragraph 2 shall be inserted in Box 7 of the duplicate movement certificate EUR.1.
- 4. The duplicate, which must bear the date of issue of the original movement certificate EUR.1, shall take effect as from that date.

#### **ARTICLE 23**

Issue of movement certificates EUR.1 on the basis of a proof of origin issued or made out previously

When originating products are placed under the control of a customs office in a SADC EPA State or in the EU, it shall be possible to replace the original proof of origin by one or more movement certificates EUR.1 for the purpose of sending all or some of these products elsewhere within the SADC EPA States or within the EU. The replacement movement certificate(s) EUR.1 shall be issued by the customs office under whose control the products are placed and endorsed by the customs authority under whose control the products are placed.

## **ARTICLE 24**

Conditions for making out an origin declaration

- 1. An origin declaration as referred to in Article 19(1)(a) of this Protocol may be made out:
- (a) by an approved exporter within the meaning of Article 25 of this Protocol, or
- (b) by any exporter for any consignment consisting of one or more packages containing

originating products whose total value does not exceed EUR 6 000.

- 2. An origin declaration may be made out if the products concerned can be considered as products originating in the SADC EPA States or in the EU or in one of the other countries or territories referred to in Article 4 of this Protocol and fulfil the other requirements of this Protocol.
- 3. The exporter making out an origin declaration shall be prepared to submit at any time, at the request of the customs authorities of the exporting country, all appropriate documents proving the originating status of the products concerned as well as the fulfilment of the other requirements of this Protocol.
- 4. An origin declaration shall be made out by the exporter by typing, stamping or printing on the invoice, the delivery note or another commercial document, the declaration, the text of which appears in Annex IV to this Protocol, using one of the linguistic versions set out in that Annex and in accordance with the provisions of the domestic law of the exporting country. If the declaration is handwritten, it shall be written in ink in printed characters.
- 5. Origin declarations shall bear the original signature of the exporter in manuscript. However, an approved exporter within the meaning of Article 25 of this Protocol shall not be required to sign such declarations provided that he gives the customs authorities of the exporting country a written undertaking that he accepts full responsibility for any origin declaration which identifies him as if it had been signed in manuscript by him.
- 6. An origin declaration may be made out by the exporter when the products to which it relates are exported, or after exportation on condition that it is presented in the importing country no longer than two (2) years after the importation of the products to which it relates.

#### **ARTICLE 25**

# Approved exporter

1. The customs authorities of the exporting country may authorize any exporter who makes frequent shipments of products under the trade cooperation provisions of this Agreement to make out origin declarations irrespective of the value of the products concerned. An exporter seeking such authorization must offer to the satisfaction of the customs authorities all guarantees necessary

to verify the originating status of the products as well as the fulfilment of the other requirements of this Protocol.

- 2. The customs authorities may grant the status of approved exporter subject to any conditions which they consider appropriate.
- 3. The customs authorities shall grant to the approved exporter a customs authorization number which shall appear on the origin declaration.
- 4. The customs authorities shall monitor the use of the authorization by the approved exporter.
- 5. The customs authorities may withdraw the authorization at any time. They shall do so where the approved exporter no longer offers the guarantees referred to in paragraph 1, does not fulfil the conditions referred to in paragraph 2 or otherwise makes an incorrect use of the authorization.

#### **ARTICLE 26**

## Validity of proof of origin

- 1. A proof of origin shall be valid for ten (10) months from the date of issue in the exporting country, and must be submitted within the said period to the customs authorities of the importing country.
- 2. Proofs of origin which are submitted to the customs authorities of the importing country after the final date for presentation specified in paragraph 1 may be accepted for the purpose of applying preferential treatment, where the failure to submit these documents by the final date set is due to exceptional circumstances.
- 3. In other cases of belated presentation, the customs authorities of the importing country may accept the proofs of origin where the products have been submitted before the said final date.

#### **ARTICLE 27**

# Submission of proof of origin

Proof of origin shall be submitted to the customs authorities of the importing country in accordance

with the procedures applicable in that country. The said authorities may require a translation of a proof of origin and may also require the import declaration to be accompanied by a statement from the importer to the effect that the products meet the conditions required for the implementation of this Agreement.

## **ARTICLE 28**

## Importation by instalments

Where, at the request of the importer and on the conditions laid down by the customs authorities of the importing country, dismantled or non-assembled products within the meaning of General Rule 2(a) for the interpretation of the Harmonized System falling within Sections XVI and XVII or heading 7308 and 9406 of the Harmonized System are imported by instalments, a single proof of origin for such products shall be submitted to the customs authorities upon importation of the first instalment.

#### **ARTICLE 29**

## Exemptions from proof of origin

- 1. Products sent as small packages from private persons to private persons or forming part of travellers' personal luggage shall be admitted as originating products without requiring the submission of a proof of origin, provided that such products are not imported by way of trade and have been declared as meeting the requirements of this Protocol and where there is no doubt as to the veracity of such a declaration. In the case of products sent by post, this declaration can be made on customs declaration CN22/CN23 or on a sheet of paper annexed to that document.
- 2. Imports which are occasional and consist solely of products for the personal use of the recipients or travellers or their families shall not be considered as imports by way of trade if it is evident from the nature and quantity of the products that no commercial purpose is in view.
- 3. Furthermore, the total value of these products shall not exceed EUR 500 in the case of small packages or EUR 1 200 in the case of products forming part of travellers' personal luggage.

## ARTICLE 30

Information procedure for cumulation purposes

- 1. When Articles 3(2), 3(3), 4(2) and 4(3) of this Protocol are applied, the evidence of originating status within the meaning of this Protocol of the materials coming from a SADC EPA State, from the EU, from another ACP EPA State or from an OCT shall be given by a movement certificate EUR.1, an origin declaration or the supplier's declaration, a specimen of which appears in Annex V A, given by the exporter in any of these countries or territories or in the EU from which the materials came. When Article 6(1) of this Protocol is applied, the evidence of originating status shall be given by Form A or a statement on origin.
- 2. When Articles 3(4), 3(5), 4(6) and 4(7) of this Protocol are applied, the evidence of the working or processing carried out in a SADC EPA State, in the EU, in another ACP EPA State or in an OCT shall be given by the supplier's declaration a specimen of which appears in Annex V B, given by the exporter in any of these countries or territories or in the EU from which the materials came. A separate supplier's declaration shall be made up by the supplier for each consignment of goods on the commercial invoice related to that shipment or in an annex to that invoice, or on a delivery note or other commercial document related to that shipment which describes the materials concerned in sufficient detail to enable them to be identified.
- 3. When a supplier regularly supplies a particular customer with goods whose status in respect of the rules of preferential origin is expected to remain constant for considerable periods of time, he may provide a single declaration, hereinafter referred to as 'a long-term supplier's declaration', provided that facts or circumstances on which it is granted remain unchanged, to cover subsequent shipments of those goods. A long-term supplier's declaration may be issued for a period of up to one year from the date of issue of the declaration.
- 4. A long-term supplier's declaration may be issued with retroactive effect. In such cases, its validity may not exceed a period of one year from the date on which it came into effect. However it is recognised that the customs authority would have the right to revoke a long term supplier's declaration, should the circumstances change, or when inaccurate or false information has been provided.
- 5. The supplier shall inform the client immediately when the long-term supplier's declaration is no longer valid in relation to the goods supplied.

- 6. The supplier's declaration may be made out on a pre-printed form.
- 7. The suppliers' declarations shall bear the original signature of the supplier in manuscript. However, where the origin and the supplier's declaration are established using electronic data-processing methods, the supplier's declaration need not be signed in manuscript provided the responsible official in the supplying company is identified to the satisfaction of the customs authorities in the State where the suppliers' declarations are established. The said customs authorities may lay down conditions for the implementation of this paragraph.
- 8. The supplier's declarations shall be submitted to the customs authorities in the exporting country requested to issue the movement certificate EUR.1.
- 9. The supplier making out a declaration must be prepared to submit at any time, at the request of the customs authorities of the country where the declaration is made out, all appropriate documents proving that the information given on this declaration is correct.
- 10. Suppliers' declarations made and information certificates issued before the date of entry into force of this Protocol in accordance with Article 26 of Council Regulation (EC) 1528/2007 shall remain valid for a transitional period of twelve (12) months.

## **ARTICLE 31**

## Supporting documents

The documents referred to in Articles 20(3) and 24(3) of this Protocol used for the purpose of proving that products covered by a movement certificate EUR.1 or an origin declaration can be considered as products originating in a SADC EPA State, in the EU or in one of the other countries or territories referred to in Articles 4 and 6 of this Protocol and fulfil the other requirements of this Protocol may consist inter alia of the following:

- (a) direct evidence of the processes carried out by the exporter or supplier to obtain the goods concerned, contained for example in his accounts or internal bookkeeping;
- (b) documents proving the originating status of materials used, issued or made out in a SADC

EPA State, in the EU or in one of the other countries or territories referred to in Articles 4 and 6 of this Protocol where these documents are used in accordance with national law;

(c) documents proving the working or processing of materials in a SADC EPA State, in the EU or in one of the other countries or territories referred to in Articles 4 and 6 of this Protocol, issued or made out in a SADC EPA State, in the EU or in one of the other countries or territories referred to in Articles 4 and 6 of this Protocol where these documents are used in

accordance with national law;

(d) movement certificates EUR.1 or origin declarations proving the originating status of materials used, issued or made out in a SADC EPA State, in the EU or in one of the other countries or territories referred to in Article 4 of this Protocol and in accordance with this Protocol.

#### **ARTICLE 32**

Preservation of proof of origin and supporting documents

1. The exporter applying for the issue of a movement certificate EUR.1 shall keep for at least three (3) years the documents referred to in Article 20(3) of this Protocol.

2. The exporter making out an origin declaration shall keep for at least three (3) years a copy of this origin declaration as well as the documents referred to in Article 24(3) of this Protocol.

3. The supplier making out a supplier's declaration shall keep for at least three (3) years copies of the declaration and of the invoice, delivery notes or other commercial document to which this declaration is annexed as well as the documents referred to in Article 30(9) of this Protocol.

4. The customs authorities of the exporting country issuing a movement certificate EUR.1 shall keep for at least three (3) years the application form referred to in Article 20(2) of this Protocol.

5. The customs authorities of the importing country shall keep for at least three (3) years the movement certificates EUR.1 and the origin declarations submitted to them.

## **ARTICLE 33**

Discrepancies and formal errors

- 1. The discovery of slight discrepancies between the statements made in the proof of origin and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not *ipso facto* render the proof of origin null and void if it is duly established that this document does correspond to the products submitted.
- 2. Obvious formal errors such as typing errors on a proof of origin should not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

## **ARTICLE 34**

# Amounts expressed in Euro

- 1. For the application of the provisions of Article 24(1)(b) and Article 29(3) of this Protocol in cases where products are invoiced in a currency other than the euro, amounts in the national currencies of the SADC EPA States or of the Member States of the EU equivalent to the amounts expressed in Euro shall be fixed annually by each of the countries concerned.
- 2. A consignment shall benefit from the provisions of Article 24(1)(b) or Article 29(3) of this Protocol by reference to the currency in which the invoice is drawn up, according to the amount fixed by the country concerned.
- 3. The amounts to be used in any given national currency shall be the equivalent in that currency of the amounts expressed in Euro as at the first working day of October. The amounts shall be communicated to the European Commission by 15 October and shall apply from 1 January the following year. The European Commission shall notify all countries concerned of the relevant amounts.
- 4. A country may round up or down the amount resulting from the conversion into its national currency of an amount expressed in Euro. The rounded-off amount may not differ from the amount resulting from the conversion by more than 5 per cent. A country may retain unchanged its national currency equivalent of an amount expressed in euro if, at the time of the annual adjustment provided for in paragraph 3, the conversion of that amount, prior to any rounding-off, results in an increase of less than 15 per cent in the national currency equivalent. The national currency

equivalent may be retained unchanged if the conversion would result in a decrease in that equivalent value.

5. The amounts expressed in Euro shall be reviewed by the Committee at the request of the EU or of the SADC EPA States. When carrying out this review, the Committee shall consider the desirability of preserving the effects of the limits concerned in real terms. For this purpose, it may decide to modify the amounts expressed in Euro.

#### TITLE V

## ARRANGEMENTS FOR ADMINISTRATIVE COOPERATION

#### **ARTICLE 35**

# Administrative conditions for products to benefit from this Agreement

- 1. Products originating within the meaning of this Protocol in a SADC EPA State or in the EU shall benefit, at the time of the customs import declaration, from the preferences resulting from the Agreement only on condition that they were exported on or after the date on which the exporting country complies with the provisions laid down in paragraph 2.
- 2. The SADC EPA States and the EU shall undertake to put in place:
- (a) the necessary national and regional arrangements required for the implementation and enforcement of the rules and procedures laid down in this Protocol, including where appropriate the arrangements necessary for the application of Articles 3, 4 and 6 of this Protocol:
- (b) the administrative structures and systems necessary for an appropriate management and control of the origin of products and compliance with the other conditions laid down in this Protocol.

They shall make the notifications referred to in Article 36 of this Protocol.

## **ARTICLE 36**

#### Notification of customs authorities

1. The SADC EPA States and the EU shall provide each other through the European Commission, with the addresses of the customs authorities responsible for issuing and verifying movement certificates EUR.1 and origin declarations or supplier's declarations, and with specimen impressions of the stamps used in their customs offices for the issue of these certificates. Movement certificates EUR.1 and origin declarations or supplier's declarations shall be accepted

for the purpose of applying preferential treatment from the date the information is received by the European Commission, the SACU Secretariat and the Ministry of Industry and Trade of Mozambique.

- 2. The SADC EPA States and the EU shall inform each other immediately whenever there are any changes to the information referred to in paragraph 1.
- 3. The authorities referred to in paragraph 1 shall act under the authority of the government of the country concerned. The authorities in charge of control and verification shall be part of the governmental authorities of the country concerned.

## **ARTICLE 37**

## Mutual assistance

- 1. In order to ensure the proper application of this Protocol, the EU and the SADC EPA States shall assist each other, through the competent customs administrations, in checking the authenticity of the movement certificates EUR.1, the origin declarations or the supplier's declarations and the correctness of the information given in these documents.
- 2. The authorities consulted shall furnish the relevant information concerning the conditions under which the product has been made, indicating especially the conditions in which the rules of origin have been respected in the various SADC EPA States, in the EU and the other countries referred to in Articles 4 and 6 of this Protocol concerned.

## **ARTICLE 38**

## Verification of proof of origin

- 1. Subsequent verifications of proof of origin shall be carried out based on risk analysis and at random or whenever the customs authorities of the importing country have reasonable doubts as to the authenticity of such documents, the originating status of the products concerned or the fulfilment of the other requirements of this Protocol.
- 2. For the purposes of implementing the provisions of paragraph 1, the customs authorities of the importing country shall return the movement certificate EUR.1 and the invoice, if it has been

submitted, the origin declaration, or a copy of these documents, to the customs authorities of the exporting country giving, where appropriate, the reasons for the request for verification. Any

documents and information obtained suggesting that the information given on the proof of origin is

incorrect shall be forwarded in support of the request for verification.

3. The verification shall be carried out by the customs authorities of the exporting country. For

this purpose, they shall have the right to call for any evidence and to carry out any inspection of the

exporter's accounts or any other check considered appropriate.

4. If the customs authorities of the importing country decide to suspend the granting of

preferential treatment to the products concerned while awaiting the results of the verification,

release of the products shall be offered to the importer subject to any precautionary measures

judged necessary.

5. The customs authorities requesting the verification shall be informed of the results of this

verification as soon as possible. These results must indicate clearly whether the documents are

authentic and whether the products concerned can be considered as products originating in a SADC

EPA State, in the EU or in one of the other countries referred to in Articles 4 and 6 of this Protocol

and fulfil the other requirements of this Protocol.

6. If in cases of reasonable doubt there is no reply within ten (10) months of the date of the

verification request or if the reply does not contain sufficient information to determine the

authenticity of the document in question or the real origin of the products, the requesting customs

authorities shall, except in exceptional circumstances, refuse entitlement to the preferences.

7. Where the verification procedure or any other available information appears to indicate that

the provisions of this Protocol are being contravened, the exporting country on its own initiative or

at the request of the importing country shall carry out appropriate enquiries or arrange for such

enquiries to be carried out with due urgency to identify and prevent such contraventions and for this

purpose the exporting country concerned may invite the participation of the importing country in

these verifications.

**ARTICLE 39** 

Verification of suppliers' declarations

133

- 1. Verification of suppliers' declarations shall be carried out based on risk analysis and at random or whenever the customs authorities of the country where such declarations have been taken into account to issue a movement certificate EUR.1 or to make out an origin declaration, have reasonable doubts as to the authenticity of the document or the correctness of the information given in this document.
- 2. The customs authorities to which a supplier's declaration is submitted may request the customs authorities of the State where the declaration was made to issue an information certificate, a specimen of which appears in Annex VI. Alternatively, the customs authorities to whom a supplier's declaration is submitted may request the exporter to produce an information certificate issued by the customs authorities of the State where the declaration was made. A copy of the information certificate shall be preserved by the office which has issued it for at least three (3) years.
- 3. The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. The results must indicate clearly whether the information given in the supplier's declaration is correct and make it possible for them to determine whether and to what extent this supplier's declaration could be taken into account for issuing a movement certificate EUR.1 or for making out an origin declaration.
- 4. The verification shall be carried out by the customs authorities of the country where the supplier's declaration was made out. For this purpose, they shall have the right to call for any evidence or to carry out any inspection of the supplier's account or any other check which they consider appropriate in order to verify the correctness of any supplier's declaration.
- 5. Any movement certificate EUR.1 or origin declaration issued or made out on the basis of an incorrect supplier's declaration shall be considered null and void.

## **ARTICLE 40**

#### Dispute settlement

1. Where disputes arise in relation to the verification procedures of Articles 38 and 39 of this Protocol which cannot be settled between the customs authorities requesting a verification and the

customs authorities responsible for carrying out this verification or where they raise a question as to the interpretation of this Protocol, they shall be submitted to the Committee.

2. In all cases the settlement of disputes between the importer and the customs authorities of the importing country shall take place under the legislation of that country.

#### **ARTICLE 41**

#### **Penalties**

Penalties shall be imposed on any person who draws up, or causes to be drawn up, a document which contains incorrect information for the purpose of obtaining a preferential treatment for products.

## **ARTICLE 42**

#### Free zones

- 1. The SADC EPA States and the EU shall take all necessary steps to ensure that products traded under cover of a proof of origin or a supplier's declaration and which in the course of transport use a free zone situated in their territory, are not substituted by other goods and do not undergo handling other than normal operations designed to prevent their deterioration.
- 2. By means of an exemption to the provisions contained in paragraph 1, when products originating in a SADC EPA State or in the EU are imported into a free zone under cover of a proof of origin and undergo treatment or processing, the authorities concerned shall issue a new movement certificate EUR.1 at the exporter's request, if the treatment or processing undergone complies with the provisions of this Protocol.

#### **ARTICLE 43**

# Derogations

- 1. Derogations from this Protocol may be adopted by the Committee, where the development of existing industries or the creation of new industries in the SADC EPA States justifies them.
- 1.1 The SADC EPA State or States concerned shall, either before or when submitting the matter

to the Committee, notify the EU of its request for a derogation together with the reasons for the request in accordance with paragraph 2.

- 1.2 The EU shall respond positively to all the SADC EPA States' requests which are duly justified in conformity with this Article and which cannot cause serious injury to an established EU industry.
- 2. In order to facilitate the examination by the Committee of requests for derogation, the SADC EPA State or States making the request shall, by means of the form given in Annex VII, furnish in support of its request the fullest possible information covering in particular the points listed below:
  - (a) description of the finished product;
  - (b) nature and quantity of materials originating in a third country;
  - (c) nature and quantity of materials originating in the SADC EPA States or the countries or territories referred to in Articles 4 and 6 the Committee or the materials which have been processed there;
  - (d) manufacturing processes;
  - (e) value added;
  - (f) number of employees in the enterprise concerned;
  - (g) anticipated volume of exports to the EU;
  - (h) other possible sources of supply for raw materials;
  - (i) reasons for the duration requested in the light of efforts made to find new sources of supply;
  - (i) other observations.

The same rules shall apply to any requests for extension. The Committee may modify the form.

- 3. The examination of requests shall in particular take into account:
- (a) the level of development or the geographical situation of the SADC EPA State or States concerned;
- (b) cases where the application of the existing rules of origin would significantly affect the ability of an existing industry in a SADC EPA State to continue its exports to the EU, with particular reference to cases where this could lead to cessation of its activities;
- (c) specific cases where it can be clearly demonstrated that significant investment in an industry could be deterred by the rules of origin and where a derogation favouring the realization of the investment program would enable these rules to be satisfied by stages.
- 4. In every case an examination shall be made to ascertain whether the rules relating to cumulation of origin do not provide a solution to the problem.
- 5. In addition, when a request for derogation concerns a least-developed SADC EPA State, its examination shall be carried out with a favourable bias having particular regard to:
- (a) the economic and social impact of the decision to be taken especially in respect of employment;
- (b) the need to apply the derogation for a period taking into account the particular situation of the SADC EPA State concerned and its difficulties.
- 6. In the examination of requests, special account shall be taken, case by case, of the possibility of conferring originating status on products which include in their composition materials originating in LDCs or developing countries with which one or more SADC EPA States have special relations, provided that satisfactory administrative cooperation can be established.
- 7. Without prejudice to paragraphs 1 to 6, the derogation shall be granted where the value added to the non-originating products used in the SADC EPA State concerned is at least 45 per cent of the value of the finished product, provided that the derogation is not such as to cause serious injury to an economic sector of the EU or of one or more Member States.

- 8. The Committee shall take steps necessary to ensure that a decision is reached as soon as possible and in any case not later than seventy five (75) working days after the request is received by the EU Co-chairman of the Committee. If the EU does not inform the SADC EPA States of its position on the request within this period, the request shall be deemed to have been accepted.
- 9. (a) The derogation shall be valid for a period, generally of five (5) years, to be determined by the Committee.
- (b) The derogation decision may provide for renewals without a new decision of the Committee being necessary, provided that the SADC EPA State or States concerned submit, three (3) months before the end of each period, proof that they are still unable to meet the conditions of this Protocol, which have been derogated from. If any objection is made to the extension, the Committee shall examine it as soon as possible and decide whether to prolong the derogation. The Committee shall proceed as provided for in paragraph 8. All necessary measures shall be taken to avoid interruptions in the application of the derogation.
- (c) In the periods referred to in subparagraphs (a) and (b), the Committee may review the terms for implementing the derogation should a significant change be found to have taken place in the substantive factors governing the decision to grant the derogation. On conclusion of its review the Committee may decide to amend the terms of its decision as regards the scope of derogation or any other condition previously laid down.
- 10. Notwithstanding paragraphs 1 to 9, an automatic derogation concerning prepared or preserved Albacore tuna (*Thunnus alalunga*) of HS Heading 1604, manufactured from non-originating Albacore tuna of HS Headings 0302 or 0303, shall be granted to Namibia from the date the Agreement takes effect between Namibia and the EU pursuant to Article 113 of this Agreement within an annual quota of 800 metric tons.
- 11. Notwithstanding paragraphs 1 to 9, an automatic derogation to Article 7.2(c) of this Protocol shall be granted to Mozambique. This derogation shall apply for a duration of five (5) years from the entry into force of this Agreement to shrimps, prawns and lobsters of HS Headings 0306 and 1605 caught in the Exclusive Economic Zone of Mozambique and landed and processed in Mozambique.

## TITLE VI

## CEUTA AND MELILLA

## **ARTICLE 44**

# Special conditions

- 1. The term "EU" used in this Protocol does not cover Ceuta and Melilla. The term "products originating in the EU" does not cover products originating in Ceuta and Melilla.
- 2. The provisions of this Protocol shall apply *mutatis mutandis* in determining whether products may be deemed as originating in a SADC EPA State when imported into Ceuta and Melilla.
- 3. Where products wholly obtained in Ceuta, Melilla or in the EU undergo working and processing in a SADC EPA State, they shall be considered as having been wholly obtained in the SADC EPA States.
- 4. Working or processing carried out in Ceuta, Melilla or in the EU shall be considered as having been carried out in a SADC EPA State, when materials undergo further working or processing in a SADC EPA State.
- 5. For the purpose of implementing paragraphs 3 and 4, the insufficient operations listed in Article 9 of this Protocol shall not be considered as working or processing.
- 6. Ceuta and Melilla shall be considered as a single territory.

## TITLE VII

## FINAL PROVISIONS

## **ARTICLE 45**

## Revision and application of rules of origin

- 1. In accordance with Article 101 of this Agreement, the Joint Council shall examine annually, or whenever the SADC EPA States or the EU so request, the application of the provisions of this Protocol and their economic effects with a view to making any necessary amendments or adaptations.
- 2. The Joint Council shall take into account among other elements the effects on the rules of origin of technological developments.
- 3. The decisions taken shall be implemented as soon as possible.
- 4. In accordance with Article 50 of this Agreement, the Committee shall, *inter alia*, take decisions on derogations from this Protocol, under the conditions laid down in Article 43 of this Protocol.

## **ARTICLE 46**

## Annexes

The Annexes to this Protocol shall form an integral part thereof.

## **ARTICLE 47**

## Implementation of the Protocol

The EU and the SADC EPA States shall each take the steps necessary to implement this Protocol.

## ANNEX I

## INTRODUCTORY NOTES TO THE LIST IN ANNEX II

#### Note 1:

The list sets out the conditions required for all products to be considered as sufficiently worked or processed within the meaning of Article 8 of the Protocol.

#### Note 2:

- 1. The first two columns in the list describe the product obtained. The first column gives the heading number or chapter number used in the Harmonized System and the second column gives the description of goods used in that system for that heading or chapter. For each entry in the first two columns a rule is specified in columns 3 or 4. Where, in some cases, the entry in the first column is preceded by an "ex", this signifies that the rules in columns 3 or 4 apply only to the part of that heading as described in column 2.
- 2. Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rules in columns 3 or 4 apply to all products which, under the Harmonized System, are classified in headings of the chapter or in any of the headings grouped together in column 1.
- 3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in columns 3 or 4.
- 4. Where, for an entry in the first two columns, a rule is specified in both columns 3 and 4, the exporter may opt, as an alternative, to apply either the rule set out in column 3 or that set out in column 4. If no origin rule is given in column 4, the rule set out in column 3 has to be applied.

#### Note 3:

1. The provisions of Article 8 of this Protocol concerning products having acquired originating status which are used in the manufacture of other products apply regardless of whether this status has been acquired inside the factory where these products are used or in another factory in the EU or in the SADC EPA States.

# Example:

An engine of heading No 8407, for which the rule states that the value of the non-originating materials which may be incorporated may not exceed 40 per cent of the ex-works price, is made from "other alloy steel roughly shaped by forging" of heading No ex 7224.

If this forging has been forged in the EU from a non-originating ingot, it has already acquired originating status by virtue of the rule for heading No ex 7224 in the list. The forging can then count as originating in the value calculation for the engine regardless of whether it was produced in the same factory or in another factory in the EU. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

- 2. The rule in the list represents the minimum amount of working or processing required and the carrying out of more working or processing also confers originating status; conversely, the carrying out of less working or processing cannot confer originating status. Therefore, if a rule provides that non-originating material at a certain level of manufacture may be used, the use of such material at an earlier stage of manufacture is allowed and the use of such material at a later stage is not.
- 3. Without prejudice to Note 3.2 where a rule states that "materials of any heading" may be used, materials of the same heading as the product may also be used, subject, however, to any specific limitations which may also be contained in the rule. However, the expression "manufacture from materials of any heading, including other materials of heading No ..." means that only materials classified in the same heading as the product of a different description than that of the product as given in column 2 of the list may be used.

4. When a rule in the list specifies that a product may be manufactured from more than one material, this means that any one or more materials may be used. It does not require that all be used.

# Example:

The rule for fabrics of heading Nos. 5208 to 5212 provides that natural fibres may be used and that chemical materials, among other materials, may also be used. This does not mean that both have to be used; it is possible to use one or the other or both.

5. Where a rule in the list specifies that a product must be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule. (See also Note 6.3 below in relation to textiles).

### Example:

The rule for prepared foods of heading No 1904 which specifically excludes the use of non-originating cereals and their derivatives does not prevent the use of mineral salts, chemicals and other additives which are not products from cereals.

However, this does not apply to products which, although they cannot be manufactured from the particular materials specified in the list, can be produced from a material of the same nature at an earlier stage of manufacture.

# Example:

In the case of an article of apparel of ex Chapter 62 made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth – even if non-woven cloths cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn – that is the fibre stage.

6. Where, in a rule in the list, two percentages are given for the maximum value of non-originating materials that can be used, then these percentages may not be added together. In other words, the maximum value of all the non-originating materials used may never exceed the highest of the percentages given. Furthermore, the individual percentages must not be exceeded in relation to the particular materials they apply to.

### Note 4:

- 1. The term "natural fibres" is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres that have been carded, combed or otherwise processed but not spun.
- 2. The term "natural fibres" includes horsehair of heading No 0503, silk of heading Nos 5002 and 5003 as well as the wool fibres, fine or coarse animal hair of heading Nos 5101 to 5105, the cotton fibres of heading Nos 5201 to 5203 and the other vegetable fibres of heading Nos 5301 to 5305.
- 3. The terms "textile pulp", "chemical materials" and "paper-making materials" are used in the list to describe the materials not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.
- 4. The term "man-made staple fibres" is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of heading Nos 5501 to 5507.

## Note 5:

- 1. Where for a given product in the list a reference is made to this note, the conditions set out in column 3 shall not be applied to any basic textile materials, used in the manufacture of this product, which, taken together, represent 10 per cent or less of the total weight of all the basic textile materials used. (See also Notes 5.3 and 5.4 below).
- 2. However, the tolerance mentioned in Note 5.1 may only be applied to mixed products which have been made from two or more basic textile materials.

# The following are the basic textile materials:

- silk,
- wool,
- coarse animal hair,
- fine animal hair,
- horsehair,
- cotton,
- paper-making materials and paper,
- flax.
- true hemp,
- jute and other textile bast fibres,
- sisal and other textile fibres of the genus Agave,
- coconut, abaca, ramie and other vegetable textile fibres,
- synthetic man-made filaments,
- artificial man-made filaments,
- current conducting filaments,
- synthetic man-made staple fibres of polypropylene,
- synthetic man-made staple fibres of polyester,
- synthetic man-made staple fibres of polyamide,
- synthetic man-made staple fibres of polyacrylonitrile,
- synthetic man-made staple fibres of polyimide,
- synthetic man-made staple fibres of polytetrafluoroethylene,
- synthetic man-made staple fibres of polyphenylene sulphide,
- synthetic man-made staple fibres of polyvinyl chloride,
- other synthetic man-made staple fibres,
- artificial man-made staple fibres of viscose,
- other artificial man-made staple fibres,
- yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped,
- yarn made of polyurethane segmented with flexible segments of polyester whether or not gimped,
- products of heading No 5605 (metallized yarn) incorporating strip consisting of a core

of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film,

- other products of heading No 5605.

# Example:

A yarn of heading No 5205 made from cotton fibres of heading No 5203 and synthetic staple fibres of heading No 5506 is a mixed yarn. Therefore, non-originating synthetic staple fibres that do not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) may be used up to a weight of 10 per cent of the yarn.

# Example:

A woollen fabric of heading No 5112 made from woollen yarn of heading No 5107 and synthetic yarn of staple fibres of heading No 5509 is a mixed fabric. Therefore synthetic yarn which does not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) or woollen yarn that does not satisfy the origin rules (which require manufacture from natural fibres, not carded or combed or otherwise prepared for spinning) or a combination of the two may be used provided their total weight does not exceed 10 per cent of the weight of the fabric.

# Example:

Tufted textile fabric of heading No 5802 made from cotton yarn of heading No 5205 and cotton fabric of heading No 5210 is only a mixed product if the cotton fabric is itself a mixed fabric being made from yarns classified in two separate headings or if the cotton yarns used are themselves mixtures.

### Example:

If the tufted textile fabric concerned had been made from cotton yarn of heading No 5205 and synthetic fabric of heading No 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is accordingly a mixed product.

- 3. In the case of products incorporating "yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped" this tolerance is 20 per cent in respect of this yarn.
- 4. In the case of products incorporating "strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of an adhesive between two layers of plastic film", this tolerance is 30 per cent in respect of this strip.

### Note 6:

1. In the case of those textile products, which are marked in the list by a footnote referring to this Introductory Note, textile trimmings and accessories which do not satisfy the rule set out in the list in column 3 for the made up products concerned may be used provided that their weight does not exceed 10 % of the total weight of all the textile materials incorporated.

Textile trimmings and accessories are those classified in Chapters 50 to 63. Linings and interlinings are not to be regarded as trimmings or accessories.

- 2. Any non-textile trimmings and accessories or other materials used which contain textiles do not have to satisfy the conditions set out in column 3 even though they fall outside the scope of Note 3.5.
- 3. In accordance with Note 3.5, any non-originating non-textile trimmings and accessories or other product, which do not contain any textiles, may, anyway, be used freely where they cannot be made from the materials listed in column 3.

For example<sup>1</sup>, if a rule in the list says that for a particular textile item, such as a blouse, yarn must be used, this does not prevent the use of metal items, such as buttons, because they cannot be made from textile materials.

This example is given for the purpose of explanation only. It is not legally binding.

4. Where a percentage rule applies, the value of trimmings and accessories must be taken into account when calculating the value of the non-originating materials incorporated.

# Note 7:

- 1. For the purposes of heading Nos ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, the "specific processes" are the following:
  - (a) vacuum distillation;
  - (b) redistillation by a very thorough fractionation process;
  - (c) cracking;
  - (d) reforming;
  - (e) extraction by means of selective solvents;
  - (f) the process comprising all the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralization with alkaline agents; decolorization and purification with naturally active earth, activated earth, activated charcoal or bauxite;
  - (g) polymerization;
  - (h) alkylation;
  - (i) isomerization.
- 2. For the purposes of heading Nos 2710, 2711 and 2712, the "specific processes" are the following:
  - (a) vacuum distillation;
  - (b) redistillation by a very thorough fractionation process;
  - (c) cracking;
  - (d) reforming;
  - (e) extraction by means of selective solvents;
  - (f) the process comprising all the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralization with alkaline agents; decolorization and purification with naturally active earth, activated earth, activated charcoal or bauxite;
  - (g) polymerization;

- (h) alkylation;
- (i) isomerization;
- (j) in respect of heavy oils falling within heading No ex 2710 only, desulphurization with hydrogen resulting in a reduction of at least 85 per cent of the sulphur content of the products processed (ASTM D 1266-59 T method);
- (k) in respect of products falling within heading No 2710 only, deparaffining by a process other than filtering;
- (l) in respect of heavy oils falling within heading No ex 2710 only, treatment with hydrogen at a pressure of more than 20 bar and a temperature of more than 250°C with the use of a catalyst, other than to effect desulphurization, when the hydrogen constitutes an active element in a chemical reaction. The further treatment with hydrogen of lubricating oils of heading No ex 2710 (e.g. hydrofinishing or decolorization) in order, more especially, to improve colour or stability shall not, however, be deemed to be a specific process;
- (m) in respect of fuel oils falling within heading No ex 2710 only, atmospheric distillation, on condition that less than 30 per cent of these products distils, by volume, including losses, at 300°C by the ASTM D 86 method;
- (n) in respect of heavy oils other than gas oils and fuel oils falling within heading No ex 2710 only, treatment by means of a high-frequency electrical brush-discharge.

For the purposes of heading Nos ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, simple operations such as cleaning, decanting, desalting, water separation, filtering, colouring, marking, obtaining a sulphur content as a result of mixing products with different sulphur contents, any combination of these operations or like operations do not confer origin.

150

# **ANNEX II**

# LIST OF WORKING OR PROCESSING REQUIRED TO BE CARRIED OUT ON NON-ORIGINATING MATERIALS IN ORDER THAT THE PRODUCT MANUFACTURED CAN OBTAIN ORIGINATING STATUS

The products mentioned in the list may not all be covered by this Agreement. It is therefore necessary to consult the other parts of this Agreement.

HS heading No (1) Chapter 01	Description of product (2) Live animals	Working or processing carried out on non-originating materials that confers originating status  (3) or (4)  All the animals of Chapter
		1 used must be wholly obtained
Chapter 02	Meat and edible meat offal	Manufacture in which all the materials of Chapters 1 and 2 used must be wholly obtained
ex Chapter 03	Fish and crustaceans, molluscs and other aquatic invertebrates; except for:	All the materials of Chapter 3 used must be wholly obtained
0304	Fish fillets and other fish meat (whether or not minced), fresh, chilled or frozen	Manufacture in which the value of any materials of Chapter 3 used does not exceed 15 % of the exworks price of the product
0305	Fish, dried, salted or in brine; smoked fish, whether or not cooked before or during the smoking process; flours, meals and pellets of fish, fit for human consumption	Manufacture in which the value of any materials of Chapter 3 used does not exceed 15 % of the exworks price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		g status
(1)	(2)	(3)	or	(4)
ex 0306	Crustaceans, whether in	Manufacture in which the		
	shell or not, dried,	value of any materials of		
	salted or in brine;	Chapter 3 used does not		
	smoked crustaceans,	exceed 15 % of the ex-

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status	
(1)	(2) Sterile absorbable surgical or dental yarn and sterile surgical or dental adhesion barriers, whether or not absorbable:  -Made of plastic (ex3920 or ex3921):	(3)	or (4)
	Ionomer sheet or film	Manufacture from a thermoplastic partial salt which is a copolymer of ethylene and metacrylic acid partly neutralized with metal ions, mainly zinc and sodium	Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
	Sheets of regenerated cellulose, polyamides or polyethylene	Manufacture in which the value of any materials classified in the same heading as the product does not exceed 20 % of the ex-works price of the product	
	Foils of plastic, metallized	Manufacture from highly transparent polyester foils with a thickness of less than 23 micron <sup>1</sup>	Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product

-

The following foils shall be considered as highly transparent: foils, the optical dimming of which – measured according to ASTM-D 1003-16 by Gardener Hazemeter (i.e. Hazefactor) – is less than 2 percent.

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(2)	or $(4)$	
	Flat products, further worked than only surface-worked or cut into forms other than rectangular (including square); other products, further worked than only surface-worked	Manufacture in which the value of any materials of Chapter 39 used does not exceed 50 % of the exworks price of the product	Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product	
	Addition homopolymerization products in which a single monomer contributes more than 99 % by weight to the total polymer content	Manufacture in which: -the value of all the materials used does not exceed 50 % of the ex- works price of the product; -the value of any materials of Chapter 39 used does not exceed 20 % of the ex-works price of the product <sup>1</sup>	Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product	
	Other	Manufacture in which the value of the materials of Chapter 39 used does not exceed 20 % of the exworks price of the product <sup>2</sup>	Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product	
	-Made of fabrics	Manufacture from yarn <sup>3</sup>		
300670	Gel preparations designed to be used in human or veterinary medicine as a lubricant for parts of the body for surgical operations or physical examinations or as a coupling agent between the body and medical instruments	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		

In the case of the products composed of materials classified both within heading Nos. 3901 to 3906, on the one hand, and within heading Nos. 3907 to 3911, on the other hand, this restriction only applies to the group of materials which predominates by weight in the product.

In the case of the products composed of materials classified both within heading Nos. 3901 to 3906, on the one hand, and within heading Nos. 3907 to 3911, on the other hand, this restriction only applies to the group of materials which predominates by weight in the product.

For special conditions relating to products made of a mixture of textile materials, see Introductory Note 5.

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status	
(1) ex 300692	Waste pharmaceuticals:  Other chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product	or (4)
ex Chapter 31	Fertilisers; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3105	Mineral or chemical fertilizers containing two or three of the fertilizing elements nitrogen, phosphorous and potassium; other fertilizers; goods of this Chapter, in tablets or similar forms or in packages of a gross weight not exceeding 10 kg, except for: - sodium nitrate - calcium cyanamide - potassium sulphate - magnesium potassium sulphate	Manufacture in which: - all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product; - the value of all the materials used does not exceed 50 % of the ex-works price of the product	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product

HS heading No (1)	Description of product (2)	Working or processing carried out on non-originating materials that confers originating status  (3) or (4)	
ex Chapter 32	Tanning or dyeing extracts; tannins and their derivatives; dyes, pigments and other colouring matter; paints and varnishes; putty and other mastics; inks; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3201	Tannins and their salts, ethers, esters and other derivatives	Manufacture from tanning extracts of vegetable origin	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
3205	Colour lakes; preparations as specified in Note 3 to this Chapter based on colour lakes <sup>1</sup>	Manufacture from materials of any heading, except headings Nos 3203, 3204 and 3205. However, materials from heading No 3205 may be used provided their value does not exceed 20 % of the ex-works price of the product	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex Chapter 33	Essential oils and resinoids; perfumery, cosmetic or toilet preparations; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product

Note 3 to Chapter 32 says that these preparations are those of a kind used for colouring any material or used as ingredients in the manufacturing of colouring preparations, provided they are not classified in another heading in Chapter 32.

HS heading	Description of product	Working or processing car	ried out on non-originating

(1)	(2)	(3) or (4)		
9004	Spectacles, goggles and the like, corrective, protective or other	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex 9005	Binoculars, monoculars, other optical telescopes, and mountings therefor, except for astronomical refracting telescopes and mountings therefor	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 40 % of the exworks price of the product; -the value of all the non-originating materials used does not exceed the value of the originating materials used	Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product	
ex 9006	Photographic (other than cinematographic) cameras; photographic flashlight apparatus and flashbulbs other than electrically ignited flashbulbs.	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 40 % of the ex- works price of the product; -the value of all the non- originating materials used does not exceed the value of the originating materials used	Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product	

HS heading	Description of product	Working or processing carried out on non-originating		
No			ers originating status	
(1)	(2)	` '	or (4)	
9007	Cinematographic cameras and projectors, whether or not incorporating sound recording or reproducing apparatus	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 40 % of the ex- works price of the product; -the value of all the non- originating materials used does not exceed the value of the originating materials used	Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product	
9011	Compound optical microscopes, including those for photomicrography, cinephotomicrography or microprojection	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 40 % of the ex- works price of the product; -the value of all the non- originating materials used does not exceed the value of the originating materials used	Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product	
ex 9014	Other navigational instruments and appliances	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9015	Surveying (including photogrammetrical surveying), hydrographic, oceanographic, hydrological, meteorological or geophysical instruments and appliances, excluding compasses; rangefinders	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading	Description of product		ried out on non-originating
No			ers originating status
9016	Balances of a sensitivity of 5 cg or better, with or without weights	(3) Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product	or (4)
9017	Drawing, marking-out or mathematical calculating instruments (for example, drafting machines, pantographs, protractors, drawing sets, slide rules, disc calculators); instruments for measuring length, for use in the hand (for example, measuring rods and tapes, micrometers, callipers), not specified or included elsewhere in this Chapter	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product	
9018	Instruments and appliances used in medical, surgical, dental or veterinary sciences, including scintigraphic apparatus, other electro-medical apparatus and sight-testing instruments:		
	-Dentists' chairs incorporating dental appliances or dentists' spittoons	Manufacture from materials of any heading, including other materials of heading No 9018	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
	-Other	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 40 % of the ex- works price of the product	Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product

HS heading No	Description of product (2)	Working or processing carried out on non-originating materials that confers originating status  (3) or (4)	
9019	Mechano-therapy appliances; massage apparatus; psychological aptitudetesting apparatus; ozone therapy, oxygen therapy, aerosol therapy, artificial respiration or other therapeutic respiration apparatus	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 40 % of the ex- works price of the product	Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
9020	Other breathing appliances and gas masks, excluding protective masks having neither mechanical parts nor replaceable filters	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 40 % of the exworks price of the product	Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
9024	Machines and appliances for testing the hardness, strength, compressibility, elasticity or other mechanical properties of materials (for example, metals, wood, textiles, paper, plastics)	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product	
9025	Hydrometers and similar floating instruments, thermometers, pyrometers, barometers, hygrometers and psychrometers, recording or not, and any combination of these instruments	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product

ex Chapter 95	Toys, games and sports requisites; parts and accessories thereof; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product	
ex 9503	-Other toys; reduced- size ("scale") models and similar recreational models, working or not; puzzles of all kinds	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 50 % of the ex- works price of the product	
ex 9506	Golf clubs and parts thereof	Manufacture in which all the materials used are classified within a heading other than that of the product. However, roughly shaped blocks for making golf club heads may be used	
ex Chapter 96	Miscellaneous manufactured articles; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product	
ex 9601 and ex 9602	Articles of animal, vegetable or mineral carving materials	Manufacture from "worked" carving materials of the same heading	

HS heading	Description of product		ried out on non-originating
No (1)	(2)		rs originating status
ex 9603	Brooms and brushes (except for besoms and the like and brushes made from marten or squirrel hair), hand- operated mechanical floor sweepers, not motorized, paint pads and rollers, squeegees and mops	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product	or (4)
9605	Travel sets for personal toilet, sewing or shoe or clothes cleaning	Each item in the set must satisfy the rule, which would apply to it if it were not included in the set. However, non-originating articles may be incorporated, provided their total value does not exceed 15 % of the exworks price of the set	
9606	Buttons, press- fasteners, snap- fasteners and press- studs, button moulds and other parts of these articles; button blanks	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 50 % of the exworks price of the product	
9608	Ball-points pens; felt-tipped and other porous-tipped pens and markers; fountain pens, stylograph pens and other pens; duplicating stylos; propelling or sliding pencils; penholders, pencilholders and similar holders; parts (including caps and clips) of the foregoing articles, other than those of heading No 9609	Manufacture in which all the materials used are classified within a heading other than that of the product. However, nibs or nibpoints classified within the same heading may be used	

HS heading No	Description of product		ried out on non-originating ers originating status
(1)	(2)	(- )	or (4)
9612	Typewriter or similar ribbons, inked or otherwise prepared for giving impressions, whether or not on spools or in cartridges; ink-pads, whether or not inked, with or without boxes	Manufacture in which: -all the materials used are classified within a heading other than that of the product; -the value of all the materials used does not exceed 50 % of the ex- works price of the product	
ex 9613	Lighters with piezo- igniter	Manufacture in which the value of all the materials of heading No 9613 used does not exceed 30 % of the ex-works price of the product	
ex 9614	Smoking pipes and pipe bowls	Manufacture from roughly shaped blocks	
Chapter 97	Works of art, collectors' pieces and antiques	Manufacture in which all the materials used are classified within a heading other than that of the product	

## ANNEX II (A)

# DEROGATIONS FROM THE LIST OF WORKING OR PROCESSING REQUIRED TO BE CARRIED OUT ON NON-ORIGINATING MATERIALS IN ORDER THAT THE PRODUCT MANUFACTURED CAN OBTAIN ORIGINATING STATUS, ACCORDING TO ARTICLE 8(2) OF THIS PROTOCOL

The products mentioned in the list may not all be covered by the Agreement. It is therefore necessary to consult the other parts of this Agreement.

# Common provisions

- 1. For the products described in the table below, the following rules may also apply instead of the rules set out in Annex II.
- 2. A proof of origin issued or made out pursuant to this Annex shall contain the following statement in English:

"Derogation – Annex II(a) of Protocol 1: materials of HS heading No ..., originating from ... used."

These statements shall be contained in box 7 of movement certificates EUR.1 referred to in Article 20 of this Protocol, or shall be added to the origin declaration referred to in Article 24 of this Protocol.

3. The SADC EPA States and the Member States of the EU shall take the measures necessary on their part to implement this Annex.

		Working or processing, carried
HS heading	Description of product	out on non-originating materials,
		which confers originating status
ex	Dairy produce,- with a content of materials of	Manufacture in which all the
Chapter 4	Chapter 17 not more than 20 % by weight	materials of Chapter 4 used are
		wholly obtained
Chapter 6	Live trees and other plants; bulbs, roots and the	Manufacture in which all the
	like; cut flowers and ornamental foliage	materials of Chapter 6 used are
		wholly obtained.
ex	Edible fruit and nuts; peel of citrus fruits or	Manufacture in which all the
Chapter 8	melons,	materials of Chapter 8 used are
	- with a content of materials of Chapter 17 not	wholly obtained,
	more than 20 % by weight	
ex 1101 to	Products of the milling industry, of cereals	Manufacture from cereals of
ex 1104	other than rice	Chapter 10, other than rice of
		heading 1006
Chapter 12	Oil seeds and oleaginous fruits; miscellaneous	Manufacture from materials of
	grains, seeds and fruit; industrial or medicinal	any heading except that of the
	plants; straw and fodder	product
1301	Lac; natural gums, resins, gum-resins and	Manufacture in which the value
	oleoresins (for example, balsams)	of all the materials of
		heading 1301 used does not
		exceed 60 % of the ex-works
		price of the product
ex 1302	Vegetable saps and extracts; pectic substances,	Manufacture in which the value
	pectinates and pectates; agar-agar and other	of all the materials used does not
	mucilages and thickeners, whether or not	exceed 60 % of the ex-works
	modified, derived from vegetable products:	price of the product
	- other than mucilages and thickeners,	
	modified, derived from vegetable products	
ex 1506	Other animal fats and oils and their fractions,	Manufacture from materials of
	whether or not refined, but not chemically	any heading except that of the
	modified;	product

- other than solid fractions	
Vegetable oils and their fractions:	
- Soya, ground nut, palm, copra, palm kernel,	Manufacture from materials of
	any subheading except that of
Japan wax, fractions of jojoba oil and oils for	the product
technical or industrial uses other than the	
manufacture of foodstuffs for human	
consumption	
- other than olive oils under headings 1509 and	Manufacture from materials of
1510	any heading except that of the
	product
Animal or vegetable fats and oils and their	Manufacture from materials
fractions, partly or wholly hydrogenated, inter-	classified in a heading other than
esterified, re-esterified or elaidinised, whether	that of the product
or not refined, but not further prepared:	
- fats and oils and their fractions of	
hydrogenated castor oil, so called "opal wax"	
Cocoa and cocoa preparations,	Manufacture from materials of
- with a content of materials of Chapter 17 not	any heading, except that of the
more than 20 % by weight	product
Food preparations of flour, groats, meal, starch	Manufacture from materials of
or malt extract, not containing cocoa in more	any heading, except that of the
than 40 % by weight calculated on a totally	product
defatted basis, not elsewhere specified or	
included; food preparations of goods of	
heading 0401 to 0404, not containing cocoa in	
more than 5 % by weight calculated on a totally	
defatted basis, not elsewhere specified or	
included.	
- with a content of materials of Chapter 17 not	
more than 20 % by weight	
	Vegetable oils and their fractions:  - Soya, ground nut, palm, copra, palm kernel, babassu, tung and oiticica oil, myrtle wax and Japan wax, fractions of jojoba oil and oils for technical or industrial uses other than the manufacture of foodstuffs for human consumption - other than olive oils under headings 1509 and 1510  Animal or vegetable fats and oils and their fractions, partly or wholly hydrogenated, interesterified, re-esterified or elaidinised, whether or not refined, but not further prepared: - fats and oils and their fractions of hydrogenated castor oil, so called "opal wax"  Cocoa and cocoa preparations, - with a content of materials of Chapter 17 not more than 20 % by weight  Food preparations of flour, groats, meal, starch or malt extract, not containing cocoa in more than 40 % by weight calculated on a totally defatted basis, not elsewhere specified or included; food preparations of goods of heading 0401 to 0404, not containing cocoa in more than 5 % by weight calculated on a totally defatted basis, not elsewhere specified or included with a content of materials of Chapter 17 not

1902	Pasta, whether or not cooked or stuffed (with	
	meat or other substances) or otherwise	
	prepared, such as spaghetti, macaroni, noodles,	
	lasagne, gnocchi, ravioli, cannelloni; couscous,	
	whether or not prepared	
	- containing 20 % or less by weight of meat,	Manufacture in which all the
	meat offal, fish, crustaceans or molluscs	products of Chapter 11 used are
		originating
	- containing more than 20 % by weight of	Manufacture in which:
	meat, meat offal, fish, crustaceans or molluscs	- all the products of Chapter 11
		used are originating,
		- all the materials of Chapters 2
		and 3 used are wholly obtained
1903	Tapioca and substitutes thereof prepared from	Manufacture from materials of
	starch, in the form of flakes, grains, pearls,	any heading, except that of the
	sifting or similar forms:	product
	- with a content of materials of heading	
	1108.13 (potato starch) not more than 20 % by	
	weight	
1904	Prepared foods obtained by the swelling or	Manufacture:
	roasting of cereals or cereal products (for	
	example, corn flakes); cereals (other than	
	maize (corn)) in grain form or in the form of	
	flakes or other worked grains (except flour,	
	groats and meal), pre-cooked or otherwise	
	prepared, not elsewhere specified or included:	
	- with a content of materials of Chapter 17 not	- from materials of any heading,
	more than 20 % by weight	except those of heading 1806,
		- in which all the products of
		Chapter 11 used are originating

1905	Bread, pastry, cakes, biscuits and other bakers'	Manufacture in which all the
	wares, whether or not containing cocoa;	products of Chapter 11 used are
	communion wafers, empty cachets of a kind	originating
	suitable for pharmaceutical use, sealing wafers,	
	rice paper and similar products	
ex	Preparations of vegetables, fruit, nuts or other	Manufacture in which the value
Chapter 20	parts of plants:	of all the materials used does not
	- from materials other than those of subheading	exceed 60 % of the ex-works
	0711.51	price of the product
	- from materials other than of headings 2002,	
	2003, 2008 and 2009	
	- with a content of materials of Chapter 17 not	
	more than 20 % by weight	
ex	Miscellaneous edible preparations:	Manufacture in which the value
Chapter 21	- with a content of materials of Chapters 4 and	of all the materials used does not
	17 not more than 20 % by weight	exceed 60 % of the ex-works
		price of the product
ex	Residues and waste from the food industries;	Manufacture in which the value
Chapter 23	prepared animal fodder:	of all the materials used does not
	- with a content of maize or materials of Chapters 2, 4 and 17 not more than 20 % by weight	exceed 60 % of the ex-works price of the product

## **ANNEX III**

#### FORM FOR MOVEMENT CERTIFICATE

- 1. Movement certificates EUR.1 shall be made out on the form of which a specimen appears in this Annex. This form shall be printed in one or more of the languages in which the Agreement is drawn up. Certificates shall be made out in one of these languages and in accordance with the provisions of the domestic law of the exporting State. If they are handwritten, they shall be completed in ink and in capital letters.
- 2. Each certificate shall measure 210 x 297mm, a tolerance of up to plus 8mm or minus 5mm in the length may be allowed. The paper used must be white, sized for writing, not containing mechanical pulp and weighing not less than 25g/m2. It shall have a printed green guilloche pattern background making any falsification by mechanical or chemical means apparent to the eye.
- 3. The exporting States may reserve the right to print the certificates themselves or may have them printed by approved printers. In the latter case each certificate must include a reference to such approval. Each certificate must bear the name and address of the printer or a mark by which the printer can be identified. It shall also bear a serial number, either printed or not, by which it can be identified.

# MOVEMENT CERTIFICATE

1. Exporter(name, full address, country)	EUR.1 No A 000.0	00

Exportören av de varor som omfattas av detta dokument (tullmyndighetens tillstånd nr <sup>(1)</sup> )	
försäkrar att dessa varor, om inte annat tydligt markerats, har förmånsberättigande ursprung	(2)

	(3)
(Place and date)	
	(4)
Signature of the exporter; in addition the nam	e
of the person signing the declaration has to be	
indicated in clear script)	

#### **NOTES**

- When the origin declaration is made out by an approved exporter within the meaning of Article 25 of this Protocol, the authorization number of the approved exporter must be entered in this space. When the origin declaration is not made out by an approved exporter, the words in brackets shall be omitted or the space left blank.
- Origin of products to be indicated. When the origin declaration relates in whole or in part, to products originating in Ceuta and Melilla within the meaning of Article 44 of this Protocol, the exporter must clearly indicate them in the document on which the declaration is made out by means of the symbol "CM".
- These indications may be omitted if the information is contained on the document itself.
- See Article 24(5) of this Protocol. In cases where the exporter is not required to sign, the exemption of signature also implies the exemption of the name of the signatory.

# ANNEX V A

# SUPPLIER DECLARATION FOR PRODUCTS HAVING PREFERENTIAL ORIGIN STATUS

I, the	undersigned, declare that the goods listed on this invoice(1)
were	produced in
betwe	een the said country/territory of production and the EU.
I und	ertake to make available to the customs authorities, if required, evidence in support of this
decla	aration.
	(4)
	(5)
	Note
The a	abovementioned text, suitably completed in conformity with the footnotes below, constitutes a
suppl	lier's declaration. The footnotes do not have to be reproduced.
( <sup>1</sup> )	If only some of the goods listed on the invoice are concerned they should be clearly indicated
	or marked and this marking entered on the declaration as follows:" listed on
	this invoice and markedwere produced".
	If a document other than an invoice or an annex to the invoice is used (see Article 32(3) of
	this Protocol), the name of the document concerned shall be mentioned instead of the word
	"invoice".
( <sup>2</sup> )	The EU, Member State, SADC EPA State, OCT or other ACP EPA State. Where a SADC
	EPA State, OCT or another ACP EPA State is given, a reference must also be made to the EU
	customs office holding any EUR.1(s) concerned, giving the No of the certificate(s) concerned
	and, if possible, the relevant customs entry No involved.
( <sup>3</sup> )	Place and date.
( <sup>4</sup> )	Name and function in company.
( <sup>5</sup> )	Signature.

#### INFORMATION CERTIFICATE

- 1. The form of information certificate given in this Annex shall be used and be printed in one or more of the official languages in which the Agreement is drawn up and in accordance with the provisions of the domestic law of the exporting State. Information certificates shall be completed in one of those languages; if they are handwritten, they shall be completed in ink in capital letters. They shall bear a serial number, whether or not printed, by which they can be identified.
- 2. The information certificate shall measure 210 x 297mm, a tolerance of up to plus 8mm or minus 5mm in the length may be allowed. The paper must be white, sized for writing, not containing mechanical pulp and weighing not less than 25g/m<sup>2</sup>.
- 3. The national administrators may reserve the right to print the forms themselves or may have them printed by printers approved by them. In the latter case, each form must include a reference to such approval. The forms shall bear the name and address of the printer or a mark by which the printer can be identified.

S. code)	2.Anticipated annual quantity of exports to the EU (weight, No of pieces, meters or other unit)      4. Anticipated annual quantity of third country materials	
5. Value of third country materials	6. Value of finished products	
7.Origin of third country materials	8.Reasons why the rule of origin for the finished product	
9.Commercial description of materials originating	10.Anticipated annual quantity of materials	
in States or territories referred to in Articles 4 and	originating in States or territories referred to in	
6	Articles 4 and 6 to be used	
11. Value of materials of States or territories referred to in Articles 4 and 6	12. Working or processing carried out in States or territories referred to in Articles 4 and 6 on third country materials without obtaining origin	
13. Duration requested for derogation from to		
	15. Capital structure of the firm(s) concerned	
14. Detailed description of working and processing in the SADC EPA State(s):	16. Amount of investments made/foreseen	
	17. Staff employed/expected	

18. Value added by the working or	
processing in the SADC EPA State(s):	
18.1. Labour:	20. Possible developments to overcome the need
18.2. Overheads:	for a derogation
18.3. Others:	
19.Other possible sources of supply for materials	21.Observations

#### **NOTES**

- 1. If the boxes in the form are not sufficient to contain all relevant information, additional pages may be attached to the form. In this case, the mention "see annex" shall be entered in the box concerned.
- 2. If possible, samples or other illustrative material (pictures, designs, catalogues, etc.) of the final product and of the materials should accompany the form.
- 3. A form shall be completed for each product covered by the request.
  - Boxes 3, 4, 5, and 7: "third country" means any country which is not referred to in Articles 3, 4 and 6 of this Protocol.
  - Box 12: If third country materials have been worked or processed in the States or territories referred to in Articles 3, 4 and 6 of this Protocol without obtaining origin, before being further processed in the SADC EPA State requesting the derogation, indicate the working or processing carried out in the States or territories referred to in Articles 3, 4 and 6 of this Protocol.
  - Box 13: The dates to be indicated are the initial and final one for the period in which EUR.1 certificates may be issued under the derogation.
  - Box 18: Indicate either the percentage of added value in respect of the ex-works price of the product or the monetary amount of added-value for unit of product.
  - Box 19: If alternative sources of material exist, indicate here what they are and, if possible, the reasons of cost or other reasons why they are not used.
  - Box 20: Indicate possible further investments or suppliers' differentiation which make the derogation necessary for only a limited period of time.

### **ANNEX VIII**

#### OVERSEAS COUNTRIES AND TERRITORIES

Within the meaning of this Protocol "overseas countries and territories" shall mean the countries and territories referred to in Annex II to the Treaty on the Functioning of the EU listed below:

(This list is without prejudice to the status of these countries and territories, or future changes in their status.)

1.		rseas countries and territories that have special relations with the Kingdom of mark:
	_	Greenland.

corresponding	glucose syrup and maltodextrine syrup)
to	
2106 90 59	
ex 2106 90	Food preparations not elsewhere specified or included (excl. protein
corresponding	concentrates and textured protein substances; compound alcoholic
to	preparations, other than those based on odoriferous substances, of a kind
2106 90 98	used for the manufacture of beverages; flavoured or coloured sugar syrups;
	preparations containing no or less than 1,5 % milkfat, 5 % sucrose or
	isoglucose, 5 % glucose or starch)
ex 3302 10	Preparations based on odoriferous substances, of a kind used in the drink
corresponding	industries, containing all flavouring agents characterising a beverage and
to	with an actual alcoholic strength by volume not exceeding 0,5 % (excl.
3302 10 29	preparations containing no or less than 1,5 % milkfat, 5 % sucrose or
	isoglucose, 5 % glucose or starch)

#### ANNEX X

# JOINT DECLARATION ON CAPACITY BUILDING FOR IMPLEMENTATION OF THE RULES OF ORIGIN OF THIS AGREEMENT

- 1. In accordance with Article 13 of this Agreement, the EU may provide to the SADC EPA States capacity building to help them prepare for the implementation of the rules of origin of this Agreement. The proposed activities may include seminars, project groups, experts' visits and training.
- 2. As for GSP cumulation, after capacity building is provided as above, assessment and recommendations for implementation can be made. Furthermore, when in EU's or SADC's view implementation difficulties arise, evaluations of the operational capacity of the SADC EPA States to administer and control the functioning of the relevant provisions will take place jointly between European Commission, EU Member State and SADC EPA State experts. The outcome of such evaluations will be raised at the Committee with a view to adopting any appropriate measures to improve the situation where necessary and to fine-tuning the capacity-building efforts provided by the EU.

#### **ANNEX XI**

#### JOINT DECLARATION

#### **Concerning the Principality of Andorra**

- 1. Products originating in the Principality of Andorra falling within Chapters 25 to 97 of the Harmonised System shall be accepted by the SADC EPA States as originating in the EU within the meaning of this Agreement.
- 2. Products originating in the SADC EPA States falling within Chapters 25 to 97 of the Harmonised System that are released into free circulation in the EU will enjoy the same status in the Principality of Andorra.
- 3. Protocol 1 shall apply *mutatis mutandis* for the purpose of defining the originating status of the above-mentioned products.

#### JOINT DECLARATION

#### **Concerning the Republic of San Marino**

- 1. Products originating in the Republic of San Marino shall be accepted by the SADC EPA States as originating in the EU within the meaning of this Agreement.
- Products originating in the SADC EPA States that are released into free circulation in the EU will enjoy the same status in the Republic of San Marino.
- 3. Protocol 1 shall apply *mutatis mutandis* for the purpose of defining the originating status of the above-mentioned products.

#### PROTOCOL 2

#### MUTUAL ADMINISTRATIVE ASSISTANCE IN CUSTOMS MATTERS

### Article 1 **Definitions**

For the purposes of this Protocol:

- (a) 'Goods' means all goods falling within the scope of the Harmonized System, irrespective of the scope of this Agreement;
- (b) 'Customs legislation' means any legal or regulatory provisions applicable in the territory of a Party, governing the import, export and transit of goods and their placing under any other customs regime or procedure, including measures of prohibition, restriction and control;
- (c) 'Applicant Authority' means a competent administrative authority which has been designated by a Party, for the implementation of this Protocol and which makes a request for assistance on the basis of this Protocol;
- (d) 'Requested Authority' means a competent administrative authority which has been designated by a Party for the implementation of this Protocol and which receives a request for assistance on the basis of this Protocol;
- (e) 'Personal data' means all information relating to an identified or identifiable individual;
- (f) 'Operation in breach of customs legislation' means any violation or attempted violation of customs legislation.

#### Article 2

#### Scope

- 1. The Parties shall assist each other, in the areas within their competence, in the manner and under the conditions laid down in this Protocol, to ensure the correct application of the customs legislation, in particular by preventing, investigating and combating operations in breach of that legislation.
- 2. Assistance in customs matters, as provided for in this Protocol, shall apply to any administrative authority of the Parties which is competent for the application of this Protocol. It shall not prejudice the rules governing

mutual assistance in criminal matters. Nor shall it cover information obtained under powers exercised at the request of a judicial authority, except where communication of such information has the prior authorisation of that authority.

3. Assistance in recovery proceedings regarding duties, taxes or fines is not covered by this Protocol.

#### Article 3

#### **Assistance on request**

- 1. At the request of the Applicant Authority, the Requested Authority shall provide it with all relevant information which may enable it to ensure that customs legislation is correctly applied, including information regarding activities noted or planned which are or could be operations in breach of customs legislation.
- 2. At the request of the Applicant Authority, the Requested Authority shall inform it:
- (a) whether goods exported from the territory of the Party have been lawfully imported into the territory of the other Party, specifying, where appropriate, the customs procedure applied to the goods;
- (b) whether goods imported into the territory of the Party have been lawfully exported from the territory of the other Party, specifying, where appropriate, the customs procedure applied to the goods.
- 3. At the request of the Applicant Authority, the Requested Authority shall, within the framework of its legal or regulatory provisions, take the necessary steps to ensure special surveillance of:
- (a) natural or legal persons in respect of whom there are reasonable grounds for believing that they are or have been involved in operations in breach of customs legislation;
- (b) places where stocks of goods have been or may be assembled in such a way that there are reasonable grounds for believing that these goods are intended to be used in operations in breach of customs legislation;
- (c) goods that are or may be transported in such a way that there are reasonable grounds for believing that they are intended to be used in operations in breach of customs legislation; and

(d) means of transport that are or may be used in such a way that there are reasonable grounds for believing that they are intended to be used in operations in breach of customs legislation.

### Article 4 **Spontaneous assistance**

The Parties, shall assist each other, at their own initiative and in accordance with their legal or regulatory provisions, if they consider that to be necessary for the correct application of customs legislation, particularly by providing information obtained pertaining to:

- (a) operations which are or appear to be in breach of customs legislation and which may be of interest to the other Party,
- (b) new means or methods employed in carrying out operations in breach of customs legislation,
- (c) goods known to be subject to operations in breach of customs legislation,
- (d) natural or legal persons in respect of whom there are reasonable grounds for believing that they are or have been involved in operations in breach of customs legislation, and
- (e) means of transport in respect of which there are reasonable grounds for believing that they have been, are, or may be used in operations in breach of customs legislation.

### Article 5 **Delivery and notification**

- 1. At the request of the Applicant Authority, the Requested Authority shall, in accordance with legal or regulatory provisions applicable to the latter, take all necessary measures in order:
- (a) to deliver any documents emanating from the Applicant Authority and falling within the scope of this Protocol, to an addressee residing or established in the territory of the Requested Authority, and, where appropriate;
- (b) to notify any decisions emanating from the Applicant Authority and

falling within the scope of this Protocol, to an addressee residing or established in the territory of the Requested Authority.

2. Requests for delivery of documents or notification of decisions shall be made in writing in an official language of the Requested Authority or in a language acceptable to that authority.

### Article 6 Form and substance of requests for assistance

- 1. Requests pursuant to this Protocol shall be made in writing. They shall be accompanied by the documents necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately. Requests may also be communicated in electronic form.
- 2. Requests pursuant to paragraph 1 shall include the following information:
- (a) the name of the Applicant Authority;
- (b) the measure requested;
- (c) the object of and the reason for the request;
- (d) the legal or regulatory provisions and other legal elements involved;
- (e) indications as exact and comprehensive as possible on the natural or legal persons who are the subject of the request; and
- (f) a summary of the relevant facts and of the enquiries already carried out.
- 3. Requests shall be submitted in an official language of the Requested Authority or in a language acceptable to that authority. This requirement shall not apply to any documents that accompany the request under paragraph 1.
- 4. If a request does not meet the formal requirements set out above, its correction or completion may be requested; in the meantime precautionary measures may be ordered.

#### Article 7

#### **Execution of requests**

- 1. In order to comply with a request for assistance, the Requested Authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to any other authority to which the request has been addressed by the Requested Authority when the latter cannot act on its own.
- 2. Requests for assistance shall be executed in accordance with the legal or regulatory provisions of the requested Party.
- 3. Duly authorised officials of a Party, with the agreement of the other Party, and subject to the conditions laid down by the latter, may be present:
- (a) to obtain in the offices of the Requested Authority or any other concerned authority in accordance with paragraph 1, information relating to activities that are or may be operations in breach of customs legislation which the Applicant Authority needs for the purposes of this Protocol;
- (b) at enquiries carried out in the latter's territory.

#### Article 8

#### Form in which information is to be communicated

- 1. The Requested Authority shall communicate results of enquiries to the Applicant Authority in writing together with relevant documents, certified copies or other items.
- 2. If requested, the information provided for in paragraph 1 may be in electronic form.
- 3. Original documents shall be transmitted only upon request in cases where certified copies would be insufficient. These originals shall be returned at the earliest opportunity.

#### Article 9

#### Exceptions to the obligation to provide assistance

- 1. Assistance may be refused or may be subject to the satisfaction of certain conditions or requirements, in cases where a Party concerned is of the opinion that assistance under this Protocol would:
- (a) be likely to prejudice the sovereignty of a SADC EPA State or that of a Member State of the European Union which has been requested to provide assistance under this Protocol; or
- (b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10(2) of this Protocol; or
- (c) violate an industrial, commercial or professional secret.
- 2. Assistance may be postponed by the Requested Authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the Requested Authority shall consult with the Applicant Authority to determine if assistance can be given subject to such terms or conditions as the Requested Authority may require.
- 3. Where the Applicant Authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the Requested Authority to decide how to respond to such a request.
- 4. For the cases referred to in paragraphs 1 and 2, the decision of the Requested Authority and the reasons thereof, must be communicated to the Applicant Authority without delay.

#### Article 10

#### Information exchange and confidentiality

- 1. Any information communicated in whatsoever form pursuant to this Protocol shall be of a confidential or restricted nature, depending on the rules applicable in each of the Parties. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended to similar information under the relevant laws of the Party, that received it and the corresponding provisions applying to the EU authorities.
- 2. Personal data may be exchanged only where the Party which may receive them agrees to ensure an adequate level of protection of such data.

To that end, the Parties shall communicate to each other information on their applicable rules, including, where appropriate, legal provisions in force in the Member States of the European Union.

- 3. The use, in judicial or administrative proceedings instituted in respect of operations in breach of customs legislation, of information obtained under this Protocol, is considered to be for the purposes of this Protocol. Therefore, the Parties may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol. The competent authority which supplied that information or gave access to those documents shall be notified of such use.
- 4. Information obtained shall be used solely for the purposes of this Protocol. Where one of the Parties wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

### Article 11 **Experts and witnesses**

An official of a Requested Authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. The request for appearance must indicate specifically before which judicial or administrative authority the official will have to appear, on what matters and by virtue of what title or qualification the official will be questioned.

### Article 12 **Assistance expenses**

The Parties shall waive all claims on each other for the reimbursement of expenses incurred pursuant to this Protocol, except, as appropriate, for expenses to experts and witnesses, and those to interpreters and translators who are not public service employees.

### Article 13 **Implementation**

1. The implementation of this Protocol shall be entrusted on the one hand

to the customs authorities of the SADC EPA States and on the other hand to the competent services of the European Commission and the customs authorities of the Member States of the European Union as appropriate. They shall decide on all practical measures and arrangements necessary for its application, taking into consideration the rules in force in particular in the field of data protection.

2. The Parties shall consult each other and subsequently keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Protocol.

### Article 14 Amendments

The Parties may recommend to the Trade and Development Committee amendments which they consider should be made to this Protocol.

### Article 15 **Final Provisions**

- 1. This Protocol shall complement and not impede application of any agreements on mutual administrative assistance which have been concluded or may be concluded between the Parties, nor shall it preclude more extensive mutual assistance granted under such agreements.
- 2. The provisions of this Protocol shall not affect the obligations of the Parties under any other international agreement or convention.
- 3. The provisions of this Protocol shall not affect the EU provisions governing the communication between the competent services of the European Commission and the customs authorities of the Member States of the European Union of any information obtained under this Protocol which could be of interest to the EU.
- 4. Notwithstanding the provisions of paragraph 1, the provisions of this Protocol shall take precedence over the provisions of any bilateral Agreement on mutual assistance which has been or may be concluded between individual Member States of the European Union and any SADC EPA State in so far as the provisions of the latter are incompatible with those of this Protocol.

5. In respect of questions relating to the applicability of this Protocol, the Parties shall consult each other to resolve the matter in the framework of the Special Committee on Customs and Trade Facilitation set up under Article 50 of this Agreement.

#### PROTOCOL 3

#### GEOGRAPHICAL INDICATIONS AND TRADE IN WINES AND SPIRITS

RECALLING the Agreement between the European Community and the Republic of South Africa on trade in wine signed at Paarl on 28 January 2002 and the Agreement between the European Community and the Republic of South Africa on trade in spirits signed at Paarl on 28 January 2002;

BEING PARTY TO the Agreement on Trade, Development and Cooperation Between the European Community and its Member States, of the one part, and the Republic of South Africa, of the other part signed in Pretoria on 11 October 1999, the Agreement in the Form of an Exchange of Letters providing for the provisional application of the Agreement between the European Community and the Republic of South Africa on trade in wine as from 28 January 2002, and the Agreement in the Form of an Exchange of Letters providing for the Provisional Application of the Agreement Between the European Community and the Republic of South Africa on Trade in Spirits as from 28 January 2002;

DESIRING to promote the development of GIs defined as indications which identify a good as originating in the territory of a Party, or a region or locality in that territory, where a given quality, reputation or other characteristic of the good is essentially attributable to its geographical origin, within the meaning of Article 22(1) of the TRIPs Agreement;

ACKNOWLEDGING the importance to their economies of the beverages sector and the need to facilitate trade in wine products and spirits between them,

## Article 1 Application of the Protocol

- 1. The provisions of this Protocol apply to South Africa and to the EU ( "the Parties").
- 2. Any other SADC EPA State may adhere to this Protocol in relation only to GIs by lodging an application with the Special Committee on GIs and trade in wines and spirits referred to in Article 13 of this Protocol ("the Special Committee").

3. This Committee may submit proposals for amendments to the Joint Council for consideration and approval of the accession of the SADC EPA State concerned to this Protocol pursuant to Article 117 of this Agreement.

### PART 1 GEOGRAPHICAL INDICATIONS

#### Article 2 Scope

- 1. This Part applies to the recognition and protection of GIs designating products falling under the categories of products indicated in the section headings of Annex I to this Protocol and originating in the territories of the Parties.
- 2. The provisions of this Part shall complement and specify the rights and obligations of the Parties under the TRIPS Agreement and other existing multilateral agreements to which the Parties are party, and therefore, no provision of this Part will contradict or be detrimental to the provisions of such multilateral agreement.
- 3. For the purposes of this Part, the definition of 'geographical indication' is compatible with that laid down in Article 22.1 of the TRIPS Agreement.

### Article 3 Protection of established geographical indications

- 1. The EU shall protect the GIs of South Africa listed in Annex I to this Protocol according to the level of protection laid down in this Protocol.
- 2. South Africa shall protect the GIs of the EU listed in Annex I to this Protocol according to the level of protection laid down in this Protocol.
- 3. When all the GIs respectively of the EU or of South Africa listed in Annex I to this Protocol and identified therein as GIs for which the priority date is indicated as 'date of entry into force' have been protected according to paragraphs 1 or 2, each Party shall notify the other that the protection has been applied.

### Article 4 Right of use of geographical indications

- 1. A geographical indication protected under this Part may be used by any operator marketing the product concerned conforming to the corresponding product specification.
- 2. Once a geographical indication is protected under this Part, the use of such protected name shall not be subject to any registration of users, or further charges.

### Article 5 Scope of protection

- 1. GIs referred to in Article 3 and listed in Annex I to this Protocol as well as those added pursuant to Article 7 of this Protocol shall be protected against:
- (a) any direct or indirect commercial use of a protected name:
- for comparable products not compliant with the product specification of the protected name, or
- in so far as such use exploits the reputation of a geographical indication;
- (b) any misuse, imitation or evocation including:
- use in connection with an indication of the true origin of the product in question;
- use in translation, transcription or transliteration;
- use together with words such as "kind", "type", "style", "imitation", "method", or similar words or expressions;
- (c) any other false or misleading indication as to the provenance, origin, nature or essential qualities of a like product, on the inner or outer packaging, advertising material or documents relating to that product, and the packing of the product in a container liable to convey a false impression as to its origin;

- (d) any other practice liable to mislead the consumer as to the true origin of a like product.
- 2. Protected GIs shall not be deemed to become generic in the territories of the Parties.
- 3. This Protocol shall in no way prejudice the right of any person to use, in the course of trade, that person's name or the name of that person's predecessor in business, except where such name is used in such a manner as to mislead consumers.
- 4. Where South Africa or the EU, in the context of negotiations with a third party, proposes to protect a geographical indication of the third party, and the name is wholly or partially homonymous with a geographical indication of the other Party, the latter shall be informed and be given the opportunity to comment before the name becomes protected.
- 5. Nothing in this Part shall oblige South Africa or the EU to protect a geographical indication which is not or ceases to be protected in its country of origin. South Africa and the EU shall notify each other if a geographical indication ceases to be protected in its country of origin.

## Article 6 Relation between geographical indications and trade marks

- 1. The Parties shall refuse to register or shall invalidate a trade mark that corresponds to any of the situations referred to in Article 5(1) of this Protocol and which relates to same type of product, provided an application to register the trade mark is submitted after the date of application for protection of the geographical indication in the territory concerned. In the case of invalidation, a competent authority of a Party may provide that invalidation shall only be effected pursuant to an application duly lodged by an interested party and brought in a manner prescribed in applicable legislation.
- 2. For the GIs listed in Annex I to this Protocol at the date of entry into force of this Protocol, the date of application for protection referred to in paragraph 1 shall be the priority date indicated in Annex I of this Protocol, without prejudice to the continued validity, in respect of a trade mark that was earlier in time than the said date, of priority rights that applied in the territory of a Party immediately before the date of entry into force of this Protocol.

- 3. For GIs referred to in Article 7 of this Protocol, the date of application for protection referred to in paragraph 1 shall be the date of a Party's receipt of a request by the other Party to protect a geographical indication, provided the said geographical indication is subsequently protected by the receiving Party.
- 4. The protection of a geographical indication under Article 5 of this Protocol is without prejudice to the continued use of a trade mark which has been applied for, registered or established by use in good faith, in the territory of a Party before the date of the application for protection of the geographical indication provided that no grounds for the trade mark's invalidity or revocation exist in the legislation of the Party concerned. The date of application for protection of the geographical indication is determined in accordance with the provisions of paragraphs 2 and 3.
- 5. In respect of the GIs listed in Annex I to this Protocol and identified therein as GIs for which the priority date is indicated as 'date of entry into force', a trade mark applied for between the date of publication for comments or opposition of the said GIs and the date of entry into force of this Protocol that corresponds to any of the situations referred to in Article 5(1) of this Protocol shall be presumed to have been applied for in bad faith.

### Article 7 Addition of Geographical Indications for protection

- 1. South Africa and the EU may add GIs to the lists in Annex I to this Protocol in accordance with the procedures set out in Article 13 of this Protocol.
- 2. A name may not be added to the list in Annex I to this Protocol where, in the territory of a Party, it conflicts with the name of a plant variety, including a grape variety, or an animal breed and as a result is likely to mislead the consumer as to the true origin of the product, or if it wholly comprises a generic term for similar product.
- 3. If a geographical indication referred to in Articles 3 or 7(1) of this Protocol is wholly or partially homonymous with a geographical indication protected or proposed for protection in the territory of the Party concerned:
- (a) protection shall be granted to each indication provided that it has been used in good faith and with due regard for local and traditional usage and the actual risk of confusion;

- (b) without prejudice to Article 23 of the TRIPS Agreement, South Africa and the EU shall mutually decide the practical conditions of usage under which the wholly or partially homonymous GIs will be differentiated from each other, taking into account the need to ensure equitable treatment of the producers concerned and that consumers are not misled;
- (c) a wholly or partially homonymous name which misleads the consumer into believing that products come from another territory shall not be protected even if the name is accurate as far as the actual territory, region or place of origin of the product in question is concerned.
- 4. South Africa and the EU shall have no obligation to protect a geographical indication where, in the light of a reputed or well-known trade mark, protection is liable to mislead consumers as to the true identity of the product concerned.
- 5. Without prejudice to paragraph 4, the Parties shall protect a geographical indication also where a prior trade mark in the sense of Article 6(4) of this Protocol exists.
- 6. With a view to the development of GIs in South Africa, South Africa may present up to thirty (30) names with priority for protection pursuant to Article 13 of this Protocol. The EU shall submit these applications to its internal procedures without delay.

# Article 8 Enforcement of protection

- 1. The Parties shall enforce the protection provided for in Articles 3 to 7 of this Protocol by appropriate administrative action by public authorities and available juridical instances established under each Party's domestic or regional legislation. They shall also enforce such protection at the request of an interested party.
- 2. In so far as domestic and regional laws provide for enforcement mechanisms that are equivalent to those in application for comparable labelling, production, and intellectual property enforcement purposes, they are considered to meet the requirements of paragraph 1.

### Article 9 Cooperation in management of geographical indications

- 1. The EU and South Africa shall notify each other, and may make publicly available, the product specifications or summaries thereof and the contact points for control provisions corresponding to GIs of the other Party protected pursuant to this Part.
- 2. GIs protected under this Part may only be cancelled by the Party in the territory of which the product originates.
- 3. Any matter arising from a product specification of a protected name shall be dealt with in the Special Committee. A product specification referred to in this Part shall be the one approved, including any amendments also approved, by the authorities of the Party in the territory of which the product originates.
- 4. The provisions of this Part are without prejudice to the right to seek recognition and protection of a geographical indication under the relevant legislation of South Africa or the EU.

### PART 2 TRADE IN WINE PRODUCTS AND SPIRITS

### Article 10 Scope and coverage

This Part applies to wine products and spirits falling under headings 2204 and 2208 of the International Convention on the Harmonised Commodity, Description and Coding System, hereafter referred to as the 'Harmonised System', signed at Brussels on 14 June 1983.

### Article 11 Winemaking practices

- 1. The EU shall authorise the importation and marketing in its territory for human consumption of wine products originating in South Africa and produced in accordance with:
- (a) product definitions authorised in South Africa by laws and regulations referred to in Section A1(a) of Annex II to this Protocol,

- (b) oenological practices and restrictions authorised in South Africa under laws and regulations referred to in Section A1(b) of Annex II to this Protocol or otherwise approved for use in wines for export by the competent authority, in so far as they are recommended and published by the International Organisation of the Vine and Wine, hereafter referred to as the "OIV", and
- (c) additional oenological practices and restrictions jointly accepted by the Parties under the conditions provided for in Section A1(c) of Annex II to this Protocol.
- 2. South Africa shall authorise the importation and marketing in its territory for human consumption of wine products originating in the EU and produced in accordance with:
- (a) product definitions authorised in the EU by laws and regulations referred to in Section B1(a) of Annex II to this Protocol,
- (b) oenological practices and restrictions authorised in the European Union by laws and regulations referred to in Section B1(b) of Annex II to this Protocol, in so far as they are recommended and published by the OIV, and
- (c) additional oenological practices and restrictions jointly accepted by the Parties under the conditions provided for in Section B1(c) of Annex II to this Protocol.
- 3. The Parties may jointly decide, by way of amendment to Annex II to this Protocol, to add, delete or modify references to product definitions, and oenological practices and restrictions. Such decisions shall be adopted by the Special Committee according to its procedures.
- 4. In respect of oenological practices, the Parties reconfirm their WTO undertakings in relation to national treatment and the most favoured nation principle, having regard in particular to their undertakings in Article 40 of this Agreement.

## Article 12 Certification of wines and spirits

1. For wine products and spirit drinks imported from South Africa and placed on the market in the EU, the documentation and certification that may be required by the European Union shall be limited to that set out in Section A2 of Annex II to this Protocol.

2. For wine products and spirit drinks imported from the EU and placed on the market in South Africa, the documentation and certification that may be required by South Africa shall be limited to that set out in Section B2 of Annex II to this Protocol.

### PART 3 GENERAL PROVISIONS

#### Article 13 Special Committee

- 1. The Parties hereby establish a Special Committee on geographical indications and trade in wines and spirits with the purpose of monitoring the development of this Protocol, intensifying their co-operation, exchanging information, notably product specifications or summaries thereof, and improving their dialogue on GIs.
- 2. The Parties shall through the Special Committee maintain contact on all matters relating to the implementation and the functioning of this Protocol. In particular, the Parties shall ensure timely notification to each other of amendments to laws and regulations on matters covered by this Protocol that have an impact on products traded between them.
- 3. The Special Committee shall see to the proper functioning of this Protocol and may make recommendations and adopt decisions by consensus.
- 4. By derogation from Article 117 of this Agreement, the Special Committee may decide to modify the Annexes of this Protocol, including matters of cooperation under Article 14(1) of this Protocol.
- 5. The Special Committee shall determine its own rules of procedure.

### Article 14 Cooperation and dispute avoidance

- 1. The Parties shall cooperate on matters related to GIs and trade in wines and spirits, and in particular:
  - (a) product definitions, certification and labelling of wines;
  - (b) use of grape varieties in winemaking and labelling thereof;

- (c) use of traditional terms on labelling of wines;
- (d) product definitions, certification and labelling of spirit drinks;
- (e) issues of mutual concern relating to products classified under HS 2205; and
- (f) matters related to the attachment to the exchange of letters in Annex X to the TDCA as referred to in Article 17(2) of this Protocol.
- 2. The provisions laid down in Part III of this Agreement shall apply to any relevant matter arising under this Protocol, subject to references to Parties being limited to the Parties to this Protocol and references to the Trade and Development Committee being read to refer to the Special Committee.

#### Article 15 Applicable rules

Unless otherwise provided for in this Protocol or in the Agreement, importation and marketing of products covered by this Protocol, traded between the Parties shall be conducted in compliance with the laws and regulations applying in the territory of the Party of importation.

## Article 16 Application of certain market access concessions

Subject to Article 113(5) of this Agreement, and pursuant to Article 113(6) of this Agreement, the agricultural market access concessions referred to in Article 24(2) and Article 25(1) of this Agreement that are denoted by an asterisk (\*) in the tariff schedules as set out in ANNEXES I and II of this Agreement, shall only be granted to the Party that lodges the notification pursuant to Article 3(3) of this Protocol from the first day of the month following receipt by the other Party of such notification.

# Article 17 Relation to other agreements

1. The Agreements of 2002 in the Form of Exchanges of Letters Concerning the Provisional Application of Certain Agreements between the European Community and South Africa on Trade in Wine and on Trade in Spirits are hereby terminated.

- 2. In respect of attachment to the exchange of letters in Annex X to the TDCA:
- (a) The provisions relating to the protection of the names Port and Sherry in this Protocol are without prejudice to the application of Points 1 to 4 inclusive of the said attachment;
- (b) In point 6, the sentence "Such assistance will commence at the entry into force of the Wines and Spirits Agreement" is replaced by "Such assistance will commence at the date of entry into force of Protocol 3 on geographical indications and trade in wines and spirits to this Agreement".

### Article 18 Transitional measures

Product which, at the date of entry into force, has been produced, described and presented in accordance with the internal laws and regulations of the Parties and their bilateral obligations to each other, but in a manner prohibited by this Protocol may be marketed,

- (a) by wholesalers or producers, for a period of three (3) years; and
  - (b) by retailers, until stocks are exhausted.

### Article 19 Final provisions

- 1. The annexes to this Protocol shall form an integral part hereof.
- 2. If, pursuant to Article 113 of this Agreement, this Protocol is applied provisionally, references to the date of entry into force shall be deemed to refer to the date the provisional application of this Agreement takes effect between South Africa and the EU.
- 3. This Protocol is of indefinite duration. It may be terminated by common agreement of the Parties or pursuant to termination of this Agreement.

#### Annex I to Protocol 3

### List Geographical Indications of South Africa and the EU

Note (i): In this Annex different versions of each entry for a geographical indication are separated by an oblique with a space before and after (" / ")

Note (ii):

- 1. The Parties shall cooperate in the provision of information about protected GIs. Documentation may be requested in order to allow a Party to complete its obligations of due diligence or for information purposes only. Subject to paragraphs 2 and 3, the obligation to supply summary documentation shall not affect the protection of a geographical indication.
- 2. The documentation submitted shall show that the names meet the criteria to be a geographical indication within the meaning of the third recital of this Protocol, namely that the indication identifies a good as originating in the territory of a Party, or a region or locality in that territory, where a given quality, reputation or other characteristic of the good is essentially attributable to its geographical origin, within the meaning of Article 22(1) of the TRIPs Agreement, and that the name is protected in its country of origin.
- 3. In view of the need to complete the documentation necessary for a Party's due diligence requirements to be discharged, the Parties shall cooperate and assist each other in the production, submission and acceptance of the documentation. The Parties commit to carry out these due diligence requirements expeditiously and objectively.

# Annex II to Protocol 3 Importation and marketing of wine products and spirits originating in South Africa and the EU

# Section A Products originating in South Africa

# Section A.1 Oenological practices and restrictions and product definitions referred to in Article 11(1) of this Protocol.

For the purposes of Article 11 and Annex II, Section A.1(a) of this Protocol, the term "product definitions" does not cover production methods or oenological practices and restrictions, which are covered by paragraphs (b) and (c).

The addition of alcohol spirit is excluded for all wines other than liqueur wines, to which only grape spirit may be added.

(a) Laws and regulations concerning product definitions:

*Statute:* Liquor Products Act 60 (No 60 of 1989) as last amended by the Liquor Products Amendment Act 32 (No 32 of 2008):

Sections 1 and 5.

**Regulations:** Liquor Products Act 60 (No 60 of 1989) – Regulations, GG 12558 of 29.6.1990, as last amended by GN R525, GG 35501 of 13.7.2012:

- Sections 1, 3, 4 and 5,
- Table 2.

*Wine of origin scheme:* Liquor Products Act 60 (No 60 of 1989) – Wine of origin scheme, GG 12558 of 29 June 1990 as last amended by GN R526, GG 35501 of 13.7.2012:

- Section 1,
- Sections 8 to 14N inclusive,
- Section 20.

(b) Laws and regulations concerning oenological practices and restrictions:

**Statute:** Liquor Products Act 60 (No 60 of 1989) as last amended by the Liquor Products Amendment Act 32 (No 32 of 2008), including subsequent modifications:

Sections 1 and 5.

**Regulations:** Liquor Products Act 60 (No 60 of 1989) – Regulations, GG 12558 of 29.6.1990, as last amended by GN R525, GG 35501 of 13.7.2012, including subsequent modifications:

- Sections 1, 2, 3, 4, 5, 30, 31 and 32,
- Tables 1, 2, 6, 7, and 13.

*Wine of origin scheme:* Liquor Products Act 60 (No 60 of 1989) – Wine of origin scheme, GG 12558 of 29 June 1990 as last amended by GN R526, GG 35501 of 13.7.2012, including subsequent modifications:

- Sections 17 and 20,
- Tables 1, 2 and 4.
- (c) Additional oenological practices and restrictions:
- 1. Agar-agar.

Agar-agar may be used on a temporary basis, pending a determination by the OIV of its admissibility in wine making (Table 6 of Liquor Products Act 60 (No 60 of 1989) – Regulations).

2. Concentrated grape must and rectified concentrated grape must.

Concentrated grape must and rectified concentrated grape must may be used for enrichment and sweetening under specific and limited conditions laid down in South African regulations, subject to the exclusion of use of these products in a reconstituted form in wines covered by this protocol. (Table 6 of Liquor Products Act 60 (No 60 of 1989) – Regulations).

#### 3. Addition of water

The addition of water in winemaking is excluded, except where required on

account of a specific technical necessity.

#### 4. Hydrogen peroxide

The use of hydrogen peroxide as referred to in South African regulations (Table 6 of Liquor Products Act 60 (No 60 of 1989) – Regulations) is limited to use in grape juice, grape concentrate or grape must.

#### Tartaric acid

The use of tartaric acid, for acidification purposes as referred to in South African regulations (Table 6 of Liquor Products Act 60 (No 60 of 1989) – Regulations), is authorised provided that the initial acidity content is not raised by more than 4.0 grams per litre expressed as tartaric acid.

# Section A.2. Documentation and certification referred to in Article 12 (1) of this Protocol.

Certification documents and analysis report

- (a) The European Union shall authorise the importation in its territory of wines in accordance with the rules governing the import certification documents and analysis reports as provided for according to the terms of the Appendix hereto.
- (b) The European Union agrees not to submit the import of wine originating in the territory of South Africa to more restrictive import certification requirements than any of those laid down in this Protocol.
- (c) The European Union shall authorise the importation in its territory of spirits in accordance with the rules governing the import certification document and analysis reports as provided for in its internal legislation.

# Section B Products originating in the European Union

# Section B.1. Oenological practices and restrictions and product definitions referred to in Article 11(2) of this Protocol

The addition of alcohol spirit is excluded for all wines other than fortified

wines, to which only grape spirit may be added.

- (a) Laws and regulations concerning product definitions:
  - (i) Council Regulation (EC) No (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 (OJ L 347, 20.12.2013, p. 671), in particular production rules in the wine sector, in accordance with Articles 75, 78 80, 81, 83 and 91 and Annex VII, Part II of that Regulation.
  - (ii) Commission Regulation (EC) No 606/2009 laying down certain detailed rules for implementing Council Regulation (EC) No 479/2008 as regards the categories of grapevine products, oenological practices and the applicable restrictions (OJ L 193, 24.7.2009, p. 1), in particular Article 2 and Annex II and III of that Regulation.
  - (iii) Commission regulation (EC) No 607/2009 of 14 July 2009 laying down certain detailed rules for the implementation of Council Regulation (EC) No 479/2008 as regards protected designations of origin and geographical indications, traditional terms, labelling and presentation of certain wine sector products (OJ L 193, 24.7.2009, p. 60), in particular Articles 7, 57, 58, 64 and 66 and Annexes XIII, XIV and XVI of that Regulation.
- (b) Laws and regulations concerning oenological practices and restrictions:
  - (i) Council Regulation (EC) No (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 (OJ L 347, 20.12.2013, p. 671), in particular production rules in the wine sector, in accordance with Articles 75, 80, , 83 and 91 and Annex VIII, Part I and II of that Regulation, including subsequent modifications.
  - (ii) Commission Regulation (EC) No 606/2009 laying down certain detailed rules for implementing Council Regulation (EC) No 479/2008 as regards the categories of grapevine products, oenological practices and the applicable restrictions (OJ L 193, 24.7.2009, p. 1), including subsequent modifications.

#### (c) Additional oenological practices and restrictions:

#### 1. Calcium sulphate.

Calcium sulphate may be used for "vino generoso (de licor)", limits of 2.5 g/l as potassium sulphate in the final product (point A(2)(b) of Annex III of Regulation (EC) No 606/2009).

### 2. Carboxymethylcellulose (CMC)

Carboxymethylcellulose (CMC) may be used for red wine for tartaric stabilisation, up to a limit of 100 mg/l, pending a determination by the OIV of its admissibility in wine making.

3. Concentrated grape must, rectified concentrated grape must and sucrose.

Concentrated grape must, rectified concentrated grape must and sucrose, may be used for enrichment and sweetening under specific and limited conditions (Annex VIII, Part I of Regulation (EU) No 1308/2013), subject to the exclusion of use of these products in a reconstituted form in wines covered by this Protocol.

#### 3. Addition of water

The addition of water in winemaking is excluded, except where required on account of a specific technical necessity.

#### 5. Fresh lees.

Fresh lees may be used under specific and limited conditions (point 21 of annex I A of Regulation (EC) No 606/2009).

#### 6. Tannin.

Tannins may be used on a temporary basis (point 25 of Annex I A of Regulation (EC) No 606/2009), pending a determination by the OIV of its admissibility in wine making as antioxidant and stabilizer.

#### Section B.2. Documentation and certification referred to in Article

#### **12(2)** of this Protocol.

Certification documents and analysis report

- (a) South Africa shall authorise the importation in its territory of wines in accordance with the rules governing the import certification documents and analysis reports as provided for according to the terms of the Appendix hereto.
- (b) South Africa agrees not to submit the import of wine originating in the territory of the European Union to more restrictive import certification requirements than any of those laid down in this Protocol.
- (c) South Africa shall authorise the importation in its territory of spirits in accordance with the rules governing the import certification document and analysis reports as provided for in its internal legislation.

#### Section C

# Specific rules on importation, labelling and marketing applicable to products of either Party imported into the other Party

#### 1. Retsina

Nothing in this Protocol shall prevent the marketing in South Africa of 'Retsina' originating in Greece and produced in accordance with European Union rules. It shall be regarded, for the purpose of importing and marketing in South Africa, as 'flavoured grape liquor' in terms of South African legislation.

#### 2. Gold Flakes

Nothing in this Protocol shall prevent the marketing in the European Union of alcoholic beverage (whether or not effervescent) derived from grapes to which food grade gold flakes have been added, but such alcoholic beverage cannot be labelled or otherwise marketed as any type of wine.

#### 3. Vine varieties

Vine varieties that may be used in wines imported and marketed in the territory of the Parties are varieties of plants of *Vitis vinifera* and hybrids of

Vitis vinifera without prejudice to any more restrictive legislation which a Party may have in respect of wine produced on its territory. The import and marketing of wine obtained from the varieties Clinton, Herbemont, Isabelle, Jacquez, Noah and Othello shall be prohibited.

4. Environmentally harmonious production methods on labels.

The Parties agree to allow terms that indicate environmentally harmonious production methods on labels for wine if the use of those terms is regulated in the country of origin. Labels referring to organic production are not covered by this paragraph.

#### 5. Names of States

The following names are protected with regard to wines and spirits:

- (a) references to the name of a Member State of the European Union for wines and spirits originating in the Member State concerned,
- (b) the name South Africa or other names used to indicate South Africa for wines and spirits originating therein.

#### 6. Mutual assistance between enforcement authorities

Each Party shall designate the bodies and authorities to be responsible for the application of this Protocol. Where a Party designates more than one competent body, it shall ensure the coordination of the work of those bodies. For this purpose, a single liaison authority shall be designated.

The Parties shall inform one another of the names and addresses of the bodies and authorities referred to in the first paragraph not later than six (6) months after the date of entry into force of this Protocol. There shall be close and direct cooperation between those bodies.

The bodies and authorities referred to in the first paragraph shall seek ways of improving assistance to each other in the application of this Protocol in order to combat fraudulent practices.

#### 7. Safeguard provisions

The Parties reserve the right to introduce temporary additional import certification requirements for wines and spirits imported from the other Party in response to legitimate public policy concerns, such as health or consumer protection or in order to act against fraud. In this case, the other Party shall be given adequate information in sufficient time to permit the fulfilment of the additional requirements.

The Parties agree that such requirements shall not extend beyond the period of time necessary to respond to the particular public policy concern in response to which they were introduced.

#### 8. Labelling terms and traditional terms

The Parties recognise the importance attached to the use of labelling terms and traditional terms to describe wines placed on their respective markets. The Parties agree to continue to work together on this issue pursuant to Article 14 of this Protocol. The Parties agree to examine the objectives, principles and application to certain specific cases, with a view to reaching agreement within two (2) years of entry into force that shall be incorporated into this Protocol. Pending such agreement, the use of these terms on product imported from the other Party shall be subject to the rules, procedures and practices of the importing Party whether or not these terms constitute classes of wine or terms provided for in the legislation of the exporting Party referred to under Article 11 of this Protocol.

Within the European Union, with regard to the provisions of Regulation (EC) No 261/2006, the traditional terms "Ruby", "Tawny" and "Vintage" therein specified may be used in labelling of fortified wines concerned, in line with their definition laid down in South African law, in combination with any of the GIs listed in Annex I Section A.3 for which the fortified wine qualifies and for which the geographical indication is located in the Eastern, Northern or Western Cape Provinces. The said fortified wine shall be labelled with the relevant geographical indication and with the traditional term hyphenated or otherwise in visual combination with the term "Cape".

#### APPENDIX to Annex II

#### Import certification and analysis documentation

- 1. Pursuant to Sections A.2 (a) and B.2 (a) of this Annex, the evidence that the requirements for the importation of wine in the territory of a Party have been fulfilled shall be supplied to the competent authorities of the importing Party by the production:
- (a) of a certificate issued by a mutually recognised official authority of the country of origin; and
- (b) if the wine is intended for direct human consumption, of an analysis report drawn up by a laboratory officially recognised by the country of origin. The analysis report shall include the following information:

total alcoholic strength by volume
actual alcoholic strength by volume
total dry extract
total acidity, expressed as tartaric acid
volatile acidity, expressed as acetic acid
citric acidity
residual sugar
total sulphur dioxide.

- 2. The Parties shall mutually determine the specific details of these rules referred to in paragraph 1, in particular the forms to be used and the information to be given<sup>1</sup>.
- 3. In applying paragraph 6 of Section C of Annex II, the Parties agree that the methods of analysis recognised as reference methods by the OIV and published by that Organization or, where an appropriate method does not appear in this publication, a method of analysis complying with the standards

<sup>&</sup>lt;sup>1</sup> To be done through a decision of the Special Committee established under Article 13 of this Protocol.

recommended by the International Organisation for Standardisation (ISO), shall prevail as reference methods for the determination of the analytical composition of the wine in the context of control operations.

#### **DECLARATIONS**

### JOINT DECLARATION BY EU AND SOUTH AFRICA ON BOTTLE SIZES AND ALCOHOLIC STRENGTHS OF SPIRITS

The Parties hereby declare that bottle sizes and minimum alcoholic strengths by volume for release for human consumption of spirit drinks should not unnecessarily burden exporters in both Parties. They further declare that they will encourage further harmonisation.

### JOINT DECLARATION BY EU AND SOUTH AFRICA ON CERTIFICATION AND ANALYSIS

The Parties hereby declare that the following parameters are subject to analysis for spirit import certification procedures provided for under South Africa's rules on spirit importation procedures:

(a) Spirits other than those referred to points (b) and (c):

% of alcoholic strength by volume, content of methyl alcohol per hectolitre of 100 % vol alcohol, quantity of volatile substances per hectolitre of 100 % vol alcohol.

#### (b) Blended whisky:

% of alcoholic strength by volume, content of methyl alcohol per hectolitre of 100 % vol alcohol, quantity of volatile substances per hectolitre of 100 % vol alcohol, higher alcohols amyl alcohol per hectolitre absolute alcohol.

#### (c) Spirit based beverages:

i) Liqueur, spirit cocktail:

% of alcoholic strength by volume, content of methyl alcohol per hectolitre of 100 % vol alcohol,

#### residual sugar g/litre

#### ii) Spirit cooler:

% of alcoholic strength by volume,
content of methyl alcohol per hectolitre of 100 % vol alcohol,
total sulphur dioxide,
volatile acidity, expressed as acetic acid

#### iii) Cream liqueur:

% of alcoholic strength by volume,
content of methyl alcohol per hectolitre of 100 % vol alcohol,
residual sugar,
butterfat

#### iv) Other:

% of alcoholic strength by volume, content of methyl alcohol per hectolitre of 100 % vol alcohol.

# DECLARATION BY THE EU ON THE USE OF THE GEOGRAPHICAL INDICATION SYMBOL

The EU hereby declares that it may consider duly motivated requests from South Africa for the names protected under Annex I Section A.1 of this Protocol, to be eligible to be marketed in the EU accompanied by the symbol designating protected GIs.

#### **DECLARATION BY SOUTH AFRICA ON CHEESE STANDARDS**

South Africa declares that in a forthcoming amendment of its labelling

provisions for cheese products, and within ten (10) years of the entry into force of this Protocol, South Africa shall take into account the product specifications of cheese products designated by GIs listed in Annex I, Section B.1 of this Protocol to ensure that they can be marketed in South Africa under the appropriate designations.

#### PROTOCOL 4

# CONCERNING THE RELATIONSHIP BETWEEN THE TDCA AND THIS AGREEMENT

- 1. As of the date of entry into force of this Agreement pursuant to Article 113 of this Agreement:
  - (a) the following provisions of TDCA are hereby repealed:
    - i) Articles contained in Titles II (Trade) and III (Trade-Related Issues) and its corresponding annexes and Protocols, with the exception of Article 31 (Maritime transport) which remains applicable in relations between the Parties to the TDCA;
    - ii) Paragraphs 9 and 10 of Article 104;
    - iii) Points 5 and 7 of the attachment to the exchange of letters contained in Annex X to the TDCA.
  - (b) the Cooperation Council established under Article 97 TDCA shall no longer have the power to take any legally binding decisions in respect of the matters covered by the provisions repealed pursuant to paragraph (a)
  - (c) the dispute settlement mechanism established under Article 104 TDCA shall no longer be available to the TDCA Parties for disputes relating to the application or interpretation of provisions repealed pursuant paragraph (a)
- 2. In case of provisional application of this Agreement by the EU and ratification by South Africa pursuant to Article 113 of this Agreement:
  - (a) the application of Articles to be repealed under paragraph 1 shall be suspended.
  - (b) the Cooperation Council established under Article 97 TDCA shall not have the power to take any legally binding decisions in respect of the matters covered by the provisions suspended pursuant to paragraph 2(a).
  - (c) the dispute settlement mechanism established under Article 104 TDCA shall not be available to the TDCA Parties for disputes relating to the application or interpretation of provisions suspended pursuant to paragraph 2(a).

3.	In the event of any inconsistency between the TDCA and this Agreement, this Agreement shall prevail to the extent of the inconsistency.		

#### FINAL ACT

The representatives of:

THE KINGDOM OF BELGIUM,

THE REPUBLIC OF BULGARIA,

THE REPUBLIC OF CROATIA,

THE CZECH REPUBLIC,

THE KINGDOM OF DENMARK,

THE FEDERAL REPUBLIC OF GERMANY,

THE REPUBLIC OF ESTONIA,

IRELAND,

THE HELLENIC REPUBLIC,

THE KINGDOM OF SPAIN,

THE FRENCH REPUBLIC,

THE ITALIAN REPUBLIC,

THE REPUBLIC OF CYPRUS,

THE REPUBLIC OF LATVIA,

THE REPUBLIC OF LITHUANIA,

THE GRAND DUCHY OF LUXEMBOURG,

HUNGARY,

THE REPUBLIC OF MALTA,

THE KINGDOM OF THE NETHERLANDS,

THE REPUBLIC OF AUSTRIA,

THE REPUBLIC OF POLAND,

THE PORTUGUESE REPUBLIC,

ROMANIA,

THE REPUBLIC OF SLOVENIA,

THE SLOVAK REPUBLIC,

THE REPUBLIC OF FINLAND,

THE KINGDOM OF SWEDEN,

THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND,

Contracting Parties to the Treaty on European Union and the Treaty on the functioning of the European Union, hereinafter referred to as the "Member States of the European Union"

and

THE EUROPEAN UNION,

of the one part, and

THE REPUBLIC OF BOTSWANA,

THE KINGDOM OF LESOTHO,

THE REPUBLIC OF MOZAMBIQUE,

THE REPUBLIC OF NAMIBIA,

THE REPUBLIC OF SOUTH AFRICA,

THE KINGDOM OF SWAZILAND

hereinafter referred to as the "Southern African Development Community Economic Partnership Agreement States ("the SADC EPA States"),

of the other part,

meeting at [...] on the [...] of [...] in the year [two thousand and ...] for the signature of the Economic Partnership Agreement between the European Union and its Member States, of the one part,

and the SADC EPA States, of the other part, have at the time of signature of the Agreement:

— adopted the following Annexes, Protocols and Declarations:

ANNEX I: Customs duties of the EU on products originating in the SADC EPA States

ANNEX II: Customs duties of SACU on products originating in the EU

ANNEX III: Customs duties of Mozambique on products originating in the EU

ANNEX IV: Specific agricultural safeguard

ANNEX V: BLNS transitional safeguard

ANNEX VI: SPS priority products and sectors

PROTOCOL 1: Concerning the Definition of the Concept of 'Originating Products' and Methods of Administrative Cooperation

PROTOCOL 2: Mutual Administrative Assistance in Customs Matters

PROTOCOL 3: Geographical Indications and trade in wines and spirits PROTOCOL 4: Concerning the relationship between the TDCA and this Agreement

IN WITNESS WHEREOF, the undersigned Plenipotentiaries have signed this Final Act.

#### **DECLARATIONS**

### DECLARATION BY NAMIBIA ON THE ORIGIN OF FISHERIES PRODUCTS

Namibia reaffirms her point of view expressed throughout the EPA negotiations on the rules of origin in respect of fishery products and consequently maintains that following the exercise of her sovereign rights over fishery resources in the waters within her national jurisdiction, including the Exclusive Economic Zone, as defined in the United Nations Convention on the Law of the Sea, all catches effected in those waters and obligatory landed in ports of Namibia for processing shall enjoy originating status.

# DECLARATION BY THE EU RELATING TO PROTOCOL 1 ON THE EXTENT OF TERRITORIAL WATERS

The EU, recalling that the relevant acknowledged principles of international law, in particular the United Nations Convention on the Law of the Sea, restrict the maximum extent of territorial waters to 12 nautical miles, declares that this limit shall be taken into account in applying the provisions of the Protocol whenever the latter refers to this concept.

#### ANNEX I

# CUSTOMS DUTIES OF THE EU ON PRODUCTS ORIGINATING IN THE SADC EPA STATES

#### **PARTI**

### **GENERAL NOTES**

- 1. Where a staging category is denoted by a letter, the concession or part of the concession as described in this ANNEX shall apply from the date of entry into force of this Agreement within the meaning of Article 113(2) or the relevant date of provisional application of this Agreement within the meaning of Article 113(4), whichever is the earlier, for goods originating in a SADC EPA State and presented for customs clearance in the EU.
- 2. Where a staging category denoted by a letter is additionally denoted by an asterisk ("\*"), the concession or part of the concession as described in this ANNEX shall apply from the date on which both conditions set out in Article 113 (5) and (6) have been met, for goods originating in a SADC EPA State and presented for customs clearance in the EU.
- 3. Where the column of the Schedule in PART II entitled "Staging category for South Africa" lists a customs duty instead of a staging category denoted by a letter, that duty as described in this ANNEX shall apply from the date referred to in paragraph 1.
- 4. Generic references to a category of goods in square brackets in Sections A and B only serve an indicative purpose. The product scope of each staging category is set out in the Schedule in PART II.
- 5. In addition to the requirements of Article 23(5), at the date of entry into force of this Agreement, the EU shall notify to the Department of Trade and Industry of South Africa its list of duties applied, on the day before the entry into force of this Agreement, to goods originating in South Africa and listed as staging categories "B\*" and "C\*". After notification, as provided for in this paragraph, the EU shall make public its list according to its own

internal procedures and within one month after the notification. The Trade and Development Committee shall, at its first meeting after notification and publication, adopt such list communicated by the EU.

# SECTION A ELIMINATION OF CUSTOMS DUTIES

- 6. Except as otherwise provided in the EU Schedule included in PART II of this ANNEX, the following staging categories shall apply to the elimination of customs duties by the EU pursuant to Article 24:
  - (a) customs duties on originating goods listed as staging category "A" in the EU Schedule shall be eliminated on the date referred to in paragraph 1 of this ANNEX;
  - (b) customs duties on originating goods listed as staging category "A\*" in the EU Schedule shall be eliminated on the date referred to in paragraph 2 of this ANNEX;
  - (c) [fish] customs duties on originating goods listed as staging category "B\*" in the EU Schedule shall be gradually eliminated in accordance with the following provisions:
    - i. on the date referred to in paragraph 2 of this ANNEX, each customs duty shall be reduced to 83 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
  - ii. on 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 67 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
  - iii. one year after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 50 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;

- iv. two (2) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 33 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
- v. three (3) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 17 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement; and
- vi. four (4) years after 1 January following the date referred to in paragraph 2 of this ANNEX, the remaining customs duties shall be eliminated.
- (d) [fish] Customs duties on originating goods listed as staging category "C\*" in the EU Schedule shall be gradually eliminated in accordance with the following provisions:
  - i. on the date referred to in paragraph 2 of this ANNEX, each customs duty shall be reduced to 90 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
  - ii. on 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 80 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
    - iii. one year after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 70 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
    - iv. two (2) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 60 per cent of the EU customs duty

applied to goods originating in South Africa on the day before the entry into force of this Agreement;

- v. three (3) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 50 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
- vi. four (4) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 40 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
- vii. five (5) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 30 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
- viii. six (6) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 20 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement;
  - ix. seven (7) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 10 per cent of the EU customs duty applied to goods originating in South Africa on the day before the entry into force of this Agreement; and
  - x. eight (8) years after 1 January following the date referred to in paragraph 2 of this ANNEX, the remaining customs duties shall be eliminated.

- (e) [sweet oranges] Customs duties on originating goods listed as staging category "D\*" in the EU Schedule shall, from the date referred to in paragraph 1 of this ANNEX, be excluded from tariff reduction commitments, except for the periods from:
  - 1 June to 15 October, during which no duty shall apply; and
  - 16 October to 30 November, and with effect from the date referred to in paragraph 2 of this ANNEX, during which customs duties shall be gradually eliminated in accordance with the following provisions:
  - i. on the date referred to in paragraph 2 of this ANNEX, each customs duty shall be reduced to 91 per cent of the basic duty;
  - ii. on 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 82 per cent of the basic duty;
  - iii. one year after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 73 per cent of the basic duty;
  - iv. two (2) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 64 per cent of the basic duty;
  - v. three (3) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 55 per cent of the basic duty;
  - vi. four (4) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 45 per cent of the basic duty;
  - vii. five (5) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs

- duty shall be further reduced to 36 per cent of the basic duty;
- viii. six (6) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 27 per cent of the basic duty;
- ix. seven (7) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 18 per cent of the basic duty;
- x. eight (8) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 9 per cent of the basic duty; and
- xi. nine (9) years after 1 January following the date referred to in paragraph 2 of this ANNEX, the remaining customs duties shall be eliminated.
- 7. Customs duties on originating goods provided for in the items in staging category "X" in the EU Schedule shall be excluded from tariff reduction commitments.

# SECTION B TARIFF RATE QUOTAS (TRQs) FOR SPECIFIC GOODS

- 8. The TRQs granted by the EU under this Agreement shall be managed on a first-come first-served basis.
- 9. The TRQs that were applied to imports into the EU of products originating in South Africa under the TDCA ("TDCA TRQs") that are granted under this Agreement under the same conditions, shall apply from the date referred to in paragraph 1 of this ANNEX. If the date referred to in paragraph 1 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the quantity of product imported into the EU under the TDCA TRQs from 1 January of the year of the date referred to in paragraph 1 of this ANNEX until that date shall be subtracted from the quantity of product that may be imported into

the EU under the corresponding TRQs provided for under this Agreement.

- 10. Customs duties on goods entered in excess of the quantities listed in this Section, although not designated as such in the EU Schedule, shall be treated in accordance with staging category "X" as provided in paragraph 7 of Section A.
- 11. Notwithstanding Article 116, the Parties, at the request of either Party, shall review the administration of the TRQs, including with regard to their effectiveness in ensuring quota fill. The Parties may make recommendations to adjust the operation of the TRQs in the light of this review.
- 12. The following staging categories shall apply to TRQs granted by the EU pursuant to Article 24(2):
  - (a) [skimmed milk powder] The aggregate quantity of originating goods in staging category "E\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced *pro rata* to the remaining number of days of that calendar year.

(b) [butter] The aggregate quantity of originating goods in staging category "F\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

Quantity (metric tons) 500 If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced *pro rata* to the remaining number of days of that calendar year.

(c) [flowers: roses, orchids and chrysanthemums] The aggregate quantity of originating goods in staging category "G\*" that shall be permitted to enter each calendar year at a customs duty of 50% of the MFN applied rate, with effect from the date referred to in paragraph 1 of this ANNEX until the date referred to in paragraph 2 of this ANNEX, is specified below:

Year	Quantity
	(metric tons)
2015	725
2016	740
2017	755
2018	770
2019	785
2020	800

After 2020, the TRQ shall increase by 15 metric tons annually.

The TRQ within the calendar year shall apply from 1 June to 31 October to orchids (CN 0603.13.00), and from 1 November to 31 May to roses (CN 0603.11.00) and chrysanthemums (CN 0603.14.00).

In addition, customs duties on orchids (CN 0603.13.00) shall, from 1 November to 31 May, be eliminated and such goods shall be permitted to enter each calendar year duty-free.

With effect from the date referred to in paragraph 2 of this ANNEX, customs duties and TRQs on originating goods of this staging category shall be eliminated.

(d) [flowers: lilies and "other"] The aggregate quantity of originating goods in staging category "H\*" that shall be permitted to enter each calendar year from 1 June to 31 October at a customs duty of 50% of the MFN applied rate, with effect from the date referred to in paragraph 1 of this ANNEX until the date referred to in paragraph 2 of this ANNEX, is specified below:

Year	Quantity (metric tons)
	<u> </u>
2015	870
2016	888
2017	906
2018	924
2019	942
2020	960

After 2020, the TRQ shall increase by 18 metric tons annually.

In addition, customs duties on originating goods shall, from 1 November to 31 May, be eliminated and during this period in each calendar year such goods shall be permitted to enter duty-free.

With effect from the date referred to in paragraph 2 of this ANNEX, customs duties and TRQs on originating goods of this staging category shall be eliminated.

(e) *[flowers: non-fresh]* The aggregate quantity of originating goods in staging category "I\*" that shall be permitted to enter each calendar year at a customs duty of 25% of the MFN applied rate, with effect from the date referred to in paragraph 1 of this ANNEX until the date referred to in paragraph 2 of this ANNEX, is specified below:

Year	Quantity
	(metric tons)
2015	725
2016	740
2017	755

2018	770
2019	785
2020	800

After 2020, the TRQ shall increase by 15 metric tons annually.

With effect from the date referred to in paragraph 2 of this ANNEX, customs duties and TRQs on originating goods of this staging category shall be eliminated.

(f) [strawberries] The aggregate quantity of originating goods in staging category "J" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 1 of this ANNEX, is specified below:

Quantity (metric tons)
370.0
377.5
385.0
392.5
400.0
407.5

After 2020, the TRQ shall increase by 7.5 metric tons annually.

(g) [sugar] The aggregate quantities of originating goods in staging category "K\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, are specified below:

_

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantities,

which shall be applicable for the remainder of that calendar year, shall respectively be reduced *pro rata* to the remaining number of days of that calendar year.

(h) [white crystalline powder] The aggregate quantity of originating goods in staging category "L\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced *pro rata* to the remaining number of days of that calendar year.

(i) [citrus jams] The aggregate quantity of originating goods in staging category "M\*" that shall be permitted to enter each calendar year at a customs duty of 50% of the MFN applied rate, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced *pro rata* to the remaining number of days of that calendar year.

(j) [canned fruit, except tropical canned fruit] The aggregate quantity of originating goods in staging category "N\*" that shall be permitted to enter each calendar year at a customs duty of 50% of the MFN applied rate, with effect from the date referred to in paragraph 1 of this ANNEX until the date referred to in paragraph 2 of this ANNEX, is specified below:

Year	Quantity of	Quantity of
	pears, apricots	non-tropical
	and peaches	fruit mixtures
	(metric tons)	(metric tons)
2015	59 630.25	26 552.20
2016	60 866.00	27 102.40
2017	62 102.75	27 652.60
2018	63 339.50	28 202.80
2019	64 576.25	28 753.00
2020	65 813.00	29 303.20

After 2020, the TRQ shall increase annually by 1 236.75 metric tons for pears, apricots and peaches and by 550.20 metric tons for non-tropical fruit mixtures.

With effect from the date referred to in paragraph 2 of this ANNEX:

• the aggregate quantity of originating goods under this staging category permitted to enter each calendar year shall be as specified below:

- customs duties shall be gradually eliminated in accordance with the following provisions:
  - i. on the date referred to in paragraph 2 of this ANNEX, each customs duty shall be reduced to 45 per cent of the MFN applied rate;

- ii. on 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 41 per cent of the MFN applied rate:
- iii. one year after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 36 per cent of the MFN applied rate;
- iv. two (2) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 32 per cent of the MFN applied rate;
- v. three (3) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 27 per cent of the MFN applied rate;
- vi. four (4) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 23 per cent of the MFN applied rate;
- vii. five (5) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 18 per cent of the MFN applied rate;
- viii. six (6) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 14 per cent of the MFN applied rate;
- ix. seven (7) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 9 per cent of the MFN applied rate;
- x. eight (8) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each

customs duty shall be further reduced to 5 per cent of the MFN applied rate; and

xi. nine (9) years after 1 January following the date referred to in paragraph 2 of this ANNEX, the remaining customs duties shall be eliminated.

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity for the remainder of that year shall be 57 156 metric tons reduced by the quantity imported under the TRQs provided for under the TDCA and this Agreement from 1 January of that calendar year until the date referred to in paragraph 2 of this ANNEX.

(k) [tropical canned fruit] The aggregate quantity of originating goods in staging category "0\*" that shall be permitted to enter each calendar year at a customs duty of 50% of the MFN applied rate, with effect from the date referred to in paragraph 1 of this ANNEX, is specified below:

Year	Quantity (metric tons)
2015	2 900
2016	2 960
2017	3 020
2018	3 080
2019	3 140
2020	3 200

After 2020, the TRQ shall increase by 60 metric tons annually.

With effect from the date referred to in paragraph 2 of this ANNEX, customs duties for goods falling under EU CN code 2007.99.50 of this staging category shall be eliminated and the importation of such goods shall no longer be subject to the conditions of the TRQ or be counted towards quota fill.

(l) [frozen orange juice] The aggregate quantity of originating goods in staging category "P\*" that shall be permitted to enter each calendar year at a customs duty of 50% of the MFN applied rate, with effect from the date referred to in paragraph 1 of this ANNEX, is specified below:

Year	Quantity (metric tons)
	,
2015	1 015
2016	1 036
2017	1 057
2018	1 078
2019	1 099
2020	1 120

After 2020, the TRQ quantity shall increase by 21 metric tons annually.

With effect from the date referred to in paragraph 2 of this ANNEX, customs duties on originating goods imported within this TRQ shall be eliminated.

(m) [apple juice and pineapple juice] The aggregate quantity of originating goods in staging category "Q\*" that shall be permitted to enter each calendar year at a customs duty of 50% of the MFN applied rate, from the date referred to in paragraph 1 of this ANNEX until the date referred to in paragraph 2 of this ANNEX, is specified below:

Year	Quantity
	(metric tons)
2015	7 250
2016	7 400
2017	7 550
2018	7 700
2019	7 850
2020	8 000

After 2020, the in-quota quantity shall increase by 150 metric tons annually.

With effect from the date referred to in paragraph 2 of this ANNEX:

- the customs duties and TRQs for goods falling under EU CN 2009.41.92 (excluding goods of a value not exceeding 30 EUR per 100 kg net weight) and EU CN 2009.49.30 of this staging category shall be eliminated; and
- the aggregate quantity of originating goods for the remaining goods under this staging category that shall be permitted to enter each calendar year at a customs duty of 50% of the MFN applied rate shall be 47% of the aggregate quantity listed in the table above corresponding to the year of the date referred to in paragraph 2 of this ANNEX.

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity for the remainder of that year shall be 47% of the aggregate quantity listed in the table above corresponding to the year of the date referred to in paragraph 2 of this ANNEX, reduced by the quantity of these remaining goods imported under the TRQs provided for under the TDCA and this Agreement from 1 January of that calendar year until the date referred to in paragraph 2 of this ANNEX.

For each calendar year thereafter, the in-quota quantity of the TRQ shall increase annually by 70.5 metric tons, except for the period of ten (10) calendar years beginning from the calendar year following the date referred to in paragraph 2 of this ANNEX, during which period the in-quota quantity of the TRQ shall increase annually by an additional 46.5 metric tons, resulting in an annual increase of 117.0 metric tons.

(n) [active yeast] The aggregate quantity of originating goods in staging category "R\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

Quantity (metric tons) If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced *pro rata* to the remaining number of days of that calendar year.

# (o) [wine]

### 1. The liberalised wines

Customs duties on originating goods provided for in the items in staging categories "S" and "S\*" that:

- (i) have an actual alcoholic strength by volume exceeding 18 %; or
- (ii) have an actual alcoholic strength by volume not exceeding 13 % that are other than white and other than in containers of 2 litres or less,

shall be eliminated and such goods shall be permitted to enter duty-free, with effect from the date referred to in paragraph 1 of this ANNEX.

### 2. The TDCA TRQ

The aggregate quantity of originating goods, other than the liberalised wines, in staging category "S" for which the actual alcoholic strength by volume does not exceed 15 % that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 1 of this ANNEX until the date referred to in paragraph 2 of this ANNEX, is specified below:

Year	Quantity (litres)
2015	49 067 000
2016	50 126 000

2017	51 185 000
2018	52 244 000
2019	53 303 000
2020	54 362 000

After 2020, the in-quota quantity shall increase annually by 1 059 000 litres.

# 3. The TRQ applicable after the date referred to in paragraph 2 of this ANNEX

The aggregate quantity of originating goods, other than the liberalised wines, in staging categories "S" and "S\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

Year	Wine Quota A:	Wine Quota B:				
	Quantity of wine in containers of	Quantity of wine in any				
	less than or equal to 2 litres	volume of container				
	(litres)	(litres)				
1	77 000 000	33 000 000				
2	77 741 300	33 317 700				
3	78 482 600	33 635 400				
4	79 223 900	33 953 100				
5	79 965 200	34 270 800				

Each calendar year thereafter, the TRQ shall increase annually by 741 300 litres for product in Wine Quota A, and by 317 700 litres for product in Wine Quota B.

From 1 September of each year, products in any volume of container may be imported under Wine Quota A for the remainder of the calendar year.

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the combined quantity of wine quota A and wine quota B for the remainder of that year shall be the sum of:

(a) The quantity of the TDCA TRQ in that calendar year reduced by the quantity imported under quota prior

to the date referred to in paragraph 2 of this ANNEX; and

(b) 110 million litres, reduced by the quantity of the TDCA TRQ in that calendar year, the resulting difference of which is reduced pro rata to the remaining number of days of that calendar year.

If the date referred to in paragraph 2 of this ANNEX is before 31 August of that calendar year, the quantity of the above TRQs shall be split between Wine Quota A and Wine Quota B at the same percentage as indicated in the table above for year 1 (70:30) until 31 August of that year. From 1 September of that year, products in any volume of container may be imported under Wine Quota A for the remainder of that year.

Without prejudice to paragraph 11 of this ANNEX, both the quantities allocated to Wine Quota A and Wine Quota B as well as the date on which any volume of container may be imported under Wine Quota A may be reviewed.

(p) *[ethanol]* The aggregate quantity of originating goods in staging category "T\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

Quantity (metric tons) 80 000

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced *pro rata* to the remaining number of days of that calendar year.

#### **PART II**

# TARIFF SCHEDULE OF THE EU Relation to the Combined Nomenclature (CN) of the European Community

The provisions of this Schedule are generally expressed in terms of the CN, and the interpretation of the provisions of this Schedule, including the product coverage of subheadings of this Schedule, shall be governed by the General Notes, Section Notes, and Chapter Notes of the CN. To the extent that provisions of this Schedule are identical to the corresponding provisions of the CN, the provisions of this Schedule shall have the same meaning as the corresponding provisions of the CN.

[EU schedule - with its Appendix - to be attached here]

### **PART III**

TREATMENT OF PRODUCTS OF TARIFF HEADING 1701 ORIGINATING IN BOTSWANA, LESOTHO, MOZAMBIQUE, NAMIBIA AND SWAZILAND

- 1. For the purpose of the application of the provisions of Article 34, disturbances in the markets of products of tariff heading 1701 may be deemed to arise in situations where the EU market price of white sugar falls during two consecutive months below 80 per cent of the EU market price for white sugar prevailing during the previous marketing year.
- 2. Article 24 paragraph 1 shall not apply to products of tariff heading 1701 originating in Botswana, Lesotho, Mozambique, Namibia and Swaziland and released for free circulation in the French overseas departments. This provision shall be applicable for a period of ten (10) years, with effect from the date referred to in paragraph 1 of Part I of this ANNEX. This period shall be extended for a further period of ten (10) years unless the Parties agree otherwise.

#### ANNEX II

### CUSTOMS DUTIES OF SACU ON PRODUCTS ORIGINATING IN THE EU

#### PART I

#### GENERAL NOTES

- 1. Where a staging category is denoted by a letter, the concession or part of the concession as described in this ANNEX shall apply from the date of entry into force of this Agreement within the meaning of Article 113(2) or the relevant date of provisional application of this Agreement within the meaning of Article 113(4), whichever is the earlier, for goods originating in the EU and presented for customs clearance in, respectively, Botswana, Lesotho, Namibia, South Africa and Swaziland.
- 2. Where a staging category denoted by a letter is additionally denoted by an asterisk ("\*"), the concession or part of the concession as described in this ANNEX shall apply from the date on which both conditions set out in Article 113 (5) and (6) have been met, for goods originating in the EU and presented for customs clearance in, respectively, Botswana, Lesotho, Namibia, South Africa and Swaziland.
- 3. Where the column of the Schedule in PART II entitled "Staging category" lists a customs duty instead of a staging category denoted by a letter, that duty as described in this ANNEX shall apply from the date referred to in paragraph 1.
- 4. Generic references to a category of goods in square brackets in Sections A and B only serve an indicative purpose. The product scope of each staging category is set out in the Schedule in PART II.
- 5. In addition to the requirements of Article 23(5), at the date of entry into force of this Agreement, South Africa shall notify to the European Commission its list of duties applied, on the day before the entry into force of this Agreement, to goods originating in the EU and listed as staging categories "B\*" and "C\*". After notification, as provided for in this paragraph, South Africa and SACU shall make public such list according to their own internal procedures and within one month after the notification. The Trade

and Development Committee shall, at its first meeting after notification and publication, adopt such list communicated by South Africa.

# SECTION A ELIMINATION OR REDUCTION OF CUSTOMS DUTIES

- 6. The following staging categories shall apply to the elimination of customs duties by SACU pursuant to Article 25(1):
  - (a) customs duties on originating goods listed as staging category "A" in the SACU Schedule shall be eliminated on the date referred to in paragraph 1 of this ANNEX;
  - (b) customs duties on originating goods listed as staging category "A\*" in the SACU Schedule shall be eliminated on the date referred to in paragraph 2 of this ANNEX;
  - (c) [fish] customs duties on originating goods listed as staging category "B\*" in the SACU Schedule shall be gradually eliminated in accordance with the following provisions:
    - on the date referred to in paragraph 2 of this ANNEX, each customs duty shall be reduced to 83 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
    - ii. on 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 67 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
    - iii. one year after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 50 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;

- iv. two (2) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 33 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
- v. three (3) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 17 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
- vi. four (4) years after 1 January following the date referred to in paragraph 2 of this ANNEX, the remaining customs duties shall be eliminated.
- (d) Customs duties on originating goods listed as staging category "C\*" in the SACU Schedule shall be gradually eliminated in accordance with the following provisions:
  - on the date referred to in paragraph 2 of this ANNEX, each customs duty shall be reduced to 90 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
  - ii. on 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 80 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
  - iii. one year after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 70 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
  - iv. two (2) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 60 per cent of the South African

- customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
- v. three (3) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 50 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
- vi. four (4) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 40 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
- vii. five (5) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 30 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
- viii. six (6) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 20 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement;
  - ix. seven (7) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 10 per cent of the South African customs duty applied to goods originating in the EU on the day before the entry into force of this Agreement; and
  - x. eight (8) years after 1 January following the date referred to in paragraph 2 of this ANNEX, the remaining customs duties shall be eliminated.
- 7. The following staging categories shall apply to the reduction of customs duties by SACU pursuant to Article 25(1):

- (a) customs duties on originating goods provided for in the items in staging category "AUTO18" in the SACU Schedule shall be 18 per cent ad valorem, on the date referred to in paragraph 1 of this ANNEX. It is understood that if the SACU MFN duties on products in this staging category originating in the EU were to be applied below 25 per cent, the matter will be revised;
- (b) customs duties on originating goods provided for in the items in staging category "PM5" in the SACU Schedule shall, on originating goods from the EU, provide a 5 percentage point preference margin compared to the MFN applied rate, on the date referred to in paragraph 1 of this ANNEX;
- (c) customs duties on originating goods provided for in the items in staging category "PM40" in the SACU Schedule shall be those resulting from the progressive reduction that has taken place in line with the schedule below, on the date referred to in paragraph 1 of this ANNEX.

	Year	Year	Year	Year								
	1	2	3	4	5	6	7	8	9	10	11	12
	2000											
Textiles –	40	37	34	31	29	26	23	20	(1)			
clothing												
Textiles –	22	20	19	17	15	13	12	10	(1)			
fabrics												
Textiles-	35	32	29	26	24	21	18	15	(1)			
household												
Textiles -	17	15	14	12	10	8	7	5	(1)			
yarns									, in the second second			

- (1) In the period from year 8 to year 12, SACU would provide EU exports with a preference margin of 40 per cent compared to MFN applied tariffs.
- 8. Customs duties on originating goods provided for in the items in staging category "X" in the SACU Schedule shall be excluded from tariff reduction commitments.

# SECTION B TARIFF RATE QUOTAS (TRQS) FOR SPECIFIC GOODS

- 9. The TRQs granted by SACU under this Agreement shall be managed in accordance with the following provisions:
  - (a) the TRQ shall be managed on a first-come, first-served basis for SACU as a whole, once SACU puts into place a customs management system to enable such TRQ management;
  - (b) pending the establishment of a TRQ management system at the level of SACU, the following arrangements shall apply:
    - the TRQs shall be allocated amongst SACU States based on the historical trade as specified under each TRQ;
    - ii. the TRQs shall be managed on a first-come, first-served basis, except for Namibia; and
    - iii. on 1 September each year, any unused TRQ in a country allocation shall be made available for imports into any other member of SACU.
- 10. The TRQ that was applied to imports into South Africa of products originating in the EU under the TDCA that is granted under this Agreement under the same conditions, shall apply from the date referred to in paragraph 1 of this ANNEX. If the date referred to in paragraph 1 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the quantity of product imported into South Africa under the TDCA TRQ from 1 January of the year of the date referred to in paragraph 1 of this ANNEX until that date shall be subtracted from the quantity of product that may be imported into South Africa under the corresponding TRQ provided for under this Agreement.
- 11. Customs duties on goods entered in excess of the quantities listed in this Section, although not designated as such in the SACU Schedule, shall be treated in accordance with staging category "X" as described in paragraph 8 of Section A.

- 12. Notwithstanding Article 116, the Parties, at the request of either Party, shall review the administration of the TRQs, including with regard to their effectiveness in ensuring quota fill. The Parties may make recommendations to adjust the operation of the TRQs in the light of this review.
- 13. The following staging categories shall apply to TRQs granted by SACU pursuant to Article 25(1):
  - (a) [wheat and meslin] the aggregate quantity of originating goods in staging category "D\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

Quantity 300 000 metric tons

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced *pro rata* to the remaining number of days of that calendar year.

Products under this TRQ may only be imported through the ports of Walvis Bay in Namibia, and Durban and Richards Bay in South Africa.

Products imported under this TRQ and destined for final consumption in South Africa shall only be allowed to enter from 1 February to 31 October.

Products imported under this TRQ and destined for final consumption in Namibia shall only be allowed to enter from 1 March to 30 November.

(b) [barley] the aggregate quantity of originating goods in staging category "E\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

# Quantity 10 000 metric tons

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced pro rata to the remaining number of days of that calendar year.

(c) [cheese] the aggregate quantity of originating goods in staging category "F\*" that shall be permitted to enter each calendar year into South Africa duty-free, with effect from the date referred to in paragraph 1 of this ANNEX, is specified below:

<u>Year</u>	Quantity	(metric tons)
		,

2015 7 250 2016 7 400

After 2016, the quantity shall increase by 150 metric tons per annum.

By way of exception, with effect from the date referred to in paragraph 1 of this ANNEX until the date referred to in paragraph 2 of this ANNEX, goods subject to this TRQ classified under tariff lines 04061000, 04062000, 04064000 and 04069099 shall be permitted to enter into South Africa at an in-quota duty of 50 per cent of the MFN applied rate.

With effect from the date referred to in paragraph 2 of this ANNEX, the aggregate quantity, as specified in this paragraph, of originating goods in this staging category, shall be permitted to enter each calendar year into SACU duty-free.

(d) [pig fat] the aggregate quantity of originating goods in staging category "G\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

# Quantity

200 metric tons

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced pro rata to the remaining number of days of that calendar year.

(e) [cereal based food preparations] the aggregate quantity of originating goods in staging category "H\*" that shall be permitted to enter each calendar year at a customs duty of 25 per cent of the MFN applied rate, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

# Quantity

2 300 metric tons

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced pro rata to the remaining number of days of that calendar year.

This TRQ is only applicable to products imported in packaging of 5kg or more.

Originating goods in staging category "H\*" shall only be sold for use in a manufacturing process. The manufacturing enterprise shall be identified on the commercial documents by the consignee or the purchaser in SACU.

(f) [pork] he aggregate quantity of originating goods in staging category "I\*" that shall be permitted to enter each calendar year, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

# Quantity

### 1 500 metric tons

This aggregate quantity shall be permitted to enter each calendar year at a customs duty set in accordance with the following provisions:

- i. on the date referred to in paragraph 2 of this ANNEX, each customs duty shall be reduced to 87.5 per cent of the MFN applied rate;
- ii. on 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 75 per cent of the MFN applied rate;
- iii. one year after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 62.5 per cent of the MFN applied rate;
- iv. two (2) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 50 per cent of the MFN applied rate;
- v. three (3) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 37.5 per cent of the MFN applied rate; and
- vi. four (4) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 25 per cent of the MFN applied rate.

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced pro rata to the remaining number of days of that calendar year.

(g) [butter and other dairy fats] the aggregate quantity of originating goods in staging category "J\*" that shall be permitted to enter each calendar year, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

# Quantity 500 metric tons

This aggregate quantity shall be permitted to enter each calendar year at a customs duty set in accordance with the following provisions:

- i. on the date referred to in paragraph 2 of this ANNEX, each customs duty shall be reduced to 87.5 per cent of the MFN applied rate;
- ii. on 1 January following the date referred to in paragraph2 of this ANNEX, each customs duty shall be further reduced to 75 per cent of the MFN applied rate;
- iii. one year after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 62.5 per cent of the MFN applied rate;
- iv. two (2) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 50 per cent of the MFN applied rate;
- v. three (3) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 37.5 per cent of the MFN applied rate; and
- vi. four (4) years after 1 January following the date referred to in paragraph 2 of this ANNEX, each customs duty shall be further reduced to 25 per cent of the MFN applied rate.

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31

December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced pro rata to the remaining number of days of that calendar year.

(h) [ice cream] the aggregate quantity of originating goods in staging category "K\*" that shall be permitted to enter each calendar year at a customs duty of 50 per cent of the MFN applied rate, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

# **Quantity**

150 metric tons

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced pro rata to the remaining number of days of that calendar year.

(i) [mortadella bologna] the aggregate quantity of originating goods in staging category "L\*" that shall be permitted to enter each calendar year duty-free, with effect from the date referred to in paragraph 2 of this ANNEX, is specified below:

# **Quantity**

100 metric tons

If the date referred to in paragraph 2 of this ANNEX corresponds to a date after 1 January and before 31 December of the same calendar year, the TRQ quantity, which shall be applicable for the remainder of that calendar year, shall be reduced pro rata to the remaining number of days of that calendar year.

Products under this TRQ shall be accompanied by a certificate, in English or with an official translation into English, attesting that the product is in conformity with the specification of the geographical indication "mortadella"

bologna," made with natural casing, and is imported from and originates from Italy.

### **PART II**

### TARIFF SCHEDULE OF SACU

### Relation to the common nomenclature of SACU

The provisions of this Schedule are generally expressed in terms of the common nomenclature of SACU as contained in the customs and excise tariff, and the interpretation of the provisions of this Schedule, including the product coverage of subheadings of this Schedule, shall be governed by the Rules of Interpretation, Section Notes, Chapter Notes and Subheading Notes of the common nomenclature of SACU. To the extent that provisions of this Schedule are identical to the corresponding provisions of the common nomenclature of SACU, the provisions of this Schedule shall have the same meaning as the corresponding provisions of the common nomenclature of SACU.

#### ANNEX III

# CUSTOMS DUTIES OF MOZAMBIQUE ON PRODUCTS ORIGINATING IN THE EU

### **PART I**

### GENERAL NOTES

1. The concession as described in this ANNEX shall apply from the date of entry into force of this Agreement within the meaning of Article 113(2) or the relevant date of provisional application of this Agreement within the meaning of 113(4), whichever is the earlier, for goods originating in the EU and presented for customs clearance in Mozambique.

# SECTION A ELIMINATION OF CUSTOMS DUTIES

- 2. The following staging categories apply to the elimination of customs duties by Mozambique pursuant to Article 25(2):
  - (a) customs duties on originating goods listed as staging category "A" in the Mozambique's Schedule shall be eliminated, on the date referred to in paragraph 1 of this ANNEX.
  - (b) customs duties on originating goods listed as staging category "B" (B1, B21 and B22) in Mozambique's Schedule shall be gradually eliminated, five (5) years after the date referred to in paragraph 1 of this ANNEX, in accordance with the following provisions:
    - i) Category "B1"
    - two (2) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be reduced to 75 per cent of the basic duty;
    - three (3) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 50 per cent of the basic duty;

- four (4) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 25 per cent of the basic duty; and
- five (5) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be eliminated.

### ii) Category "B21"

- two (2) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be reduced to 66.6 per cent of the basic duty;
- four (4) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 33.3 per cent of the basic duty; and
- five (5) years after date referred to in paragraph 1 of this ANNEX, customs duties shall be eliminated.

## iii) Category "B22"

- three (3) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be reduced to 50 per cent of the basic duty;
- four (4) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 40 per cent of the basic duty; and
- five (5) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be eliminated.
- (c) customs duties on originating goods listed as category "C" (C1, C21, C22 and C23) in Mozambique's Schedule shall be gradually eliminated, ten (10) years after the date referred to in paragraph 1 of this ANNEX, in accordance with the following provisions:
  - i) Category "C1"

- six (6) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be reduced to 75 per cent of the basic duty;
- seven (7) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 50 per cent of the basic duty;
- eight (8) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 25 per cent of the basic duty;
- nine (9) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 12.5 per cent of the basic duty; and
- ten (10) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be eliminated.
- ii) Category "C21"
- six (6) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be reduced to 66.6 per cent of the basic duty;
- eight (8) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 33.3 per cent of the basic duty;
- nine (9) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 13.3 per cent of the basic duty; and
- ten (10) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be eliminated.
- iii) Category "C22"
- seven (7) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be reduced to 50 per cent of the basic duty;

- eight (8) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 20 per cent of the basic duty; and
- ten (10) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be eliminated.

## iv) Category "C23"

- seven (7) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be reduced to 80 per cent of the basic duty;
- eight (8) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be further reduced to 40 per cent of the basic duty; and
- ten (10) years after the date referred to in paragraph 1 of this ANNEX, customs duties shall be eliminated.
- (d) customs duties on originating goods not listed in the Mozambique Party's schedule shall be excluded from tariff reduction commitments.
